Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum final bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. In the absence of a reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. **The Galleries retain the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed

appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$100.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs (see back of Bid Form).

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

Grading Terms, Abbreviations and Values Used in Descriptions

Centering and Gum

Margin width, centering and gum are graded according to Scott Catalogue standards.

Extremely Fine (EF): Exceptionally large margins or near perfect centering. The term "Gem" describes condition that is the finest possible for the issue.

Very Fine (VF): Normal size margins for the issue and well-centered with the design a bit closer to one side.

Fine (F): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (VG): Attractive appearance, but margins or perforations cut into the design.

Good (G) or Average (Ave.): Cut into or perfs far into design and usually with slight faults. This condition is generally acceptable for rarities, scarce multiples or stamps used on unusual covers.

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM
	 Mint Never Hinged <i>Free from any disturbance</i>	 Lightly Hinged <i>Faint impression of a removed hinge over a small area</i>	 Hinge Mark or Remnant <i>Prominent hinged spot with part or all of the hinge remaining</i>	 Part o.g. <i>Approximately half or more of the gum intact</i>	 Small part o.g. <i>Approximately less than half of the gum intact</i>	 No gum <i>Only if issued with gum</i>
Catalogue Symbol:	★ ★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for "O.G."		Scott "No Gum" Values thru No. 218
1890-1935 ISSUES	Scott "Never Hinged" Values for Nos. 219-771	Scott Value for "O.G." (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the Scott Catalogue—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

- 41 **1c Blue, Ty. Ia (19)**. Pos. 94R4, well-centered for this type, shows most of bottom ornaments, fresh color on bright paper, neat strike of cds cancel leaves bottom of stamp unobscured, single short perf at left

VERY FINE. A BEAUTIFUL EXAMPLE OF THE RARE PERFORATED TYPE IA WITH VIRTUALLY COMPLETE TYPE IA CHARACTERISTICS.

The Type Ia stamps were produced from 18 positions in the bottom row of plate 4. The most distinctive feature of Plate 4 is that the top row was entered with the designs complete at top (Type II), and the bottom row was entered with designs complete or nearly complete at bottom (Types Ia and Ic). Although the plate layout provided sufficient space for perforations, the height of the top-row and bottom-row designs was larger than others in the sheet, which resulted in perforations cutting into either the top or bottom rows, depending on which direction the sheet was fed into the perforator. Type Ia and Ic stamps from the bottom row are almost always cut into at bottom, an unfortunate situation for collectors because the bottom part of the design is what makes Type Ia and Ic stamps desirable.

This well-centered example, showing most of the Type Ia design characteristics, should be considered a condition rarity. (Color Photo, p. 73) 4,000.00

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as "floor sale only"). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the invoiced total and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage, but we do not include any fees for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

SERVICES FOR BUYERS

If you wish to participate in our auctions, we will be pleased to assist you in many ways. Most of the following services are provided without additional charge.

Mail Viewing

Subject to availability, many lots can be sent to established clients (or those who submit references) for examination. Requests must be made no later than five days prior to the auction. Lots must be returned on the day of receipt. Postage/insurance costs will be invoiced. Large lots will not be available for mail viewing.

Viewing by Appointment

In addition to the regular public viewing hours, prospective bidders may view lots at our galleries by appointment.

Lot Review

Our on-staff philatelists will be pleased to review the description of any lot and provide more detailed information.

Opening Bids

During the two days prior to the sale, we will furnish approximate opening bids by phone or fax. Openings often change (up or down) and cannot be guaranteed as a reliable indicator of where the auctioneer will start the bidding. Opening bids will not be given on sale days.

Hotel and Restaurant Reservations

We will be pleased to furnish the names of good hotels and restaurants in the area. During peak seasons, we may be able to assist in placing reservations.

Absentee Bidding by Phone or Fax

Bidders who cannot attend the sale may leave written bidding instructions (see Bid Form). Bids called in must be confirmed in writing by fax or mail.

Telephone Bidding

Prospective bidders may apply for a telephone link to the auction and bid through one of our staff members. Applicants must call at least 24 hours prior to the sale date. Phone links are subject to availability and may be cancelled due to oversubscription.

Expert Certification

Individual items offered without a Philatelic Foundation certificate (or other accepted authority's certificate) dated within the past five years may be purchased subject to certification (please see Conditions of Sale for details).

Shipping and Delivery of Lots

Instructions for shipping must be given to the gallery prior to or immediately after the sale. Unless special instructions are received, we will follow the shipping guidelines on the back of the Bid Form. Buyers are responsible for all prescribed shipping charges, whether or not the actual out-of-pocket expense is equal to the invoiced charge.

Prices Realized

A list of prices realized will be included with every buyer's invoice. We will accept phone and fax requests for prices realized at any time during or after the auction. For those who qualify, our *ASAP Prices Realized* service will provide faxed daily results during the evening of the sale day (application available upon request). Printed prices realized lists are mailed to all others within 30 to 60 days of the sale.

SERVICES FOR SELLERS

If you wish to sell stamps, we will be pleased to provide the following standard services and options. Specially tailored proposals will be made for significant items and collections.

Appraisals

Verbal appraisals of material brought to our galleries are free of charge. Written appraisals for estate tax, insurance or other purposes are billed at hourly (\$50) or daily (\$500) rates. Fees will be rebated if the property is consigned within a certain period of time.

On-Site Sale Consultation

If your consignment is worth \$75,000 or more, we will travel to you at our expense.

Consignment Deadlines

Closing dates for consignment can always be found in our quarterly newsletter, *The Siegel Despatch*, and in our web site:

<http://SiegelAuctions.com/home.htm>.

Sale Settlement

42 days from the sale date, consignor proceeds are mailed. Since 1930 our firm has never missed settlement day.

Commission Rates

10% seller's commission and 10% buyer's premium. Minimum seller's commission is \$25 per lot. Special terms for more valuable properties may be discussed.

The Siegel Guarantee

Major collections can be offered at auction with a guaranteed minimum net realization. Estate executors who must protect beneficiaries' interests will be fully insured against a market downturn by the Siegel Guarantee.

Advances

Advances up to 50% of our valuation are available to consignors under certain terms.

Negotiated Sale for Immediate Payment

If you wish to sell your stamps for a specific price, we will be pleased to make an offer on behalf of ourselves or other clients.

Single-Owner Sales

Collections with a fair market value of \$300,000 or more may qualify for a special single-owner sale catalogue. The Siegel firm leads the way in offering major name sales, including over the years the Krug, Newbury, Lilly, Matthies, Weatherly, Grunin, Rohloff, Baker, Haas, Kimmel, Wunderlich, Cole, Kapiloff, Honolulu Advertiser, Morris, Rose and Birkinbine collections.

Annual Rarities of the World Sale

Suitable individual rarities will be accepted for our annual Rarities of the World auction. The consignment deadline for this auction is generally in early March.
