DESCRIPTIONS

Superb or Extremely Fine—the finest condition for noteworthy, outstanding copies.

Very Fine (VF)—means that there is a slight deviation from the above.

Fine (F)—means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG)—means that the appearance is generally fine but that the perforations cut the design slightly.

Good (G)—means average off-centering; or fairly attractive with slight defects. Original gum is not to be expected on 19th Century stamps up to 1888 unless so stated.

Scott 1963 Specialized United States Catalogue is used for cataloguing our lots of United States and Scott's Standard Catalogue, 1963 for others.

USED BLOCK COLLECTION OF THE WORLD

The following section constitutes the collection of used blocks of the world formed by the late P. A. Brown of Minneapolis. Totalling in all, over 37,000 different blocks, it is one of the largest such collections ever formed in this country. In general, condition is well above average with mostly Fine-Very Fine blocks. Cancelled-to-order blocks are notable by their absence, as Mr. Brown had a distinct aversion to this type of material.

Nothing has been removed for individual sale, the better items and cancellations of interest to the specialist have been left in the country lots.

This is a unique opportunity to acquire seldom available philatelic material from an unusual collection which the late owner spent nearly fifty years in forming. The catalogue totals listed below are in the most cases several years old and the present catalogue value should be higher on most lots, also consideration should be given to the fact that used blocks are in many cases much scarcer than the price of four singles.

LOTS ON VIEW FROM SEPTEMBER 10th

OFFICE OPEN SATURDAY, SEPTEMBER 21st

IS YOUR COLLECTION FOR SALE?

**REALIZE IMMEDIATE CASH
PLUS THE ADDED ADVANTAGE OF
SELLING THROUGH OUR AUCTIONS**

We will advance immediate cash up to 75% of our appraisal value, of what your collection should realize at auction. There is no interest charge.

Your collection will then be sold in one of our coming auction sales. All stamps are expertly and advantageously lotted in attractive, well illustrated catalogs. Lotting is meticulously planned under our personal supervision. Commission is 20% of the gross realization, with no other charges. Final settlement is made within five weeks after the sale. We have been continuously conducting stamp auctions in the United States for over thirty-two years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from \$500 upwards. Send all stamps direct for appraisal. Auction advance will be remitted within 48 hours following receipt. If not entirely pleased, stamps will be returned at our expense. If circumstances warrant due to bulk or value, we will travel anywhere to inspect important properties.
