Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. **Lot numbers followed by the symbol ° are offered subject to one or more of the following conditions:** (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol ° means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to

demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus interest accrued on the purchase price at the prevailing Treasury Bill Rate from the date of payment, and the certification fee up to \$100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

Terms and Abbreviations Used in Descriptions

Centering

The width of margins and the centering of the design within perforations are graded in strict accordance with the Scott Standard Postage Stamp Catalogue standards. The following grades are used:

Extremely Fine (EF): Exceptionally large margins or near perfect centering, used to describe stamps which are of superior grade for the issue.

Very Fine (VF): Normal size margins for the issue and well-centered with design a bit closer to one side.

Fine (F): Imperforate stamps may have smaller than usual margins and perforated stamps will be noticeably off-center. Issues before 1890 may have the design touched in places. If used, fairly lightly cancelled.

Very Good (VG): Attractive appearance, but margins or perforations may cut into.

Good (G): Average off-centered example with slight faults. This condition is generally acceptable for multiples and rarities.

Gum

Stamps issued before 1900 should not be expected to have original gum unless specifically stated in the description. 20th Century issues may be expected to have original gum unless described otherwise. Terms used to describe the condition of gum are as follows:

Mint: As issued by the post office and never hinged.

Original Gum (O.G.): Stamp retains full original gum showing slight disturbance caused by previous hinge, which may be present or entirely removed. Early 19th century stamps should be expected to show crackling and toning in gum, which occurs naturally over time.

Part Original Gum: Up to half of the gum is missing, but the remaining portion is original.

Disturbed Original Gum: The gum is original to the stamp, but has been noticeably affected by hinge removal and/or humidity, mount glazing, etc.

Hinge Mark: Noticeable area where hinge has been removed and gum has been redistributed. Stamps described with hinge marks may not be returned because of gum disturbance.

Hinge Remnant (H.R.): All or part of hinge remaining affixed to gum.

Covers

Minor nicks, tears and slight reduction from opening are to be expected in 19th century covers. Folded letters normally have tears in the reverse and file folds, which will not be mentioned unless they affect the stamps or markings. Light cleaning of covers is an accepted form of conservation and is not grounds for return of a lot. The terms "Extremely Fine", etc., are meant to convey the overall appearance of cover, not the condition of an individual stamp.

Catalogue Values and Estimates

Unless otherwise noted, U.S. stamps are catalogued according to the *Scott 1996 U.S. Specialized Catalogue* or Volume 1 (previous editions have been used to catalogue certain Special Printings). *Scott 1996 or 1997* Volumes 1-5 have been used for British and foreign stamps. The *1996 Stanley Gibbons British Commonwealth Catalogue* and other foreign catalogues are cited where appropriate.

Catalogue values are indicated by decimal figures in the right column (for example, "175.00"). Stamps in extremely fine quality and items for which catalogue values are not available have been given estimate ranges (for example "E. 750-1,000"). Lots offered subject to a reserve will never be reserved for more than the estimate (usually a fraction of the estimate).

Castor oil—has undergone no change, in its abundance, and dullness of sale: value 2 drs 60 to 2 drs 75 per case of 1 dozen.

Hogslard—is worth 19 drs per 100 lbs and tending upwards.

Leaf Tobacco.—The following are present quotations, viz:

Calcutta, 9 drs 50 per 100 lbs, nearly unsaleable.

Mazulipatam, 11 drs to 12 drs, abundant.

Coringa, 20 drs to 22 drs, in demand.

The duty is 3d per lb.

Trunchar soap—is scarce at 13 drs per 100 lbs.

Sugar.—The D.C. European mail produced a further advance of 1/6 2/1 a cwt, and the demand was kept up till within the last ten days, when purchases have been made on more easy terms again. No 11 of the Dutch Standards (good grey) costs about 5 drs 75 per 100 lbs or 25 1/3 per cwt free on board (without insurance): other qualities in proportion.

The weather has been exceedingly favorable for the growing canes, and there is every appearance of next crop being the largest ever made in the island.

Exchange—is gradually becoming more favorable for drawers, as the season advances and document bills become less abundant. That paper at 3 months sight on England may be quoted at 1 per cent discount, and the Bank's drawing rates are now

| | | |
|-----------------------------------|--------|--------------------|
| On London, at 3 months sight..... | 1 | per cent, premium. |
| On Calcutta, at 3 days sight..... | 51 1/4 | cents per Rupee. |
| On Madras, do. | 51 1/4 | do. |
| On Bombay, do. | 51 1/4 | do. |

Sovereigns of the English mint are procurable at 1/2 per cent premium, and those of the Australian at par.

Freight—The month has been one of uninterrupted dullness in freights: 10s per ton to England has been the ruling rate, and altho' the advices from India of late more encouraging there is yet no advance on these quotations. To Australia £2 the Cape of Good Hope £1, and to France 50 fcs. to 80 fcs. per ton.

