## Conditions of Sale

---

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By placing a bid on any lot, the bidder acknowledges acceptance of and will be bound to these Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

**4. Lot numbers followed by the symbol ° are offered subject to one or more of the following conditions:** (i) the lot is subject to a minimum final bid ("reserve"), below which it will not be sold, (ii) the Galleries have advanced monies to the seller and have a financial interest in the lot, (iii) the Galleries have guaranteed the seller a minimum sale price, and (iv) the Galleries may have ownership interest in the lot, either in part or whole. The absence of the symbol ° means that the lot is offered without reserve.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. The Galleries retain the right to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that

any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price, plus the certification fee up to \$100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots, and agrees to pay for all out-of-pocket costs incurred in shipping.

## Grading Terms, Abbreviations and Values Used in Descriptions

### Centering and Gum

Margin width, centering and gum are graded according to Scott Catalogue standards.

**Extremely Fine (EF):** Exceptionally large margins or near perfect centering. The term "Gem" describes condition that is the finest possible for the issue.

**Very Fine (VF):** Normal size margins for the issue and well-centered with the design a bit closer to one side.

**Fine (F):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (VG):** Attractive appearance, but margins or perforations cut into the design.

**Good (G) or Average (Ave.):** Cut into or perfs far into design and usually with slight faults. This condition is generally acceptable for rarities, scarce multiples or stamps used on unusual covers.

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM
	 <b>Mint Never Hinged</b> <i>Free from any disturbance</i>	 <b>Lightly Hinged</b> <i>Faint impression of a removed hinge over a small area</i>	 <b>Hinge Mark or Remnant</b> <i>Prominent hinged spot with part or all of the hinge remaining</i>	 <b>Part o.g.</b> <i>Approximately half or more of the gum intact</i>	 <b>Small part o.g.</b> <i>Approximately less than half of the gum intact</i>	 <b>No gum</b> <i>Only if issued with gum</i>
Catalogue Symbol:	★★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for "O.G."		Scott "No Gum" Values thru No. 218
1890-1935 ISSUES	Scott "Never Hinged" Values for Nos. 219-771	Scott Value for "O.G." (Actual value will be affected by the degree of hinging)		<b>Disturbed Original Gum:</b> Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance

### Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

### Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

- 502 ☒ **Amelia Earhart, Round the World Flight, First Attempt.** Unaddressed, stampless cover with 1937 Earhart cachet in blue & red, postmarked with Oakland Cal. machine cancels dated Mar. 11, 14 and 17 (on back), the last being the day she took off. Leaving Honolulu on the second leg of the journey, her plane was crippled with a smashed wing and damaged landing gear. The flight was postponed until May 21. On this second attempt, Earhart carried 7,500 of these souvenir envelopes, including 6,500 returned to Oakland by the Honolulu postmaster for dispatch on what became her last flight. From a collector's standpoint, the multiple applications of the Oakland cancel served no philatelic purpose, and it's suggested that the postmaster may have noticed an unused envelope among the covers prepared for the flight and simply used the piece to test his equipment. Whatever the explanation, this is a very rare cachet in cancelled form, one of four or five known .....(Photo) E. 500-600

### Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as "floor sale only"). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.
