# THE JOSIAH K. LILLY COLLECTION

## Part VII

### United States — 19th and 20th Century Issues

As each portion of the Lilly Collection has come up for sale, our enthusiasm has been fired by the large number of rare and unusual stamps which the late owner had succeeded in acquiring. Many of these magnificent items are of such great rarity that only when a collection of such high caliber is dispersed is there the opportunity to compete for these gems. This section contains an even larger proportion of such items than previous sessions with no fewer than thirty absolutely unique pieces.

Mr. Lilly was particularly fond of multiple pieces and, as a consequence, we are pleased to offer, among the balance of the United States adhesive postage stamps, a more impressive group of blocks and large multiple pieces than will be seen again for many years to come.

It is most fitting that the sale opens with a major item of importance to serious U. S. collectors, a sheet margin block of eight of the 5c 1847, two stamps being the "Dot in S" variety. An extremely fine pair of the 10c, quite rare in unused condition, is a companion piece.

In the 1851 issue we note a block of eight of the 1c Type II, Plate III, the largest known, a block of the 3c orange brown, a huge margin single of the 10c Type I, a similarly margined 10c Type IV and a block of nine of the 12c with sheet margin at top. In the 1857's we find a block of six (3 x 2) of the 1c which contains a pair of Type I and the balance Type II. Then comes a remarkable block of the 1c deep blue showing Types III and IIIa with a pair of Type Ia at the bottom. Following this is the unique block of nine of the 1c Type II which includes the extremely rare Type III stamp 99R2. Another outstanding block of the 1c contains three Type III's and a IIIa. Here, too, are a 5c red brown Type I block of six, a 10c green block of six containing Types I and III and a block containing Types II, III and IV. The 30c, in the largest known unused block of twenty-one stamps, and a block of the 90c round out this issue.

The "August" issue is well represented and includes such rarities as a block of the 10c and singles of the 24c, 30c and 90c, the latter two among the rarest of U. S. issues. The 1861 issue offers blocks of the 3c pink, 3c lake and the 24c steel blue which is uncatalogued as a block.

The grilled issues of 1867 contain many scarce stamps, among them blocks of the 3c "A" grill, 2c Black Jack "D" grill, 3c rose "D" grill and a 3c rose "Z" grill. The "F" grills are almost complete in blocks of four, including a 5c, 24c, 30c and 90c.

Multiples of the 1861-1866 Re-issues are first order rarities and amazingly enough, we find here the unique set from the 1c to the 30c (Sc. 102-110) in blocks. In the 1869 issue is a most unusual block of the 30c without grill and the extremely rare block of the 90c. A block of the 15c 1869 Re-issue, the only one known, is also present.

The Banknote issues are extremely well represented in multiples of most of the stamps of the various issues. A 90c carmine National (Sc. 155) is one of the highlights. Passing over scores of desirable items, we pause at the Columbian issue which includes a breathtaking set of imprint plate number blocks of six of the dollar values. Again, without forgetting the Trans-Mississippi \$1 and \$2 blocks which are also here, we skip to the 1901 Pan-American issue. The inverts of this issue are among the most sought after rarities. Here we find a single and a block of four of the 1c, an extremely fine copy of the 2c, and a magnificent block of the 4c, as well as two copies of the 4c "Specimen".

In the 1902 issue, we offer the 4c brown Schermak Type III in a horizontal strip of five, the largest known multiple of this rare stamp. The set of four plate number blocks of the 5c imperforates and the rare 2c carmine imperforate horizontally (Sc. 319z) and a center line block of the 2c lake (Sc. 320a) will interest collectors.

An imperforate horizontal block of the 2c Louisiana Purchase is a desirable variety which seldom appears on the market.

The bluish papers are complete in singles and blocks of all values, including matchless blocks of the rare 4c and 8c. In later issues, we note some of the outstanding 20th century rarities, an imperforate block of 12 containing a double 5c red error (Sc. 485) a stamp of growing scarcity. Here too is a block of the 2c von Steuben imperforate and the famous unique block of 36 of the 2c Red Cross issue with the cross omitted. Two position blocks of the 2c Yorktown imperforate vertically, each a unique item, are outstanding.

