## CONDITIONS OF SALE

1. The terms of sale are strictly cash to the highest bidder. All buyers are expected to pay for lots within three days of receipt, unless special arrangements have been made prior to the sale.
2. All bids are per lot as numbered in the catalogue and not per piece, unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect is returnable, but only within three days of receipt. All disputed lots must be returned intact as received and lots containing five or more stamps are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. No illustrated lots may be returned because of centering, margins or other factors shown in the illustration.
4. Successful mail bidders, unless they are known to us or supply acceptable references, will be notified of the amount of the lots secured for them, and are expected to send payment in full before the lots are forwarded.
5. If the purchase price has not been paid within the time limit, or lots taken up within seven days from date of sale, they may be resold and any losses arising from such sale charged to the defaulter.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that any such claim is made within 25 days from date of sale. If claim is not made within this period no lots are returnable for any reason at any time. Naturally, so long as we are notified within the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Robert A. Siegel Auction Galleries, Inc.
9. No commission is charged for buying at our sales, but all forwarding charges will be added to the purchase price. Shipment will be made to a post office box only if the buyer has also furnished a street address. All large lots unsuitable for parcel post will be sent by REA Express collect, or, upon request, REA Air Express collect.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale.
11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

The stamp was enclosed in a small envelope (included in the lot) with a two line purple handstamp "Pan-American Series, 4 cent inverted", the stamp apparently became stuck to the inside of the envelope & later when it was removed resulted in some thinning & couple tiny marginal tears, however most of the original gum is still intact. The stamp is of Fine appearance & with the accompanying letter & envelope could make a Wonderful & Unusual Exhibition Page ..... <b>(Photo)</b> | 1,600.00 |

# PLAYING CARDS STAMPS

## THE AWARD-WINNING COLLECTION OF MILLER H. HURT

We offer here one of the most comprehensive collections of these difficult issues ever formed.

It is literally breath-taking in its scope, from early fore-runners of Playing Cards, through a deep study of the cancellations used by the various manufacturers of playing cards.

The entire field of these interesting stamps is covered and we might call special attention to the outstanding collection of Bureau Print Pre-Cancels on these issues.

We also call special attention to the rare World War I Provisional Issues, sub-varieties of some of the scarcest Playing Cards stamps in the realm of Philately.

A word about condition. These stamps were almost invariably used to seal the packages and boxes of playing cards. As a result they are normally to be found with a bend or crease. Since this is the normal, natural state, we make no specific mention of such bends in our descriptions. However, we are careful to note any faults which may be present.

### THE 1917 WAR PROVISIONALS

To raise additional revenue to help defray the costs of World War I, the Federal Act of 1917 raised the tax on Playing Cards from 2c to 7c per pack. No new stamps were issued but different Internal Revenue Offices throughout the country were authorized to handstamp the 2c stamp then in use. Scott #RF5 was handstamped in New York City but the catalogue does not list the issues from other cities. These are, however, of equal interest and rarity. Scott lists #RF5 at \$250.00. These variants of #RF5 which we offer herein are entitled to at least that catalogue value, and we so indicate in our descriptions. Some of the multiples may be unique, or nearly so.

### ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

| 1876 ☒ | Republic of Venice, A collection of the early (17th Century) Letter<br>Sheets 47 all different in various respects, from 1609 to late 17th Century,<br>mainly the middle of the period. Many with original enclosures or with<br>messages written on one or both sides of the letter sheets. Neatly mounted<br>in large acetates and generally in a fine state of preservation considering<br>their age. A few have been partly restored, most are in Fine condition as<br>these are found. Includes several of the rare Red printings of 1617-1619.<br>These sheets were sold at a charge of four sols; the right to collect the fee<br>was sold to the highest bidder every other year, the successful bidder being<br>known as the "Dacier" or "Dacio". The proceeds were used by the Govern-<br>ment for maintaining the water channels and for flood relief & they are<br>sometimes referred to as the "Water Tax" letter sheets. However, the<br>charge entitled the purchaser to have his letter sent to the designated ad-<br>dress, hence it represents prepayment of postage at a very early date. This<br>is a most comprehensive and interesting collection, demonstrating various<br>types of imprints and usages ..... (Photo Ex) | E. XII  |

### SARDINIA

#### THE SARDINIA LETTER SHEETS, 1819-1820

These highly interesting and much sought-after "forerunners" preceded the issue of adhesive stamps by more than forty years.

The orders promulgated by the King of Sardinia in printed documents provide a full explanation of the issuance of these early pre-paid letter sheets and it is of more than passing interest to note that sample impressions of the stamps were made on the official orders so that postal officials could identify the pre-paid letters.

The name "Cavallini" given to these issues is from the design of the stamps, a Post Rider. This is a very early attempt to make pre-payment of postage by the public mandatory, since, according to the official documents, persons carrying any quantity of unstamped letters were subject to investigation and possible prosecution; obviously an attempt to increase the postal revenue.
