## ORIGINAL ORDERS TO OUTFIT A WESTERN WAGON TRAIN

- 62A 56 Documents Encompassing 70 Sheets Containing 74 Written Pages Involving the PERPETUAL EMIGRATION FUND CO., circa 1855.
- This Fund financed an extensive Mormon Church directed program based on Missionaries promising wondrous opportunities in Utah Territory; to poor European converts who would sign a Bond promising repayment of emigration costs to the Church. Included are 43 different orders varying from \$80 to \$848 for delivery of oxen, wagons, and provisions for a wagon train leaving Atchison, Kansas Terr., on an 1855 Overland Trail trip to Salt Lake City. Several are A. L. S. by Erastus Snow, and eight are signed by him, including one shipping a yoke of cattle "if they live to go through" to his wife. Another has Snow's appendage relating to shipping "Doc Bernhisel's store and fixtures" on the wagon train. One is a scarce substitution order, another a rare receipt for team and provisions to be used as an order. Three orders provide for passage of lone women on the wagon train. Also four extensive lists of settlers indebted to the P. E. Fund showing wagon entry dates, those who married (several polygamous), etc. One long list of personal debts transferred to Brigham Young, Trustee, as a donation in 1860. Three estate records showing passage and freight emigration balances settled by transfer of decedent's clothing and sundries to the Fund. List of individuals payments not credited to Fund, 1862. List of 109 Persons made by Captain of Wagon Train in 1854, of Indebtedness to Fund for Flour Supplied on the Western Trek. An 11 page trial balance sheet for P. E. Fund in 1857. And an 1871 letter soliciting funds for passage of Federal law lowering emigration tax. Extensive holdings of early original Mormon documents are seldom available, and this is a most unusual opportunity to acquire a well rounded group involving a fascinating and little known area of wagon train emigration to our western frontier.
- The owner has placed a reserve of \$5,000 on this material, and we estimate it has a market value of \$6,000 to \$7,000 ..... Starting Bid 5,000.00

- 1456 **Prisoner-of-War Letter** (No cover). Headed "**Camp Lee, near Richmond, Va.** Oct. 11, 1862. (No Camp Lee listed in Antrim or Boatwright). A significant, long letter detailing military movements, the writer's capture while in a hospital in Fredericksburg, Md., removal to Baltimore and sent to Fort Delaware, where he was held in the Military Prison for two weeks. Then sent back to Richmond and to Camp Lee which he writes was about two miles from town. "I am here on parole and will have to stay here till we are exchanged, I reckon". He asks for letters to be addressed to him at Camp Lee, in care Capt. Cannon. One can only conjecture why Robert Craven, (the writer) received such expeditious treatment but as a known Quaker, he may have been a non-combatant member of his company and thus was eligible for early exchange. Excellent stay here till we are exchanged, I reckon". He asks for letters to be condition and a P. O. W. letter of exceptional importance ..... **E. VIII**

- 1463 **PRISONER-OF-WAR LETTERS, The W. E. Johnson Correspondence,** 24 letters in long-hand from Lt. W. E. Johnson, Jr. of a South Carolina Volunteer Regiment. The correspondence runs from March 29, 1864 to Dec. 28, 1864. There are two letters prior to his capture; the other 22 are all written from various prisons and prison camps. He writes of his capture in a June 10th, 1864 letter headed "Officer's Prison, Point Look Out, Md." A July 17th letter is headed "Fort Delaware"; An August 18th letter is headed "Steamer Crescent City, Port Royal Harbour near Hilton Head. Sept. 11th letter is headed "Morris Island"; Oct. 26th letter is headed "Fort Pulaski" as are the balance. Lt. Johnson was one of the "600", a group of captured C. S. A. Officers taken from Union prisons and sent to Morris Island in Charleston Harbour, from which Union forces were shelling the City of Charleston. The Confederates moved 600 Union officers into the city and the mutual shelling was ended . . . a stalemate. Lt. Johnson's letters present an unparalleled picture of an intelligent officer subjected to the indignities of being a P. O. W. He writes of hardships in great detail; his needs, his little satisfactions and his stoicism in accepting the situation into which he, like many others, fell into. There are no covers; just the letters, which are all in an excellent state of preservation, having been kept individually in acetates. The extremely interesting letters are impossible to detail. Each must be read, and it will be noted that they were sent at almost weekly intervals. This is one of the greatest Civil War correspondences which has ever been found and preserved and is of utmost importance, both philatelic and historic **E. XIII**

