2. All bids are per lot as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots; to withdraw any lot or lots from the sale, or to act in behalf of the seller. The auctioneer shall regulate the bidding and in the event of any dispute his decision shall be final.
3. Any lot, the description of which is incorrect is returnable, but only within five days of receipt. All disputed lots must be returned intact as received. **The following lots may not be returned for any reason whatsoever: Lots containing ten or more stamps; Lots from buyers who have had the opportunity to examine them before the sale; Lots described as having defects or faults may not be returned because of any faults. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**
4. Successful bidders, unless they are known to us or supply acceptable references are expected to make payment in full before the lots are delivered. Mail bidders will be notified of the amount of their purchases. All mail bidders who have established credit with us must make payment within three days after receipt. We reserve the right in our sole and absolute discretion to demand cash payment at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00.
7. Until paid for in full, all lots remain the property of Robert A. Siegel Auction Galleries, Inc. in behalf of the seller.

## THE GULICK CORRESPONDENCE

*A family of missionaries. First to arrive in Honolulu on the "third wave" in 1827 were parents Peter & Fanny. One of their sons, Luther Halsey (A scholarly man and doctor of medicine), ventured further West to do research and bring Christianity to the natives on some of the smallest out-of-the way Islands in the Pacific. In later years he founded the Campfire Girls. His brother, Orramel, was stationed in Japan through much of the last half of the eighteenth century. Grandsons of the original Gulicks continued in the family tradition, working in religious and educational circles in both the U.S. and Japan.*

*Besides the covers from and to Hawaii, the Ascension (Ponape) covers in this group stand out as some of the most significant pieces of early Pacific postal history in existence. The letters, originally contained in these envelopes were donated to the Harvard Library years ago. The photocopies accompanying some of the Ponape covers (to prove their origin) were obtained from the library.*

When you sell your collection at auction you should and can have **immediate cash.**

Enjoy both the advantage of immediate cash based on current market value, and any accrual in value that occurs in a fast moving market by sale time.

Sell your collection through the auction house first in prestige, first in dollar volume. Over 2½ million dollars in auction sales in April alone.

**GUARANTEED AUCTION REALIZATION  
BACKED WITH 100% CASH ADVANCE**

For the first time an auction house will guarantee the minimum net you will receive from sale at auction and immediately advance this sum to you at no interest charge. *The only charge to you is a 10% commission on what your collection realizes at auction.* The buyer also pays a 10% buyers premium.

When you sell your collection at auction you should and can have **immediate cash.**

Enjoy both the advantage of immediate cash based on current market value, and any accrual in value that occurs in a fast moving market by sale time.

Sell your collection through the auction house first in prestige, first in dollar volume. Over 2½ million dollars in auction sales in April alone.
