The right is reserved to group two or more lots; to withdraw any lot or lots from the sale, or to act in behalf of the seller. The auctioneer shall regulate the bidding and in the event of any dispute his decision shall be final.
3. Any lot, the description of which is incorrect is returnable, but only within five days of receipt and in any case it must be received by the auctioneer within four weeks from the date of the auction. All disputed lots must be returned intact as received and the following lots may not be returned for any reason whatsoever: Lots containing ten or more stamps; Lots from buyers who have had the opportunity to examine them before the sale; Lots described as having defects or faults may not be returned because of faults. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.

Mail bidders will be notified of the amount of their purchases. We reserve the right in our sole and absolute discretion to demand cash payment at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made within 25 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay a maximum fee of \$10.00 for each such item.
7. Until paid in full, all lots remain the property of Robert A. Siegel Auction Galleries, Inc. in behalf of the seller.
8. All forwarding charges will be added to the purchase price. The mode of shipment shall be at our option unless we are given specific instructions.
9. Lots may be sent for inspection to buyers known to us upon written application. All such lots must be returned to us by registered mail, adequately insured and within 24 hours after receipt. THE PARTRIDGE PAPERS: The extensive correspondence of Captain Alden Partridge comprising well over 700 stampless covers, covering the period when he was Commandant of the U. S. Military Academy at West Point (1812-15) and his post-military career as Superintendent of the Military Academy at Middletown, Conn. and as President and Superintendent of Norwich University at Norwich, Vermont. While much of the correspondence deals with the regular operations of these institutions there are many letters of great human and historic interest. Captain Partridge must have been a very difficult officer at West Point for there are letters complaining of his mis-treatment of some cadets, charges of favoritism, some of which carried over into his civilian career. Many of the letters were carried privately through favor. Many of those which went through the mails bear the various postmarks of the period, some are distinctly better-grade stampless. Most important of all, from a purely philatelic standpoint is a book containing approximately 80 covers with early Vermont postmarks, when he headed Middletown University. There are some fine small town manuscripts, a number of Burlington ovals, in various colors and others of more than ordinary interest and value. As would be expected in a lot of this age condition is varied but the proportion of fine and very fine covers is quite large. This can prove a most rewarding lot to one with the time and patience to study it in detail. Besides the covers there are some personal papers of Capt. Partridge including a "bundle" of his checks

However, it should be remembered that relatively few covers of the 1847-1860 period received railroad Route Agent postmarks and even the more frequently seen markings are not exactly common.

TEXAS POSTAL AGENT COVERS

The following group of covers all have a large oval handstamp reading "Wm. Bryan (or Sam Ricker, Jr.) Agent of the Texian Post Office New Orleans". For the sake of brevity we will simply designate them as "Bryan Oval" or "Ricker Oval" except for the first lot in the group which is a rare and different type and quoted in full.

Some of these letters are addressed to Attorneys and they bear no Texas postal charge. This begs the question as to whether lawyers engaged in Texas Government business were exempt from such charges.

THREE CENT, GREEN, BANK NOTE ISSUES

This offering of Cancellations on the Three Cent Green Bank Note was formed over a long period of time and is one of the most comprehensive offerings of scarce and fancy cancellations to come on the market in many years.

There is virtually no duplication in this offering. The Owner was more interested in the quality of the strike than in the condition of the stamp, which is characteristic for a collection of this nature, formed by a knowledgeable philatelist.