**PRISONER-OF-WAR DIARY**, The personal diary of Lt. W. E. Johnson, Jr., a 3" by 4½" leather bound book for the year 1861. There are a few inconsequential notes in the early pages of the book but starting with page 20, dated May 30, 1864, there is a detailed, almost day by day recount of the events of the days, as they went by. He puts down his personal reaction to being a prisoner, recounts rumors which he hears in camp, how other internees are faring. Is overjoyed at being selected as one of the "600" to go to Hilton Head, and there is a personal account of the voyage. There is description of confinement at Morris Island, transfer to Fort Pulaski and always the hope of being exchanged. But he remained a prisoner. In February he was returned to Fort Delaware, greatly disappointed. The last entry March 25, simply the menu of the day. This diary, together with the letters, comprises historic Civil War data which could never be gathered from official records; the personal nature of both the diary and the correspondence portrays an important phase of the war through the eyes and thoughts of an individual directly concerned. It is of inestimable value. Our estimate of both these lots is little more than an educated guess. Individual interest and desire will determine true worth but we feel our figures to be realistic

1468 **SALISBURY PRISON AND QUAKER PARTICIPATION IN THE WAR**, The incomparable collection of 28 letters and 29 covers, which, in their own way, tell the story of North Carolina Quakers in the war. Since it was against their precepts to bear arms, they were able to buy exemption for \$100.00 and later, for \$500.00 could buy exemption as conscientious objectors. Quakers failing to meet these requirements were conscripted, usually into areas where they were non-combatants. Some were put to work in the coastal salt works, others were made prison guards at Salisbury Prison and were sent on missions to round up and capture deserters. Most of the story of the Quakers is told in the letters of one Solomon Frazer, who bought his exemption as a "home guard" but refused to pay his \$500.00 as a "religious objector". He was summarily arrested, ordered to serve as a prison guard, which he refused to do and then was subjected to unspeakable brutalities by commanding officers in the prison. The interesting fact is that his letters, detailing the treatment he received were allowed to go through the mail uncensored, although the mail of the Union prisoners were subject to the usual military censorship. There are Quaker letters other than those of Frazer. However, some letters to the prison from outside were addressed in care of Capt. Suratt, one of the top commanding officers. A number of covers from Quakers serving with the C. S. A. came through as Soldiers' Letters with the customary "Due 10". Mixed condition, as to be expected, but many are fine and with some scarce uses. This is a part of Civil War History seldom encountered. Many of the covers are worthy of being individual lots but the collection should be kept intact in order to assure the con-

- tinuity. It is beautifully written-up, with several unusual collateral pieces, but the letters and the covers make this an absolutely matchless offering. (We have records of individual Quaker Prisoner and War covers selling into the hundreds.) ..... **E. XVI**
- 1469 ☒ **Salisbury, (N. C.), 1st Mo. 24th, 1865**, Interesting letter mentioning rumors of an impending truce & eventual peace. Much of letter deals with internee's prison-life, cover franked with 10c Dark Blue (12) Big margins, Very Fine, Cover bit age toned ..... **E. V**

- 1472 ☒ **THE JABEZ HUNT LETTERS**, A series of nine covers and seven letters from Jabez Hunt. War letters of unusual interest, headings of Army camps and some from Military Hospitals. Some of the covers have better stamps such as #2 badly defective and #9, soiled and irregular margins. One letter of May, 1865 tells of "Confederates on the run from the Yankees around Gordonsville. Area is in a state of utter confusion." This is on stationery of President's Office of the Virginia Central Railroad, and must have been picked up by Hunt. This particular letter is of unusual interest. Some of the covers have respectable pairs of the 5c Blue #7. However, the lot is of primary value for the content of the letters; a personal account of the trials of a C. S. A. soldier ..... **E. VIII**