We are yours faithfully

FIRST AFGHAN WAR

- 2473° ☒ **"Candahar July 26th/40."** Dateline on eight-page folded letter from Lt. R.A. Trotter of the 43rd Bengal Native Infantry, to his father at Patna: *"For the last two months I have been out with General Nott and the right wing of our Regt., knocking about the country after adventurers. . . without seeing a shot fired, as the whole insurrection had been put down. . . to give the Ghilzees their due, they stood well. Shah Soojah, or 'Our King' as Macnaghaten calls him, would be back in Lodianah long before the Regulars. . . It is a well known fact that the Dooranee Chiefs, although nominally friends of the Shah's, detest him most thoroughly, so you may suppose the country is not in such a settled state as some people would make us believe. Had I the power put into my hands I would blow away from a gun every morning a few of these sadid Dooranee Chiefs, I would continue the practice till the remainder were brought to their senses."* etc. Trotter also discusses the war in China, and is severely critical of the "politicals" in Hyderabad and Afghanistan and describes how the Baloochees robbed the mails for Quetta. He adds in some cross-writing: *"Captain Lewis of the 42nd took my likeness the other day, and although he has made me look rather fierce, yet all here say it is one of the best he has taken."* Lettersheet with clear "PATNA" boxed datestamp and ms. - 2513° 1871-78 Tiger Head Issues Off Cover. Balance of collection comprising 1,183 stamps carefully arranged and annotated on album pages, excellent representation of issues, approximately half the quantity in sheets of 40 (a few reconstructions from large blocks) of the 1877-78 Post Office issues (Nos. 54/108); the early Tiger Head issues are shown in depth, including an unused "1288" 1sh Black, Plate A (No. 2—another example of this rare stamp in unused condition was recently sold for \$2,500 at auction), large unused multiples of the "1288" Plate C Abasi and Sanar (Nos. 3 and 4) and Plate D Abasi; the "1290" 1sh Black With Ornaments is shown in sheets of 15 from the second and third states (retouched ornaments); there are two sets of top and bottom half-sheets of the "1290" 1sh Black, Without Ornaments (11), showing different watermarks; the "1291" Issue is represented by a reconstructed sheet from three unused rows of five of each value; "1292" Issue Brown Violet printing with singles of each value and an unused strip of five Abasi (No. 18) and unused block of six Sanar (No. 17); there are no Tablet Issues (offered separately in this sale); the shades of the "1293" Post Office Issue are well-represented, including the scarce Oliver-Green (Ocher) and rare Brownish Black (of Jalalabad—five Shahi used singles and an unused Rupee); the "1294" Post Office Issue is shown in sheets of 40 including Green proof, Gray of Peshawar (two sheets), Yellow of Jalalabad, Gray-Green of Kabul, and Violet of Khulm (Tashkurgan); finally, there are fourteen sheets of the "1295" and subsequent "Skeleton" issues and a reconstruction in Dark Purple of the 1sh; obviously an offering of considerable magnitude and difficulty of acquisition—a number of items come from the Hopkins collection and nearly all are Very Fine—worth careful inspection..... - 2514° 1881-84 dated "1298", Abdur Rahman Issues. Comprehensive collection mounted and annotated in three Godden albums, comprising 61 covers with stamps (plus two covers with Peshawar seals) and more than 300 stamps (including the dubious 1884-86 colored-paper issues), the covers are outstanding with various colors and denominations, multiples, registered usages, and cancellations (many without bite)—the two highlights being (i) an L-shaped strip of three of the 1881 2ab Black on Laid (No. 113), large margins, cancelled by ms. only on back of cover, and (ii) cover with an 1884 1ab Lake on Lilac with India ½a—the off-cover portion is strong in pre-1884 Issues and replete with multiples, cancellations, etc. Although the later issues of the Abdur Rahman era have questionable status as legitimate postage stamps, the early 1881-83 period is rich in postal history, and this collection contains 61 genuine usages on cover (value \$75 to \$150 each for normal covers—the highlights noted above would be \$300-400 items as individual lots), an extraordinary opportunity to acquire the nucleus for further study (Photo Ex) E. 5,000-7,500

A Message from Mid-Air.

This is one of the first post cards by Balloon post, and as there are no stamps on sale yet in the clouds please postage it, you get it. See where the post mark is then you can tell what earthly post office catches the Cloudland post. The clouds yet are hardly solid enough for cricket so it is no use you setting a school eleven to come up for a match. Love from Uncle & Auntie Ramsay

This Postcard was thrown out of Mr. J. L. Tanner's "Mammoth" Balloon, "Daily Graphic" Expedition. Have sent to all my own

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as "floor sale only"). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Castor oil—has undergone no change, in its abundance, and dullness of sale: value 2 drs 60 to 2 drs 75 per case of 1 dozen.

Hogslard—is worth 19 drs per 100 lbs and tending upwards.

Leaf Tobacco.—The following are present quotations, viz:

Calcutta, 9 drs 50 per 100 lbs, nearly unsaleable.

Mazulipatam, 11 drs to 12 drs, abundant.

Coringa, 20 drs to 22 drs, in demand.

The duty is 3d per lb.

Tranquebar soap—is scarce at 13 drs per 100 lbs.

Sugar.—The D. c. European mail produced a further advance of 1/6 2/4 a cwt, and the demand was kept up till within the last ten days, when purchases have been made on more easy terms again. No 11 of the Dutch Standards (good grey) costs about 5 drs 75 per 100 lbs or 25 1/3 per cwt free on board (without insurance): other qualities in proportion.

The weather has been exceedingly favorable for the growing canes, and there is every appearance of next crop being the largest ever made in the island.

Exchange—is gradually becoming more favorable for drawers, as the season advances and document bills become less abundant. That paper at 3 months sight on England may be quoted at 1 per cent discount, and the Bank's drawing rates are now

| | |
|-----------------------------------|-------------------------|
| On London, at 3 months sight..... | 1 per cent, premium. |
| On Calcutta, at 3 days sight..... | 51 1/2 cents per Rupee. |
| On Madras, do..... | 51 1/2 do. |
| On Bombay, do..... | 51 1/2 do. |

Sovereigns of the English mint are procurable at 1/2 per cent premium, and those of the Australian at par.

Freight—The month has been one of uninterrupted dullness in freights: 10s per ton to England has been the ruling rate, and altho' the advices from India of late more encouraging there is yet no advance on these quotations. To Australia 3/2 the Cape of Good Hope £ 1, and to France 50 fcs. to 80 fcs. per ton.

We are yours faithfully
