Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. **Lot numbers followed by the symbol ° are offered subject to one or more of the following conditions:** (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol ° means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to

demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to \$100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering

The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used in this catalogue:

Extremely Fine (EF): Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

Very Fine (VF): Normal size margins for the issue and well-centered with design a bit closer to one side. **Please note that this grade is superior to the one on which Scott Catalogue retail prices are based.**

Fine (F): Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

Very Good (VG): Attractive appearance, but margins or perforations may cut into.

Good (G): Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

Gum

Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

Mint: As issued by the post office and never hinged.

Original Gum (O.G.): Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show crackling and toning in gum, which occurs naturally over time.

Part Original Gum: Up to half of the gum is missing, but the remaining portion is original.

Disturbed Original Gum: The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

Hinge Mark: Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

Hinge Remnant (H.R.): All or part of hinge remaining affixed to gum.

Covers

Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms "Extremely Fine", etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

Catalogue Values and Estimates

Unless otherwise noted, U.S. stamps are catalogued according to the *Scott 1993 U.S. Specialized Catalogue* or Volume 1 (previous editions have been used to catalogue certain Special Printings). *Scott 1994* Volumes 1-5 have been used for British and foreign stamps. The *1994 Stanley Gibbons British Commonwealth Catalogue* and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, "175.00"). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example "E. 750-1,000"). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

24-CENT INVERTED "JENNY" AIR POST

POSITION 99

From The Estate of Margaret Gesen

- 1001°★ **24c Carmine Rose & Blue, Center Inverted (C3a).** Small h.r., tiny natural inclusion speck, few perf separations between stamp and selvage and natural flat plate gum bends (not mentioned on certificate), translucent stain barely visible

FRESH COLORS WITH VERY FINE CENTERING. POSITION 99, LAST PURCHASED IN 1929 FROM H. A. ROBINETTE, IS OFFERED HERE FOR THE FIRST TIME IN 65 YEARS

George Amick, in his definitive reference book on the Inverted "Jenny", refers to this stamp without knowing its position number (p. 94). It was sold in 1929 for \$1,575 in the H. A. Robinette sale of the Reid S. Baker collection. The buyer was a collector named Charles L. Jackman, who assembled his United States stamp collection in 1928 and 1929. Mr. Jackman was a prominent businessman in Concord, New Hampshire, and served as Chief Executive Officer of the Jackman Group of Insurance Companies and Chairman of the Board of Page Belting Manufacturing Company for decades. Mr. Jackman also served on the boards of several area banks, the Northern Railroad and United Life, as well as holding the office of police commissioner for the city of Concord. Mr. Jackman died in 1957, leaving his collection to the late Margaret Gesen, who kept it away from public view for the duration of her life. With her passing, the long-lost Position 99 has re-entered the market.

POSITION 50

From An East Coast Collector

- 1002°★ **24c Carmine Rose & Blue, Center Inverted (C3a).** Position 50 showing natural straight edge at right, well clear of frame line, nicely balanced margins other sides, fresh original gum and rich colors, hinged only once with small remnant at top

A VERY FINE AND EXCEPTIONALLY FRESH EXAMPLE OF THIS FAMOUS RARITY

Originally part of a vertical pair, it was first offered in Green Sale XXVII by Edson Fifield in 1946 and bought by the legendary stamp dealer, Warren Colson. The pair remained a part of his holdings until 1960 when it was purchased by Stanley Richmond, who in turn sold to Robert A. Siegel. Some time later the pair was separated, and position 50 was acquired by the present owner.

John Hutchins "Barnesville O." cds dated Jul. 1, 1861, mailed shortly after Douglas's death. The use of a grid discreetly canceling the flag and the cds not so discreetly applied over Douglas suggests the postmaster was a copperhead (Douglas strongly supported Lincoln after Ft. - 1032° ∞ **Stephen A. Douglas.** Simple portrait with facsimile signature on cover to the U.S.S. Sweet Brier, Port Royal, 3c Rose (65) tied by open grid, red "Providence R.I. Aug. 1, 1861" double-circle ds, Very Fine(Photo) E. 200-250
