CONFIDENCE

In recent years we have sold a greater dollar value in United States Stamps and Coins than any other Auction Firm in the world.

This is an indisputable fact!

We look upon this achievement as a measure of the confidence shown in us both by buyers and sellers at our sales.

Mutual confidence is a prime requisite in successful auctioneering. The seller trusts our ability to do the best we possibly can for him and the buyer knows that whatever we offer is accurately and properly presented, and, where pertinent, fairly evaluated.

Perhaps this accounts for the fact that in sale after sale we establish new records for material of quality.

With a distinguished clientele of sophisticated and knowledgeable philatelists eager for fine material, our organization in full recognition of the confidence shown in us will continue to do the best job possible for either the buyer or the seller.

IS YOUR COLLECTION FOR SALE?
