CONDITIONS OF SALE

- 1. The terms of sale are strictly cash on delivery to the highest bidder unless special arrangements have been made prior to the sale.
- 2. All bids are per lot as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots; to withdraw any lot or lots from the sale, or to act in behalf of the museum. The auctioneer shall regulate the bidding and in the event of any dispute his decision shall be final.
- 3. Any lot, the description of which is incorrect is returnable, but only within five days of receipt and in any case it must be received by the museum within four weeks from the date of the auction. All disputed lots must be returned intact as received and the following lots may not be returned for any reason whatsoever: Lots containing ten or more stamps; Lots from buyers who have had the opportunity to examine them before the sale; Lots described as having defects or faults may not be returned because of faults. No illustrated lots may be returned because of centering, margins or other factors shown in the illustration.
- 4. Successful bidders, unless they are known to us or supply acceptable references are expected to make payment in full before the lots are delivered. Mail bidders will be notified of the amount of their purchases. We reserve the right in our sole and absolute discretion to demand cash payment at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
- 5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they may be resold and any loss arising from such sale will be charged to the defaulter.
- 6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made within 25 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 25 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay a maximum fee of \$10.00 for each such item.
- 7. Until paid in full, all lots remain the property of the museum.
- 8. All forwarding charges will be added to the purchase price. The mode of shipment shall be at our option unless we are given specific instructions.
- 9. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

ESTIMATES

Our sales offer many covers, cancellations, varieties and other items for which there is no catalogue value or where catalogue value does not reflect the actual value. In order to assist our clients, we are placing a fair net valuation on such lots as a guide to bidders. The chart below will be used. For example, E. IV means that our estimated net value on the lot is \$30.00 to \$40.00. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding.

#### EXCELLENT LOTS BY COUNTRY

Mounted on Scott Specialty H. P. album pages. AIR MAILS AT THE END.

The world wide collection which comprises the rest of our auction has no stamps later than 1955 and very few after 1950. The great majority of these lots are predominently mint, only a few countries contain used stamps. The stamps are lightly hinged and include plenty of good value pictorial and topical sets and singles in mint condition. The Philatelic Appraisal Committee of the Arizona Philatelic Rangers carefully examined these lots and estimated a fair bid amount for each lot as shown. Scott catalog value is shown in even dollars in [brackets].

# **MEMORANDUM**

I've been a member of The Arizona Philatelic Rangers for many years and am proud to be a "Sheriff" in that progressive organization. I could fill this entire page detailing the fine work they have done in promoting Postal History research, in preparing exhibits, in establishing a Postal History Library but, most of all, for their fine work of philatelic education for asthmatic and disadvantaged youngsters. Their Program in this area has the enthusiastic support of school officials and educators and I am sure that a generous part of the proceeds of this auction will be devoted to that worthy program.

To me, it is a privilege and a pleasure to make my contribution in the form of donating the cataolgue for this auction. The fine material offered bespeaks the generosity of the many contributors and the entire project deserves your whole-hearted support.

Far better for you to attend the auction in person, but if you are not able to be there, send in your bids, and make them large and generous. If you want to be sure that you are a buyer in the sale and a good Samaritan as well, you can send me your bids which I will handle personally. Unlike my own sales, I will welcome BUY BIDS for this worth-while and deserving cause.

Robert A. Siegel