- 1482 **CIVIL WAR SOLDIER'S LETTERS**, A correspondence of 149 letters from Union soldiers to their families, Sept. 1861 - June 1864. Almost all bear military camp date lines, some named, others designated by location; some headed "in line of battle" and further description of location such as "Lost Mountain". They range all over the C.S.A. with many from Kentucky and Georgia. They are full of interesting war content, naming groups and locations, and some with graphic accounts of military action. Some are on patriotic stationery and a few are with original covers. The covers, 3c 1861's, are of little consequence. The letters are well preserved, for the most part, but the covers have been stapled to the letters. (They can be easily removed, but we mention this fact for the sake of accuracy). It is a very unusual and rewarding correspondence and is bound to contain data of Civil War significance. Owner has identified each cover by a number on the back in red ink. The numbers are very tiny and not at all obtrusive but, again for the sake of accuracy, we call this to the attention of prospective buyers ..... **E. IX**
- 1483 **CIVIL WAR SOLDIER'S LETTERS AND COLLATERAL**, Collection of 65 pieces, mostly letters but with quite a number of Patriotic Covers, few of better design, mixed condition, Good-Fine. | 1485 | <b>THE NORTH CAROLINA RAILROAD</b> , Historical collection of 13 covers, pre-war and wartime, seven letters and six collateral pieces, all mounted on 19 album pages, beautifully written up with carefully drawn maps and a great deal of historic data. Several of the covers bear the scarce "Company Shops, N. C." postmark. Some of the pre-war covers have the scarce ms. "No. C. Rail Rd." pmk. Some of the letters are of historic significance. This is a very important collection of railroad material from a road which was important to the South and especially so in the War. ## FORWARDERS' COVERS TO U. S.

It will be noted that a majority of these covers were carried privately out of the mail. This was evidently part of the services rendered by the forwarding agent. Irregular mail service, high postal charges, uncertain connections gave the forwarders the opportunity to render this special service. Numerous covers were delivered directly, avoiding the mails altogether. It seems likely that the forwarders had an agent or agents on the ships & made the voyage into New York. In some cases they were on the same ship which carried merchandise for the addressee. Another collateral factor is the fact that many of these covers were sent during the Civil War when Confederate raiders preyed heavily on Union shipping. Thus it became the Forwarder's responsibility to carry the letters on neutral ships to avoid attack. Few Union ships were in service, most having been conscripted for military or naval service.

## ESTIMATES

Our sales offer many covers, cancellations, varieties and other items for which there is no catalogue value or where catalogue value does not reflect the actual value. In order to assist our clients, we are placing a fair net valuation on such lots as a guide to bidders. The chart below will be used. For example, E. IV means that our estimated net value on the lot is \$30.00 to \$40.00. Lots may actually realize more or less than our estimates, which are under no circumstances to be considered reserves but merely a guide to bidding.

E. I	up to \$10.00	E. IX	\$150.00 to \$200.00
E. II	\$10.00 to \$20.00	E. X	\$200.00 to \$250.00
E. III	\$20.00 to \$30.00	E. XI	\$250.00 to \$350.00
E. IV	\$30.00 to \$40.00	E. XII	\$350.00 to \$500.00
E. V	\$40.00 to \$50.00	E. XIII	\$500.00 to \$750.00
E. VI	\$50.00 to \$75.00	E. XIV	\$750.00 to \$1000.00

## A REMINDER

Mails are often slow. After nearly every auction we receive some 25 to 50 late bid sheets, many of which would have been successful. We can only repeat . . . **PLEASE MAIL YOUR BIDS EARLY!** Use Air Mail if you are in doubt as to being on time.

## **WE DO THE BEST BECAUSE WE ARE THE BEST**

Year in and year out we do the best for buyers and sellers alike. It makes no difference how large, how small or how highly specialized a collection may be, we do the best because we are the best!

And our best means more money in your pockets when we have disposed of your material.

We will give liberal, **interest-free** cash advances on material consigned to us, if you desire. In these days of unprecedentedly high interest rates this is worth thinking about.

KEEP THIS IN MIND WHEN YOU HAVE FINE STAMPS OR YOUR COLLECTION FOR DISPOSAL.

YOU CAN'T GO WRONG IF YOU DEAL WITH THE BEST !

Final settlement is made within five weeks after the sale. We have continuously conducted stamp auctions for over forty-five years.

Valuable collections and stamp holdings are especially wanted, but we will accept properties valued from \$500 upwards. Send all stamps directly for appraisal. Auction advance will be remitted shortly after receipt. If not entirely pleased, stamps will be returned at our expense. We will travel anywhere to inspect important properties.
