DESCRIPTIONS

EXTREMELY FINE: The finest condition for noteworthy, outstanding copies.

VERY FINE: In prime condition such as to satisfy the requirements of particular collectors.

FINE: Perforations or margins do not touch design on issues after 1890 but in some cases may just touch in earlier issues. If used, fairly light cancellation.

VERY GOOD: Generally nice appearance but margins or perforations may cut in slightly.

GOOD: Average off-centering or fairly attractive with slight defects.

ORIGINAL GUM is not to be expected on 19th century stamps unless so stated in the description. All 20th century stamps will have original gum unless otherwise stated.

MINT: With original gum and never hinged.

Unless otherwise noted, Scott 1977 U.S. Standard Specialized and Scott 1977 Standard Postage Stamp Catalogues Volumes 1, 2, 3 and 4 have been used for cataloging lots in this sale.

END OF SIXTH SESSION

DESCRIPTIONS

EXTREMELY FINE: The finest condition for noteworthy, outstanding copies.

VERY FINE: In prime condition such as to satisfy the requirements of particular collectors.

FINE: Perforations or margins do not touch design on issues after 1890 but in some cases may just touch in earlier issues. If used, fairly light cancellation.

VERY GOOD: Generally nice appearance but margins or perforations may cut in slightly.

GOOD: Average off-centering or fairly attractive with slight defects.

ORIGINAL GUM is not to be expected on 19th century stamps unless so stated in the description. All 20th century stamps will have original gum unless otherwise stated.

MINT: With original gum and never hinged.

Unless otherwise noted, Scott 1977 U.S. Standard Specialized and Scott 1977 Standard Postage Stamp Catalogues Volumes 1, 2, 3 and 4 have been used for cataloguing lots in this sale.
