UNITED STATES POSTAL HISTORY

This Section is comprised primarily of the collection of the late Theodore Stevens. Theodore Stevens was the foremost collector of Free Franks and co-author with Richard Graham of a book on this subject which will be published in the near future. Hon. E.M. Stanton, Fortress Monroe, Va.

Please say to Gen. Sherman that I do not regard the capture of Charleston as of any military significance. He can pass it by unless in doing so he leaves a fence in his rear which it will be dangerous to have there. It will be left entirely to his own discretion whether Charleston shall be taken now.

ANTARCTICA

SEALERS' LETTERS

INCLUDING THREE 1821 ANTARCTIC COVERS

- 838 ☒ A series of ten letters and one document pertaining to the **Sealing Ship O'Cain** of Boston, Mass., including three covers written in the **South Shetland Islands, Antarctica** in February, 1821. Probably the earliest Antarctic covers in existence, as no letters this early can be found in any major reference work on sealing or Antarctic history. All are addressed to Abiel Winship of Boston, the first eight being from his son, Capt. Charles S. Winship.
- (1) "**Presidants Rhodes August 20th 1820 5o'cl(ock)**," ms. dateline on long letter apparently begun at sailing from Boston & continued day-to-day over the course of five weeks, describes life on board & ship's movements, likely sent from **Harbour of Bonavista** (Cape Verde Islands-off W. Coast of Africa), no postal markings.
- (2) "**1820 Oct. 1 Harbour Bonavista**," ms. dateline on folded letter mentioning large number of ships in port, able to gain valuable information regarding potential sealing grounds, Bath, Maine pmk., ms. "Ship 20½" (18½c postage & 2c ship fee).
- (3) "**Port Paya St. Jago (Cape Verde Islands) Oct. 4th 1820**," ms. dateline on folded letter reports provisioning there & meeting with USS Cyane which had taken three slave dealers, ms. "pr. Brig./Capt Linter," Red "New-York" pmk., ms. "18½" rate.
- (4) "**Sea. October 20th 1820**," ms. dateline, ms. "Lat 3.00N Long 22.00W (approx. 700 mi. E. of Brazil). In company with Brig Oswego . . .," letter states voyage is progressing well, carried by favor, no postal markings.
- (5) "**New South Shetland (Antarctica), Clothiers Harbour, Feby 2d 1821**," ms. dateline, folded letter reports safe arrival in the Antarctic, notes that there are more than 100 ships there, the O'Cain had about 11,500 seal skins aboard, suffered through a fierce storm "losing one man, a boat & two female swine," received letter by the ship Esther "which afforded great pleasure, to muse on in this desolate & frozen region," ms. "pr. Captain Clark . . . S. Clothier," ms. "Stonington Ct 17 May" pmk., ms. "25" rate.
- (6) "**Ship O'Cain. Potters Harbour/Livingstons Ild. (Antarctica) Feby 27. 1821**," ms. dateline on folded letter mentioning purchase of a shallop of 19 tons, going around the cape to the Pacific & on to China to

market cargo, "NANTUCKET, 6 Mo. 8 MASS." Quaker-dated Oval pmk., ms. "Capt Ray" (per schooner Harmony), routing ms. "Ship 14½" rate (12½c postage & 2c ship fee).

—(7) **New South Shetlands, Feby 28th, 1821, Potters Cove, Livingston Island (Antarctica)**, ms. dateline on folded letter reports that on Dec. 8, 1820 he arrived in the Antarctic at Smith Cape, Mount Pesgah Island in the So. Shetland Islands, describes his track through the island group, "sailing amidst mountains of ice, the fall of which would shake the elements like approaching thunder" to Potters Cove, a "desolate place," "This country is subject to volcanoes, some of which we have discerned in all its brilliancy, the lava from these, which we pick up, is certainly impregnated with either silver, others appear like gold or copper. Coal is somewhat plenty & tis said superior to New Castle. Seals & Sea Elephants are the only monsters to be found . . . the whole country is covered with ice, some perpendicular 1,000 feet high & what little remains uncovered wears the appearance of (volcanic) eruptions of nature," ms. "Mr. Chisten" routing, ms. "Stonington Ct 17 May" pmk., ms. "12½" rate.

—(8) **"Bona Vista Oct. 9th 1821,"** ms. dateline on folded letter, reports arriving safely after an unpleasant voyage of 37 days, "NEW-BEDFORD MS. DEC 10" pmk., "SHIP" & ms. "22" rate (20c double postage & 12c ship fee).

—(9) **"San Tiago, Port Prayo (Cape Verde Islands) Oct 19, 1821,"** ms. dateline on folded letter from Seth J. Hussey (probably a mate) of the ship O'Cain, reports arriving safely with the schooner **Wasp** in company, faint "NEW-BEDFORD MS." pmk., "12" rate (10c postage & 2c ship fee).—

(10) **Protest** (a legal document filed whenever a ship was damaged, lost or destroyed) signed by William G. Miller, U.S. Consul at Montevideo, Uruguay, Jan. 11, 1822. This document reveals that the O'Cain was on another voyage to Antarctica when letters 8 & 9 were written. She was sailing in the company of the **Wasp**, which disappeared in the course of the voyage down. Capt. Winship states that the Capt. & crew of the **Wasp** ran off with the ship & swore to that belief in the protest.

—(11) **"Stonington (Ct.) END OF SALE

THANK YOU

CONFIDENCE

In recent years we have sold a greater dollar value in United States and Foreign Stamps than any other Auction Firm in the Western Hemisphere.

This is an indisputable fact!

We look upon this achievement as a measure of the confidence shown in us both by buyers and sellers at our sales.

Mutual confidence is a prime requisite in successful auctioneering. The seller trusts our ability to do the best we possibly can for him and the buyer knows that whatever we offer is accurately and properly presented, and, where pertinent, fairly evaluated.

Perhaps this accounts for the fact that in sale after sale we establish new records for material of quality.

With a distinguished clientele of sophisticated and knowledgeable philatelists eager for fine material, our organization in full recognition of the confidence shown in us will continue to do the best job possible for both the buyer and the seller.