Last, but not least, is the unique corner block of the 1918 24c air post with inverted centers, a piece that will unquestionably be the high spot of any collection in which it will appear.

There are, in addition, many hundreds of single stamps and blocks including a wonderful offering of rare Postage Dues and Newspaper Stamps to gratify the wants of collectors seeking to fill spaces long empty because the stamps are so infrequently offered. Here is the opportunity.

## ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

# THE JOSIAH K. LILLY COLLECTION

## Part VI

### European Countries and Their Colonies

We are constantly amazed at the great variety of rare and unusual stamps acquired by Mr. Lilly during his stamp collecting career. The section of the Lilly Collection which we now offer is characteristic.

This sale features some of the outstanding classic stamps of Austria, Lombardy-Venetia, Greece, Romania, Russia and Spain, as well as Italy and the Italian States. It will provoke considerable interest among the cognoscenti who appreciate such stamps for their great attractiveness and rarity. In addition, there are many scarce modern stamps, such as those of Czechoslovakia and the Italian Colonies.

Austria offers such showpiece items as a block of 16 of the 1850 2kr, a block of ten of the 3kr and a block of 16 of the 9kr Type II. The Mercury Newspaper Tax stamps are all here, the Yellow, the Rose and most important, the Scarlet, an extremely fine copy. The modern Austrian issues feature such rarities as the inverted centers on the 2k, 4k and 20k Parliament issue. Lombardy-Venetia offers a fine array including the 1850 15c pale red in a block of 20, one of the largest known, and a block of the 30c brown, a rare multiple.

Czechoslovakia's World War I agonies created the rare Semi-Postal issues of 1919 and offered here are a copy of the scarce 2k dark blue, 2h carmine (Sc. B40) and the 2f dark brown plus many of the other varieties.

A very fine lot of Greek Hermes heads in blocks of four, will provide interest among the many collectors of these popular issues.

One of the most unusual lots in this sale is a collection of first issues of Turkey, which is offered as one lot.

Romania, which follows, includes three "Ox-heads," stamps of legendary fame, the 108pa blue, the 81pa blue and the 80pa red.

Seldom seen because of their great rarity are blocks of Russia's second issue of 1858, the 10k, 20k and 30k. Only one other block of each of the two latter values is believed to exist.

Spain provides several remarkable stamps, the 1851 2r red, the 1852 2r pale red and the 3c bronze of 1853. A lovely block of six of the 1854 2c green will appeal to many.

Italy offers in the 1863-1877 issues such desirable stamps as the 10c blue, 40c carmine and the 20c orange. Modern Italian issues include the great airmail rarities: the seven star Trans-Atlantic Flight, two copies of the Balbo Triptych without the overprint, the "Volo Di Ritorno" and a block and a single of each of the two Air Officials.

The Italian States issues will excite many. A 25c 1852 Parma is to be found here as is a 50b 1852 Roman States. Some outstanding Tuscany items include the unique strip of three of the 1851 2s scarlet, a remarkable piece, a very rare strip of three of the 9cr deep violet, and the fabulous and unique strip of three of the 60cr red on blue. A very fine copy of the 1857 1s and the 1859 9cr, a spectacular block of 18 of the 1860 10c gray brown and last but not least, a lovely copy of the 3L ochre round out this State. Two Sicilies, which follows, contains a ½t blue Cross of Savoy in a deep rich color, the only known vertical pair of the ½t blue (the two other known pairs being horizontal) and an extremely fine copy of the 1gr dark brown.

The Italian Colonies include the Servizio Di Stato airs of the four issuing colonies.

A fine group of stamps and sets is found in the San Marino collection, including very fine copies of the 1895 1L light blue and the 1903 2L violet. The scarce set of Vatican 1934 Provisionals together with most of the other issues bring this section of the sale to a close.

As we stated in the earlier sale of European issues, this sale also will again provide collectors with an opportunity to secure items long missing from their collections, stamps which, although not rare, are nevertheless seldom found. In view of the upward trend of the classic market, the opportunities offered in this sale should not be missed.
