## FOREWORD

Never before in the history of Philately has it been possible to present a collection at auction which comprises United States Twentieth Century Issues Complete. Yet, here it is, a collection which offers every major number in the Scott Catalogue together with a vast majority of errors and varieties with catalogue listing as well as a number which are not yet in the catalogue.

To detail such a collection in a brief foreword is something of an exercise in futility. They are all there, singles, blocks, plate number blocks, together with a stupendous array of major errors and varieties. Everything that could be desired is present . . . the Pan-American Inverted Centers, the 24c 1918 Air Post with Inverted Center, the 1902 4c Brown with Schermack private perforation, the 2c Louisiana-Purchase, Imperforate Horizontally in a block, all of the 1908 Coils, every one of which is an outstanding rarity. When one comes to the 1909 Bluish Papers there are all of the singles, wonderful blocks of the extremely rare 4c and 5c and plate number blocks of nearly all the other denominations, only the 8c block is lacking. The "Orangeburg" Coil is present in a single and a single on cover. All of the rare coils of the Washington-Franklin series are present in pairs. Numerous compound perforations and varieties are here and the showing of the 1917-1922 issues with the varieties of one side being perforated "10" while the other sides are "11" is the greatest and most complete lot ever assembled in a single collection. However, some of the greatest rarities in existence are found in the "Coil Waste" issues. The 2c Type II #539 is here in a block and plate number block! The 1c #544 is here unused, used and in a pair. Also to be found in these rare varieties is the 1c #594 unused, used and in a pair. And, the rarest of all, the 1c #596 is offered in what is probably the finest of the very few in existence.

Of course, in between all of these rarities are all of the lesser rare numbers, together with most of the errors and varieties found in these issues. Here will be found the plate number blocks of the 5c and 10c of the 1922 Series, Imperforate. Here will be found a startling array of errors and varieties in the Kansas-Nebraska Series. There is a beautiful block of the 2c Von Steuben, Imperforate and an equally fine block of the 5c Kosciuszko, Imperforate Vertically. There is a matchless group of spectacular errors among the recent issues. And so it goes . . . everything is present from the commoner varieties to the greatest rarities.

This is an auction sale of the highest degree of importance and one dare not even venture a guess when a good many of these very rare stamps may again make their appearance on the market. It will probably realize a greater sum than any other collection of United States Twentieth Century.

Mr. Grunin began this collection with the objective of achieving the utmost completeness possible in our 20th Century Postal Issues. Now that he has met the challenge his collecting interests are being directed to our earlier issues and the collection he is now forming is rapidly becoming of monumental importance. There will be many more Gold Medals and top awards ahead for him.

## IS YOUR COLLECTION FOR SALE?

REALIZE IMMEDIATE CASH  
PLUS THE ADDED ADVANTAGE OF  
SELLING THROUGH OUR AUCTIONS

We will advance immediate cash up to 75% of our appraisal value, of what your collection should realize at auction. There is no interest charge.

Your collection will then be sold in one of our coming auction sales. All stamps are expertly and advantageously lotted in attractive, well illustrated catalogs. Lotting is meticulously planned under our personal supervision. Commission is 20% of the gross realization. There is no lotting fee or any other charges. Final settlement is made within five weeks after the sale. We have been continuously conducting stamp auctions in the United States for over forty-one years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from \$500 upwards. Send all stamps direct for appraisal. Auction advance will be remitted shortly after receipt. If not entirely pleased, stamps will be returned at our expense. If circumstances warrant due to bulk or value, we will travel anywhere to inspect important properties.

## CONDITIONS OF SALE

1. The terms of sale are strictly cash on delivery to the highest bidder unless special arrangements have been made prior to the sale.
2. All bids are per lot as numbered in the catalogue and not per piece, unless otherwise announced by the auctioneer at the time of sale.
3. Any lot, the description of which is incorrect is returnable, but only within three days of receipt. All disputed lots must be returned intact as received and lots containing five or more stamps are not returnable at any time. No lots may be returned by purchasers who have had the opportunity to examine them prior to the sale. No illustrated lots may be returned because of centering, margins or other factors shown in the illustration.
4. Successful bidders, unless they are known to us or supply acceptable references are expected to make payment in full before the lots are delivered. Mail bidders will be notified of the amount of their purchases. We reserve the right in our sole and absolute discretion to demand cash at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
5. If the purchase price has not been paid within the time limit, or lots taken up within seven days from date of sale, they may be resold and any losses arising from such sale charged to the defaulter.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that any such claim is made within 25 days from date of sale. If claim is not made within this period no lots are returnable for any reason at any time. Naturally, so long as we are notified with the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs.
7. The right is reserved to group two or more lots, also withdraw any lot or lots from the sale, or to act on behalf of the seller.
8. Until paid for in full all lots remain the property of Robert A. Siegel Auction Galleries, Inc.
9. No commission is charged for buying at our sales, but all forwarding charges will be added to the purchase price. Shipment will be made to a post office box only if the buyer has also furnished a street address. All large lots unsuitable for parcel post will be sent, by REA Express collect, or, upon request, REA Air Express collect.
10. Upon written application lots may be sent for examination prior to the auction, condition upon being mailed back by registered mail, adequately insured, within 24 hours of receipt. The applicant is completely responsible for all lots sent for examination, and for the insurance of same against mishap, from the time of receipt until they are actually received back, and is to pay all expenses of postage and insurance. No lots can be sent for inspection within ten days of the date of sale.
11. The placing of a bid shall constitute acceptance of the forgoing conditions of sale.
