DESCRIPTIONS

Superb or Extremely Fine—the finest condition for noteworthy, outstanding copies. Very Fine (VF)—means that there is a slight deviation from the above.

Fine (F)—means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG)—means that the appearance is generally fine but that the perforations cut the design slightly.

ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

E. I	up to \$10.00	E. VIII	\$100.00 to \$150.00
E. II	\$10.00 to \$20.00	E. IX	\$150.00 to \$200.00
E. III	\$20.00 to \$30.00	E. X	\$200.00 to \$250.00
E. IV	\$30.00 to \$40.00	E. XI	\$250.00 to \$350.00
E.V	\$40.00 to \$50.00	E. XII	\$350.00 to \$500.00
E. VI	\$50.00 to \$75.00	E. XIII	\$500.00 to \$750.00
E. VII	\$75.00 to \$100.00	E. XIV	\$750.00 to \$1000.00

The Philip Little, Jr. Collection of

UNITED STATES REVENUE STAMPS

The catalogue herewith offers our clients the most comprehensive collection of these stamps ever sold at auction.

Mr. Little was an ardent collector of the strikingly beautiful fiscal stamps of our country for many years. During that time he not only amassed a fine showing of rarities and unusual pieces, but also gathered numerous special studies of platings and cancellations.

A brief survey of each session will give some idea of the wealth of material offered herein.

Never before has an entire session been devoted to **Revenue Essays** and **Proofs**, as does the First Session of this sale on February 13, 1962. Many of the pieces are excessively rare if not unique, and the lovely arms design essayed for the Second Issue is present in strips and blocks. The Proofs in Trial and Issued colors are the greatest range ever offered at one time and afford an unrivalled opportunity for collectors to acquire these beautiful and colorful items. Among the rarities in this group are the Second Issue \$200 and \$500, and of course the notable \$5000 in Green, orange and black.

The Second Session is devoted entirely to the classics of United States Revenues, the First and Second Issues. Here is a wealth of material for every collector of these stamps. The rarities include First Issue Imperforate pairs of the 3c Playing Cards, 50c Surety Bond, \$10.00 Charter Party and the \$200 U.S. Inter. Revenue. There are besides numerous multiple pieces of other imperforates, a number of which are the largest of their kind. The Part Perforates, and Perforated stamps include such a range of material that it is difficult to single out anything in particular, but in addition to the usual pieces, there are many studies of plating, cancellations, papers, shades, and so on.

The **Second Issue** is replete with **Inverted Centers**, there being the 1c, 2c, 5c, 50c and \$1.00 values, and among the normals are two of the multi-colored \$200, and two of the gorgeous \$500 "Persian Rugs."

The Third Session opens with a fine range of the Third Issue, there being an Inverted Center \$1. Green & Black, and continues through the remaining groups of Revenues. The 1898 includes the 2c "I. R." on back, the "Ocumentary" errors, and the \$50 1914 in a used block of eight, the largest known! The Dated Issues of 1940–1957 are well represented, denominations up to \$10,000 being present.

The Proprietaries of course begin with the Green & Black stamps of 1871-75, and include no less than a pair of the 50c, a \$1.00 and two of the spectacular \$5.00. The next series includes three of the 5c Black, Rouletted. The Battleships include many of the elusive perforation varieties, while the 1914 issue has the equally elusive 43%c Single Line watermark. The Future Deliveries are well represented, and in the Stock Transfer Issues there is a grand range of the 1942-1952 series including many rare singles and multiples. In the Wines there is the remarkable pair of the "\$1.604% Dolllars" one without denomination. The Playing Card group is very strong, the rare varieties being well represented.

The remaining adhesives include the Silver Tax Issues, Tobacco Sales Tax, Motor Vehicles, Firearms, including the \$200 Blue, and other fine collections of revenue specialities.

The final section of the sale is a remarkable showing of Embossed Revenue Stamped Paper, including a **2s6p British America**, the so-called "Tea Party" stamp, on blue paper.

This necessarily condensed summary should convince the reader that if there is anything in the realm of Revenues he desires it will be found in this sale.

ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

E. I	up to S	\$10.00	E. VIII	\$100.00 to \$150.00

IS YOUR COLLECTION FOR SALE?

REALIZE IMMEDIATE CASH PLUS THE ADDED ADVANTAGE OF SELLING THROUGH OUR AUCTIONS

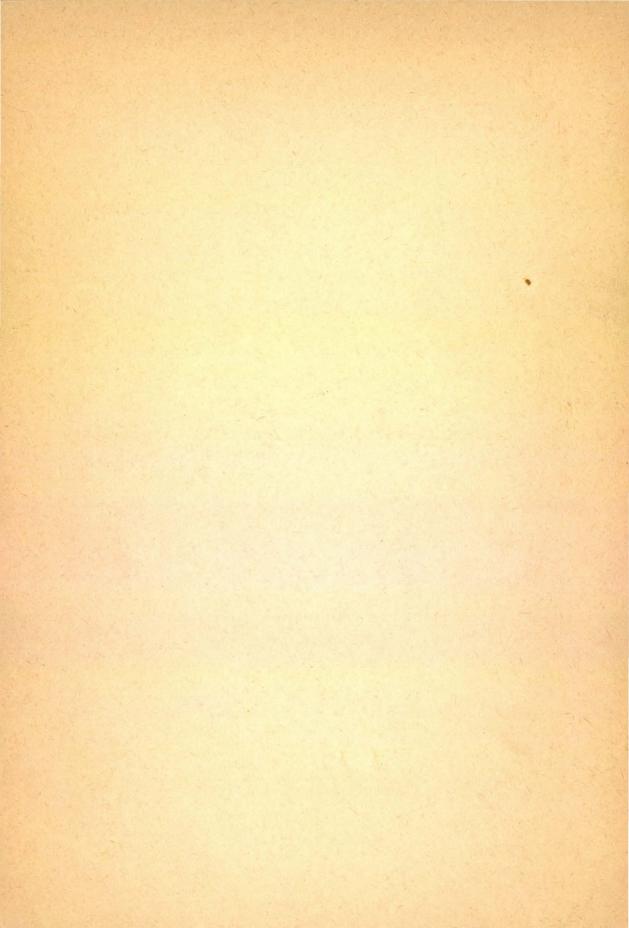

We will advance immediate cash up to 75% of our appraisal value, of what your collection should realize at auction.

Your collection will then be sold in one of our coming auction sales. All stamps are expertly and advantageously lotted in attractive, well illustrated catalogs. Lotting is meticulously planned under our personal supervision. Commission is 20% of the gross realization. Final settlement is made within five weeks after the sale. We have been continuously conducting stamp auctions in the United States for over thirty years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from \$500 upwards. Send all stamps direct for appraisal. Auction advance will be remitted within 48 hours following receipt. If not entirely pleased, stamps will be returned at our expense. If circumstances warrant due to bulk or value, we will travel anywhere to inspect important estates.
