## FOREWORD

For the past 23 years January has signaled primarily intensified preparation for the Annual Rarities of the World Sale. It is always a pleasurable task in which memorable philatelic pieces pass through our hands. This year is no exception. In addition to customary examples of the extremely fine or extremely rare from both United States and World Wide philately we have the honor of presenting an extraordinarily beautiful example of the United States Air Mail Invert as well as a Block of 20 of the One Cent Pan-American Inverted Center, the most valuable United States Commemorative Multiple in existence.

1986 would be memorable for the Rarity Sale alone, but in a little more than three months from the time of this writing the philatelic event of the decade, "AMERIPEX" will get underway. The scope of "AMERIPEX" can only reassure a forward moving, bright outlook for philately in the decade to come. The tens of thousands of exhibition visitors will see at first hand a competitive display of some of the world's greatest stamp collections as well as a non-competitive showing of rarities in the "Court of Honor" and the "Aristocrats of Philately". We are pleased to have been selected to be one of the official "AMERIPEX" auctioneers. We hope many of you will visit us at our Super Booth in Chicago.

In closing, we sincerely hope you enjoy this year's "Rarities of the World" offering and for those of you doing "last minute shopping" for an addition to your "AMERIPEX" exhibit, we further hope that you will be able to find that certain stamp or cover missing from your collection.

A handwritten signature in black ink, reading "Robert G. Siegel". The signature is written in a cursive, flowing style with a large, prominent "R" at the beginning and a long, sweeping underline that extends across the bottom of the signature.

**Upon request estimate of value furnished on any lots in this auction.**

## CONDITIONS OF SALE

1. On all lots sold a commission of 10% on the hammer price is payable by the buyer.
2. The terms of sale are strictly cash on delivery to the highest bidder unless special arrangements have been made prior to the sale. The fact that an item is placed on extension (submitted to an expertising committee for certification) does not relieve the successful bidder from this condition of sale.
3. All bids are per lot as numbered in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots; to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will bid on behalf of clients, but will not be responsible for any errors in the execution of bidding instructions. The auctioneer shall regulate the bidding and in the event of any dispute his decision shall be final.
4. Any lot, the description of which is incorrect, is returnable, but only within 14 days of receipt. All disputed lots must be returned intact as received. **The following lots may not be returned for any reason whatsoever: Lots containing ten or more stamps; Lots from buyers who have had the opportunity to examine them before the sale; Lots described as having defects or faults may not be returned because of any faults. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**
5. Successful bidders, unless they are known to us or supply acceptable references are expected to make payment in full before the lots are delivered. Mail bidders will be notified of the amounts of their purchases. All mail bidders who have established credit with us must make payment within three days after receipt. We reserve the right in our sole and absolute discretion to demand cash payment at the time a lot is knocked down to any bidder who has not previously established credit with us or whose account is in arrears. In the event any buyer refuses to pay cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to re-offer the lot immediately for sale to the highest bidder.
6. If the purchase price has not been paid within the time limit, nor lots taken up within seven days from date of sale they must be resold and any loss arising from such sale will be charged to the defaulter. Any account more than thirty days in arrears is subject to a late payment charge of 1 1/2% per month so long as the account remains in arrears. If the auctioneer, in his discretion, should institute any action to secure payment of a delinquent account the defaulting purchaser shall pay all expenses incurred by the auctioneer and such charges will be added to the amount owed.
7. All lots are sold as genuine but should any lot be proved otherwise by written opinion of any competent, responsible authority acceptable to us, immediate refund of the full purchase price will be made, provided that such claim is made in writing within 14 days from date of sale. If claim is not made within this period, no lots are returnable for any reason at any time. So long as we are notified within the 14 day period that an opinion is being sought and **the material is submitted to an acceptable authority within that period** the matter will remain open until such opinion is rendered. **We will not be responsible for any charges incurred by the buyer for expertization fees and costs unless the opinion states the item is not genuine, in which case we will pay actual costs up to a maximum of \$50.00.** In the event an item is proved "not as described" it is returnable for full refund, and the buyer will be paid interest (at the prevailing Treasury Bill Rate) for the time his funds have been on deposit with us during the extension period.
8. Until paid for in full, all lots remain the property of Robert A. Siegel Auction Galleries, Inc. on behalf of the seller.
9. All forwarding charges will be added to the purchase price. The mode of shipment shall be at our option unless we are given specific instructions.
10. Lots may be sent for inspection to buyers known to us upon written application. All such lots must be returned to us by registered mail, adequately insured and within 24 hours after receipt. The applicant assumes all responsibility and will provide insurance against all risks from time of receipt until they are actually received back by us, and is to pay all expenses of postage and insurance. **No lots can be sent for inspection within ten days from date of local viewing. Large lots and collections cannot be sent for inspection.**
11. Agents are responsible for all purchases made on behalf of their clients unless other arrangements are made prior to the sale.
12. The placing of a bid shall constitute acceptance of the foregoing conditions of sale.

