ESTABLISHED 51 YEARS

CONDITIONS OF SALE

1. The terms of sale are strictly cash on delivery to the highest bidder unless special arrangements have been made prior to the sale. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
2. All bids are per lot as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots; to withdraw any lot or lots from the sale, or to act in behalf of the seller. The auctioneer shall regulate the bidding and in the event of any dispute his decision shall be final.
3. Any lot, the description of which is incorrect is returnable, but only within five days of receipt. All disputed lots must be returned intact as received. **The following lots may not be returned for any reason whatsoever: Lots containing ten or more stamps; Lots from buyers who have had the opportunity to examine them before the sale; Lots described as having defects or faults may not be returned because of any faults. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**
4. Successful bidders, unless they are known to us or supply acceptable references are expected to make payment in full before the lots are delivered. Mail bidders will be notified of the amounts of their purchases. All mail bidders who have established credit with us must make payment within three days after receipt. We reserve the right in our sole and absolute discretion to demand cash payment at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
5. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1½% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any legal action to secure payment of a delinquent account the defaulting purchaser shall pay all legal expense incurred by the auctioneer and such charges will be added to the amount owed.
6. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought the matter will remain open until such opinion is rendered. We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00. In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
7. Until paid for in full, all lots remain the property of Robert A. Siegel Auction Galleries, Inc. in behalf of the seller.
8. All forwarding charges will be added to the purchase price. The mode of shipment shall be at our option unless we are given specific instructions.
9. Lots may be sent for inspection to buyers known to us upon written application. All such lots must be returned to us by registered mail, adequately insured and within 24 hours after receipt. The applicant assumes all responsibility and will provide insurance against all risks from time of receipt until they are actually received back by us, and is to pay all expenses of postage and insurance. **No lots can be sent for inspection within ten days from date of local viewing. Large lots and collections cannot be sent for inspection.**
10. Agents are responsible for all purchases made in behalf of their clients unless other arrangements are made prior to the sale.
11. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

FOREWORD

"At the age of about ten I became an all world collector, with an income of three pence a week, which was doubled if I did not spend it. I later inherited from a grandmother and aunt two more all world collections which I sold in 1937 for £260 to buy a sailing boat. It cost me £265 and I remember having to wait until the end of the month to find the extra 'fiver'. Still later when my father gave me one-half of his all world collection I also sold that to buy a bigger boat, but for sentimental reasons I kept his U.S. portion. For years I forgot about them until in the early 1950's, I came across them in the bottom of a drawer and decided to build them up. I then followed the usual path from stamps to covers—U.S. Domestic Mail, Confederate Civil War and finally to the Foreign Mails. At this point I wanted to know which steam packet carried each of my covers and about the ships themselves. I now had skeleton sailing lists for most of the shipping lines, after which it became a laborious but interesting task to fill in the gaps for possible publication. The provenance the late Dr. Otto Bacher of Westminster Stamp Co. and I hunted together for over twenty years.

"I am a fellow of both the Royal Philatelic Society of London and of the Society of Postal Historians. I joined the U.S. Classics Society in the 1960's and am currently a Regional Vice-President and Associate Editor to the Foreign Mails Section of the "Chronicle", from the columns of which I learned a good deal of my Postal History. I have exhibited internationally three times starting in London in 1960 with a general collection of the United States. I won a Silver; at Philypia in 1970 (General USA and Transatlantic Mails) a Gold and Silver; and at London 1980 (Transatlantic Mails only) a gold. Whilst, much to my pleasure, the U.S. Classics Society awarded me the Elliott Perry Cup for 1977.

"Over the years I have written a good many articles mainly for the "London Philatelist" and the "Chronicle".

"That is more or less how it happened and I have enjoyed it all, but it is a commonplace story."

Walter Hubbard

In my opinion it is a far from commonplace story. Walter Hubbard's delightful account modestly slides over the masterly conception and the years of scholarly investigation which resulted in this collection. Each cover has been painstakingly researched and the Lot Description including Ship names and Lines are the result of his efforts. It would be redundant to praise this collection. It speaks for itself.
