FOREWORD

It is not usual for us to put a foreword into our catalogues but this sale is so unusual, in many respects, that a few words are justified.

The United States stamps, throughout, make a most comprehensive offering. There are numerous important rarities, each of which could be deserving of special mention. However, we prefer to let the prospective buyer form his own judgment. The greater his knowledge, the easier it is for him to recognize the enormous number of unusual and desirable lots being presented.

We must, however, make special mention of the Coil Stamps, which are an especially noteworthy group. The informed collector will note the unusual number of the rare coils which are used and many of these used coils are far scarcer than their unused counterparts, catalogue value notwithstanding.

The section of Confederate States is dominated by the specialized Memphis Provisionals in the collection of "General" Billy Matz, a past-President of the Confederate Stamp Alliance and a member of their Expert Committee. It is literally "breath-taking" in its coverage of this historic issue and there are numerous items known to be unique and others nearly so. We are being modest in referring to it as a collection of major importance, for, in many respects, it is absolutely matchless.

We cannot close this foreword without calling attention to the many records our auctions have been setting: most recently, our Rarity Sale for 1975 realizing over a million dollars, the first million dollar sale in a single session in America.

Another record of importance is our 1974 realizations of substantially Five Million Dollars for the year, an amount far exceeding that of any other firm in the world. All of which means that we have achieved an incalculable number of record prices for individual items throughout the years. It means we have a constant desire for worth-while philatelic material, either for outright purchase or for auction, and if you are interested in realizing the most money for your collection, or for single items, we offer you that opportunity.

And each Southern swears with uplift
No foe shall conquer Dixie!

HANDSTAMP PAIDS

MEMPHIS, TENNESSEE PROVISIONALS

(Specialized)

The "General" Billy Matz Collection

"General" Billy Matz has been the foremost specialist student of these issues in our generation and these offerings from his collection are without parallel.

Memphis was one of the few cities to issue provisional stamps upon secession from the Union, while they existed as independent states before joining the C. S. A.

The availability of adhesive stamps is one reason why "Handstamp Paid" from Memphis are so scarce.

According to Dietz, the stamps were originally an engraving on wood from which stereotype plates were made. The 2c Blue plate in some way suffered irreparable damage involving five stamps, all of which will be demonstrated in the lots in the collection. The size of the 5c plate has not been determined with certainty but is believed to have consisted of 50 subjects 40 of which were printed in normal position and the last row at right printed sideways. The sheets of paper were large enough to have been turned around for a second impression and this accounts for the very rare tete-beche pairs, of which only two are believed known. The 2c was printed on a delicate pelure paper. The 5c was usually printed on a thicker, white paper but a few sheets were printed on pelure paper. These are very scarce.

COVERS

THE TETE-BECHE PAIR

- 1389 ☒ **5c Red, Tete-Beche Pair (56X2a)**, Margins nearly all around, scalloping least bit touched. Beautifully tied by Aug. 21, 1861 pmk on double weight cover to Raleigh, Tenn. Slight oily stain on right stamp. The owner, who is the recognized authority on the Memphis P. M. Provisional states this is the rarest of all Memphis provisionals and this is verified by the fact that the description of a Memphis Tete-Beche pair in the Caspay Collection states that only two covers are known. This cover is the finest, by far, as the Caspay cover had the pair badly cut into. (Obviously the catalogue value of \$1100.00 does not reflect the rarity nor the value of this outstanding rarity) (Photo on Back Cover) E. XVI
