THE HENRY H. CLIFFORD COLLECTION

Western Postal History Covers

The Henry H. Clifford Collection of Western covers is one of the most significant holdings in this field ever put together. It was commenced approximately in 1936 and was continued until very recently. It comprises a remarkably interesting showing as will be seen from the catalogue and makes an important contribution to philatelic research in this area, so rich in Postal History. The collection has been on exhibition many times and has deservedly won numerous awards. This is certainly the most extensive offering of covers of the various Express operators ever to be offered at a single time, with covers present from almost every "Expressman" serving the Great West in the early days of its postal history.

Apart from their rarity and value, these old letters to and from the West in the thrilling "Days of '49" carry an aura of intimacy and warmth when one reads of "letters from home" and how much they meant to the "Argonauts" and their families. These letters provided the only link between East and West. Here will be found letters that traversed the continent by land, through untold hazards and hardships. There are those that went via the sea routes, breaking the voyage at Panama, Nicaragua or even Mexico in order to link the Atlantic and Pacific.

Here is a wonderful variety of covers of the Express companies, some being one-man operations only, who took the letters from the larger central offices and brought them directly to the miners, wherever they happened to be working. From these rough beginnings one is able to trace the development of the mail and express business from the great multiplicity of small carriers to the eventual nationwide operations of Wells, Fargo & Co.

A word about condition. Obviously it is futile to gauge condition by the same standards and criteria used for modern material. In a number of instances the Clifford covers of certain extremely rare franks are the finest examples known, despite obvious imperfections which would not be acceptable in more ordinary covers. But, as Mr. Clifford has realized, there is simply no choice and one must accept what is available, for better quality is unknown. His knowledge of relative quality and rarity has enabled him to amass a holding of remarkable interest and completeness. We feel greatly privileged to offer such an outstanding collection and are confident that interested collectors will realize this to be an unique opportunity to acquire some of the rarest Postal History covers in existence.

ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

E. I	up to \$10.00	E. VIII	\$100.00 to \$150.00
E. II	\$10.00 to \$20.00	E. IX	\$150.00 to \$200.00

WELLS, FARGO & CO.

Organized in 1852, originally for Express and Letter service between the East and California, this company soon became a dominant factor in the Express field. Through the absorption of numerous small competitive Express companies, Wells, Fargo and Co. grew rapidly and became the most important single organization in Banking & Express.

The Wells, Fargo & Co. Franks are found in a wide variety of types and for the sake of clarity and definitive identification we denote the Handstamped Franks by the type classifications in the recent publication "The Handstamps of Wells, Fargo & Co.", compiled by John F. Leutzinger, and the printed franks are classified according to the Thorp-Bartels "Century Edition" of the Postal Stationery Catalogue.

To avoid repetition of the company name, we commence our descriptions with "Handstamp" or "Printed Frank" as the case may be.

We shall also use the following abbreviations:

L-1-1 Leutzinger, Type 1-1

TB-A Thorp-Bartels, Type A

END OF SALE — THANK YOU

LOTS ON VIEW FROM JANUARY 16th
OFFICES OPEN SATURDAY BEFORE SALE

The lots in this sale will be on exhibition 9:00 A.M.-6:00 P.M. Friday, January 3rd, 1969 at the Sheraton Palace Hotel, San Francisco, California.

CONDITIONS OF SALE

1. The terms of sale are strictly cash to the highest bidder. All buyers are expected to pay for lots within three days of receipt, unless special arrangements have been made prior to the sale.
2. All bids are per lot as numbered in the catalogue and not per piece, unless otherwise announced by the auctioneer at the time of sale.
3. Any lot the description of which is incorrect is returnable only within three days of receipt. All disputed lots must be returned intact as received. Lots containing five or more stamps are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them before the sale.
4. Successful mail bidders, unless they are known to us or supply acceptable references, will be notified of the amount of the lots secured for them, and are expected to send payment in full before the lots are forwarded.
5. If the purchase price has not been paid within the time limit, or lots taken up within seven days from date of sale, they may be resold and any losses arising from such sale charged to the defaulter.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that any such claim is made within 25 days from date of sale. If claim is not made within this period no lots are returnable for any reason at any time. Naturally, so long as we are notified within the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Robert A. Siegel Auction Galleries, Inc.
9. No commission is charged for buying at our sales, but all forwarding charges will be added to the purchase price.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale.
11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

DESCRIPTIONS

Extremely Fine—the finest condition for noteworthy, outstanding copies.

Very VF (VF)—means that there is a slight deviation from the above.

Fine (F)—means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG)—means that the appearance is generally fine but that the perforations cut the design slightly.

Good (G)—means average off-centering; or fairly attractive with slight defects.

Original gum (OG) is not to be expected on 19th Century stamps unless so stated.

Mint—have never been hinged.

Scott 1969 Specialized United States Catalogue used for cataloguing lots of U.S. and Possessions. Scott Standard Catalogue, 1969 for others.

\$3,166,781.50

This is the sum realized at our auction sales in 1968. For the second consecutive year we have exceeded Three Million Dollars, an unsurpassed record.

THERE'S A REASON

Buyers at our sales are presented with unprecedented opportunities to acquire the "Cream of the Market" in choice and unusual philatelic material, accurately presented and properly evaluated. Sellers are given the benefit of a matchless service rendered by one of the most experienced and most highly qualified professional staffs in the business.

We have been conducting auction sales of rare stamps and desirable philatelic material for more than thirty-nine years and offer to sellers the most favorable terms available anywhere. There are no lotting fees or other charges, just a simple 20% commission on the realization. We are always willing to make a generous advance pending sale with no interest charged.

How may we serve you?
