FANCY CANCELLATIONS

SPECIAL NOTICE: Please note that lots marked “FC” (symbol column) are sold on the basis of the cancellation. As is customary, the stamp itself should be expected to have a small fault (thin spot, perf or margin tear, crease, etc.), and the presence of such fault(s), whether described or not, is not grounds for return under the Conditions of Sale. A serious repair, reperforation, or disfiguring fault will always be described. However, if a bidder is not prepared to accept a fancy cancellation on a stamp with a minor fault, he should examine the lots prior to bidding to determine whether or not they meet his condition standards.

END OF SALE — THANK YOU

Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. **Lot numbers followed by the symbol ° are offered subject to one or more of the following conditions:** (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol ° means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to

demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to \$100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering

The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used:

Extremely Fine (EF): Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

Very Fine (VF): Normal size margins for the issue and well-centered with design a bit closer to one side. **Please note that this grade is superior to the one on which Scott Catalogue retail prices are based.**

Fine (F): Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

Very Good (VG): Attractive appearance, but margins or perforations may cut into.

Good (G): Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

Gum

Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

Mint: As issued by the post office and never hinged.

Original Gum (O.G.): Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show crackling and toning in gum, which occurs naturally over time.

Part Original Gum: Up to half of the gum is missing, but the remaining portion is original.

Disturbed Original Gum: The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

Hinge Mark: Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

Hinge Remnant (H.R.): All or part of hinge remaining affixed to gum.

Covers

Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms "Extremely Fine", etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

Catalogue Values and Estimates

Unless otherwise noted, U.S. stamps are catalogued according to the *Scott 1995 U.S. Specialized Catalogue* or Volume 1 (previous editions have been used to catalogue certain Special Printings). *Scott 1995* Volumes 1-5 have been used for British and foreign stamps. The *1995 Stanley Gibbons British Commonwealth Catalogue* and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, "175.00"). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example "E. 750-1,000"). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as "floor sale only"). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.