## **The Soul of Lady Liberty Captured in Miniature Form**

A model of this finely detailed sculpture piece, which stands on a meticulously constructed pedestal, was accepted as a gift for exhibition by the Statue of Liberty National Monument.

This piece which is approximately 9" high was rendered by the sculptor so that all of its 29 multiple parts authoritatively reflect this symbol of freedom.

### **★ TWO TYPES AVAILABLE ★**

The statue of this deluxe pewter piece is painted in patina and its pewter pedestal is painted in a granite finish. This attractive artwork is available for \$225.

## MINNESOTA POSTAL HISTORY

The Collector's Club of Chicago has published *The Minnesota Territory in Postmarks, Letters and Covers* by Floyd Risvold.

The 344-page book is printed on a high grade gloss enamel paper, with 308 illustrations. As an aid to the collector, a 17 inch by 22 inch four-color pull-out map of the Minnesota territory as it existed in 1850 is located in a pocket in the back of the book.

The book relates a history of the territory, a listing of the first postmasters and post offices, along with an extensive illustrated listing of the postmarks together with the earliest and latest date of use. A rarity value guide is included for each item. Chapters include various postal usages and routes including Pembrina and the Red River, steamboat, foreign, letter sheets, Fort Snelling, railroad, and more.

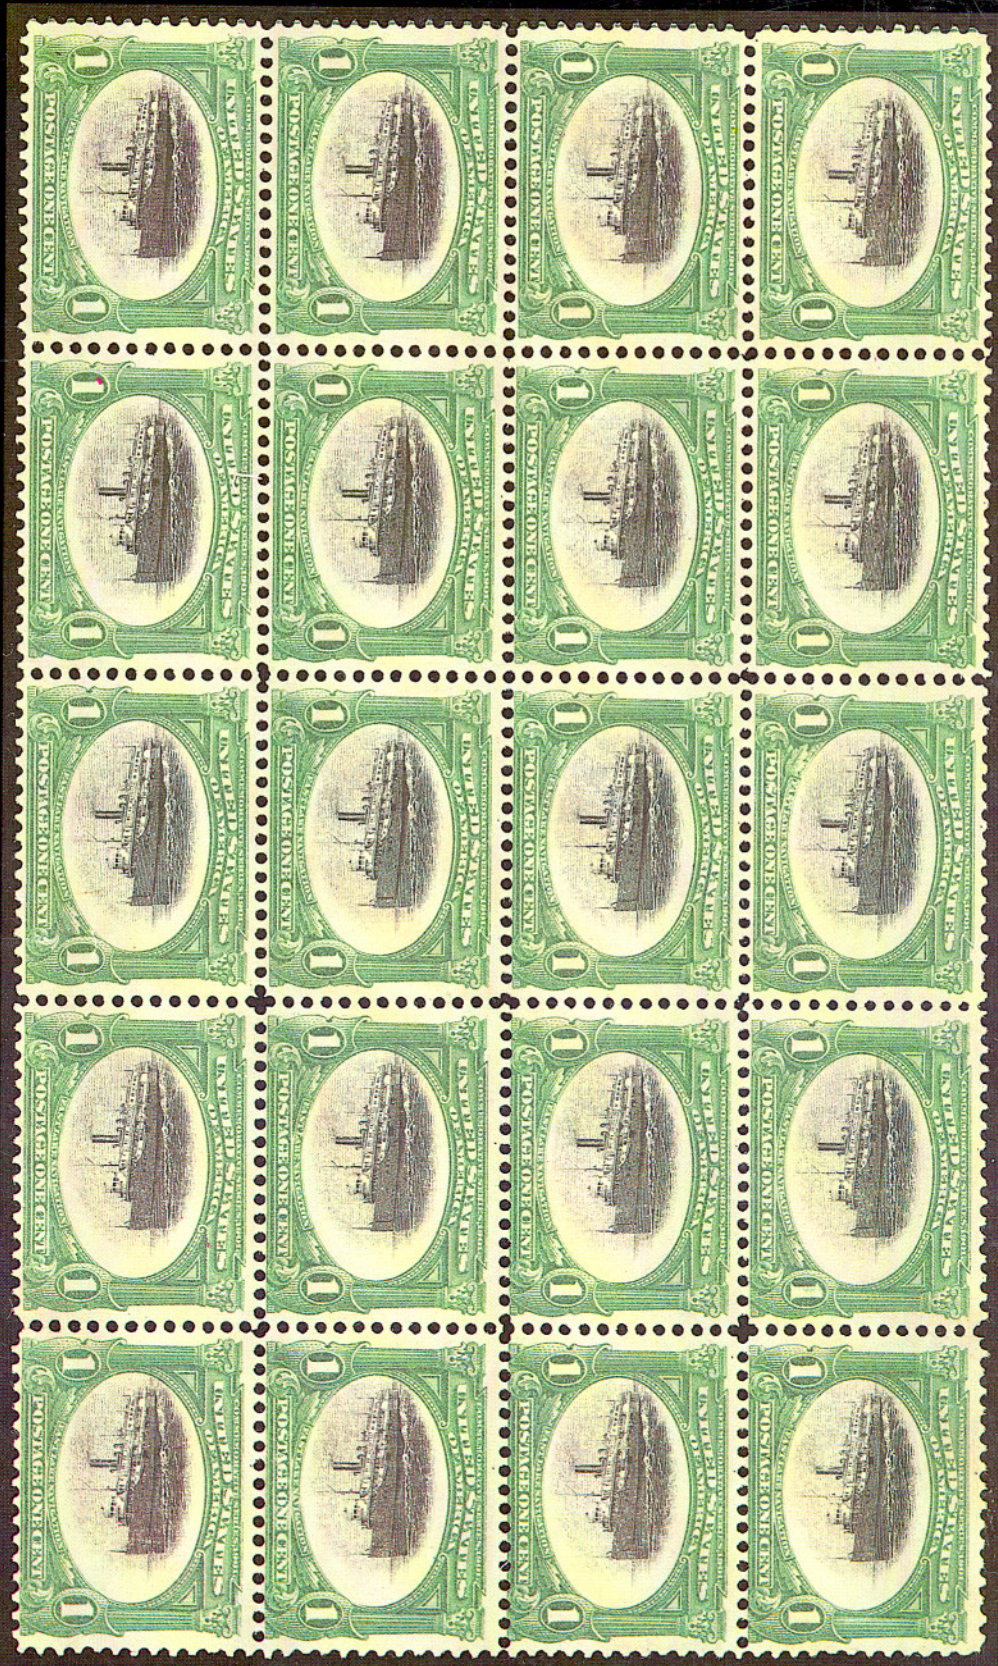

Floyd Risvold was born in Wisconsin in 1912 and grew up in Minnesota. His previous work, "A True History of the Assassination of Abraham Lincoln and of the Conspiracy of 1865," published by Alfred A. Knopf is currently in its third printing. A part of Risvold's postal history collection will appear in the invited exhibits as part of the AMERIPEX '86 Court of Honor.

The hard-cover book is available for \$65 postpaid.
