CONDITIONS OF SALE

1. The terms of sale are strictly cash to the highest bidder. All buyers are expected to pay for lots within three days of receipt, unless special arrangements have been made prior to the sale.
2. All bids are per lot as numbered in the catalogue and not per piece, unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect is returnable, but only within three days of receipt. All disputed lots must be returned intact as received and lots containing five or more stamps are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. No illustrated lots may be returned because of centering, margins or other factors shown in the illustration.
4. Successful mail bidders, unless they are known to us or supply acceptable references, will be notified of the amount of the lots secured for them, and are expected to send payment in full before the lots are forwarded.
5. If the purchase price has not been paid within the time limit, or lots taken up within seven days from date of sale, they may be resold and any losses arising from such sale charged to the defaulter.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that any such claim is made within 25 days from date of sale. If claim is not made within this period no lots are returnable for any reason at any time. Naturally, so long as we are notified within the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Robert A. Siegel Auction Galleries, Inc.
9. No commission is charged for buying at our sales, but all forwarding charges will be added to the purchase price. Shipment will be made to a post office box only if the buyer has also furnished a street address. All large lots unsuitable for parcel post will be sent by REA Express collect, or, upon request, REA Air Express collect.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale.
11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

LOTS ON VIEW FROM JUNE 18th

OFFICES OPEN SATURDAY BEFORE SALE

ESTIMATES

Our sales contain many 19th Century covers and fancy cancellations. We have had many requests to give the estimated cash value on these lots. We are trying to place a fair net valuation on each lot as a guide for bidding when no catalogue value portrays the true value. The chart below will be used, for example E. IV means our estimate cash value on this lot is \$30.00 to \$40.00. Lots may actually realize more or less than these estimates and under no circumstances are these estimates to be considered reserves but merely a guide to bidding.

E. I	up to \$10.00	E. IX	\$150.00 to \$200.00
E. II	\$10.00 to \$20.00	E. X	\$200.00 to \$250.00
E. III	\$20.00 to \$30.00	E. XI	\$250.00 to \$350.00
E. IV	\$30.00 to \$40.00	E. XII	\$350.00 to \$500.00
E. V.	\$40.00 to \$50.00	E. XIII	\$500.00 to \$750.00
E. VI	\$50.00 to \$75.00	E. XIV	\$750.00 to \$1000.00
E. VII	\$75.00 to \$100.00	E. XV	\$1000.00 to \$2500.00
E. VIII	\$100.00 to \$150.00	E. XVI	over \$2500.00

FOURTH SESSION

FRIDAY, JUNE 26th, 1970 — 1:00 P. M.

U. S. FREAKS AND ERRORS

THE FORREST M. MORRIS JR. COLLECTION

We are privileged to offer this exceptional collection assembled by a leading specialist in this interesting area of Philately.

It is an exceedingly comprehensive showing and virtually every lot is an unusual and highly desirable variety.

A great majority of these lots are of the highest degree of rarity, which is obvious to those who seek such things for their collection.

Therefore it seems hardly necessary to remind the specialist of the importance of this auction and the unprecedented opportunity its presents.

We have tried to place our estimates on the conservative side, based on recent auction realization; on the prices Mr. Morris actually paid; and after consultation with leading specialists in the field.

An unusually high proportion of the lots are illustrated which, we hope, will prove of assistance in visualizing some of these remarkable varieties.

A section of United Nations Specialized with many errors & varieties will be found starting with Lot No. 2280.

OUR VIEWPOINT

We are living in interesting, yet troubled times and it is prudent to pause and make an assessment of the stamp world in relation to national and international affairs.

What effect do international tensions have on the stamp market? What part does inflation play in the stamp world? How has the action of the stock market affected stamps? What is the outlook for the future? These are all reasonable questions to ask.

At the present time the market for fine stamps seems unaffected by these problems. Part of the reason is obviously because there are only limited numbers of fine stamps and choice philatelic pieces in existence, and even among these there is a certain amount of attrition. This static quantity of fine material is sought by an ever-increasing number of collectors, and in a lesser way, by some speculators. As a result, demand remains steady and no lessening of values is apparent.

Another factor is that Philately, whether followed as a simple hobby or as a deep specialized study, provides a sensible escape from the problems of the day. It is very easy to lose one's self in stamps and, on a return to the every-day uncertainties, one is able to approach his problems with renewed vigor and a fresh outlook. The therapeutic value of stamp collecting is widely acknowledged by the medical profession. This is an important reason for the increase in the number of collectors seeking choice items and it bears a direct relationship to market values.

Is there a ceiling on the prices of choice collector's items? This is another very pertinent question. In the auction market the buyers set their own ceilings based solely on such subjective factors as desire of ownership and ability to pay the price. Ceilings tend to be self-limiting because as prices increase, the fewer the number of potential buyers.

As for ourselves, we have the utmost confidence in the present and future of stamp collecting. We demonstrate that confidence by our constant and active desire to purchase anything of genuine philatelic merit for immediate cash to any amount. If other arrangements should be preferred, we will accept suitable material for dispersal at public auction. Though we face increasing costs we maintain our auction terms at a simple 20% commission on total realization, with no other charges. And, with the cost of money still at peak levels, we are still willing to make a liberal, interest-free advance pending sale of material placed with us, if desired. Our only proviso is that auction consignments must have a minimum gross expectation of \$500.00.

We welcome the opportunity to acquire whatever you may have to offer, either for outright purchase, for sale by public auction, or for private negotiation. Inquiries will be held in strictest confidence and our professional handling of your material is certain to bring you satisfactory results.
