The late Henry A. Meyer was widely known as a serious philatelic student and his contributions to philatelic knowledge have been noteworthy within their fields.

He was a major collaborator with the late Admiral Frederic R. Harris and others in a magnificent study of Hawaiian stamps and Postal History. He was a deep student of U. S. Waterway Packet Markings, and was co-author with Charles A. Towle of an authoritative study of Railroad cancellations and postmarks to supplement the Remele work in this field. These were but few of his philatelic accomplishments.

He was a modest man, a teacher of mathematics at the High School in his home city of Evansville, Indiana. The Postal History of Indiana and of Evansville were among his special interests. His was a student's collection, where unusual usages, odd rates and the like took precedence over other factors. Virtually everything he kept was because it could demonstrate some factor of more than ordinary interest.

We have, where feasible, maintained much of his researched material intact. An example is the "One Hundred Years Ago" Collection which is the Postal History of the Civil War from the viewpoint of both sides. We have kept the West Virginia and Indiana Postal History collections intact as well as a great deal of material in the foreign areas.

There is so much offered that is of unusual nature that all we can say is that this catalogue of his collection deserves careful attention.

THE CIVIL WAR COLLECTIONS

"ONE HUNDRED YEARS AGO"

- 467 **THE POSTAL HISTORY OF THE CIVIL WAR.** A detailed and meticulously researched collection, comprising 418 covers, 16 stamps, and 161 Collateral pieces which embraces virtually every aspect of the "War Between The States" from the viewpoint of both sides in the conflict. All are beautifully mounted and written up with copious research notes on each page. It starts with the use of U. S. stamps in the seceding states, develops through the organization of the Confederate Postal System and the corresponding reaction in the North, with the spread of demonetization and use of the 1861 stamps to replace the 1857 Issue. The effect on the mails because of the war is well illustrated with covers of every description, many with letters relating to the war. There are Prisoner's Covers, Soldier's Letters, Patriotic Covers, Ship letters, Blockade covers . . . just about everything that could be connected with the Postal History of the Civil War. While the quality of the stamps and covers is mixed, each item has been chosen and written up as an integral part of the Postal History of the period. We offer this matchless collection intact, as a unit, so that the years of diligent study put in by Mr. Meyer, and the interesting notes he has made with each phase of the war can be preserved Est. DESCRIPTIONS

Extremely Fine—the finest condition for noteworthy, outstanding copies.

Very Fine (VF)—means that there is a slight deviation from the above.

Fine (F)—means that the perforations do not touch the design on issues after 1890, but in some cases may just touch in earlier issues; if used, fairly lightly cancelled.

Very Good (VG)—means that the appearance is generally fine but that the perforations cut the design slightly.

Good (G)—means average off-centering; or fairly attractive with slight defects. Original gum (OG) is not to be expected on 19th Century stamps unless so stated.

Mint—have never been hinged.

IS YOUR COLLECTION FOR SALE?

REALIZE IMMEDIATE CASH
PLUS THE ADDED ADVANTAGE OF
SELLING THROUGH OUR AUCTIONS

If desired, we will advance immediate cash up to 75% of our appraisal value, of what your collection should realize at auction. There is no interest charge.

Your collection will then be sold in one of our coming auction sales. All stamps are expertly and advantageously lotted in attractive, well illustrated catalogs. Lotting is meticulously planned under our personal supervision. Commission is 20% of the gross realization. There is no lotting fee or any other charges. Final settlement is made within five weeks after the sale. We have been continuously conducting stamp auctions in the United States for over thirty-nine years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from \$500 upwards. Send all stamps direct for appraisal. Auction advance will be remitted shortly after receipt. If not entirely pleased, stamps will be returned at our expense. If circumstances warrant due to bulk or value, we will travel anywhere to inspect important properties.
