## Conditions of Sale

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 10% of the final bid ("buyer's premium"), together with any sales tax or use tax which may be due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum final bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve.** In the absence of a reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Any lot, the description of which is obviously incorrect, is returnable, but only if the lot is returned within 14 days of receipt. All disputed lots must be returned intact with the original packing material. **The following lots may not be returned for any reason: Lots containing ten or more items; lots from buyers who have registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults" or "defects" may not be returned because of any fault or defect. No illustrated lots may be returned because of centering, margins or other factors shown in the illustrations.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within three days from the date of sale. **The Galleries retain the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder.

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within seven days from the date of sale, the lots will be resold by whatever means deemed

appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than thirty days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot which is accompanied by an expert certificate (for U.S. items, the accepted authority is The Philatelic Foundation), dated within the past five years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion obtained after the sale.** Buyers who wish to obtain a certificate for any item that is not accompanied by a certificate dated within the past five years may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$100.00 unless otherwise agreed.

9. Title to the property sold in this auction shall pass to the buyer after all of the buyer's payment obligations have been met and conditional sales (as defined in Condition 8) are determined to be final. Until such time, title shall belong to the Galleries (on its own behalf or on behalf of the seller), regardless of the location of the property.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs (see back of Bid Form).

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

## INTRODUCTION

FALK FINKELBURG WAS A STUDENT OF THE SCHOOL OF ESSAY AND PROOF collecting in which Clarence Brazer was headmaster and other disciples, such as Morton Dean Joyce, John C. Juhring and Thomas Morris, gathered to exchange information and form their collections. This Old School of Brazer's, while informal in its organization, was truly a teaching institution that guided countless thousands of others in collecting and understanding the essay-proof material that is part of the creative process of stamp design.

Today, there are many collectors who remember Falk Finkelburg as a mentor. James E. Lee, the respected Chicago dealer and auction agent, recently published an anecdote that best represents the kind of relationship Mr. Finkelburg fostered with other collectors. Jim wrote, "He invited me to dinner and a meeting of the Essay-Proof Society. I don't think I touched my meal since I had so many questions to ask of him. He had such encyclopedic knowledge on the subject and would methodically answer each question." Indeed, Mr. Finkelburg was instrumental in revising the Brazer catalogue and establishing the Essay-Proof section of the Scott U.S. Specialized Catalogue.

Another anecdote we can offer is a story involving Robert A. Siegel. It seems that a rumor reached Mr. Siegel, informing him that his friend, Falk Finkelburg, had passed away. Both men were in their 70's, and it was an all-too-frequent and sorrowful event when one of Mr. Siegel's friends passed on. As etiquette would dictate, Mr. Siegel wrote a condolence letter to Mrs. Finkelburg. At the next auction, Mr. Finkelburg, quite alive and well, took his favorite seat toward the front of the room and, observing Mr. Siegel's rather startled expression, he stood up and assured everyone with the famous Twain quote, "the rumors of my demise have been greatly exaggerated."

The collection assembled by Falk Finkelburg and presented in this sale catalogue is extraordinary in its scope and depth. Much of the material was acquired from sales in the 1940's and 1950's, including picks from the Earl of Crawford, Robert Hackett and Clarence Brazer collections. Some of the material is the basis of the Brazer and Scott listings, and several items are illustrated in those catalogues. The Siegel firm has a long and proud history of offering important essay-proof collections, but it is the Finkelburg sale that closes the chapter on the Brazer School of collecting. May those who carry on follow the example of Falk Finkelburg by developing and sharing their knowledge with others.

EXTREMELY FINE. THIS IS THE FINER OF THE TWO EXAMPLES RECORDED IN THIS COLOR. THIS IS THE ONLY ESSAY DESIGN SHOWING THE CORNER ROSETTES. AN IMPORTANT EXHIBITION PIECE.

Some students consider this and the following lot to be proof strikes of the die used for the Roosevelt and Panama-Pacific small die proofs. Others, including Clarence Brazer, consider these to be die essays struck in 1851.

This essay is known in both Black and Dusky Blue. A Black essay was sold as lot 103 in our 1990 Brazer sale (Siegel sale 726), where it realized \$7,500 hammer. EXTREMELY FINE AND CHOICE. THIS IS THE ONLY EXAMPLE KNOWN TO US OF THE ORIGINAL RED BROWN LARGE DIE PROOF FOR THE 5-CENT 1856 ISSUE. A GREAT RARITY AND A WONDERFUL SHOWPIECE.

Our examination of die and plate proofs for Scott No. 12 yielded some interesting observations. The large die proof offered here shows a portion of the design impinging on the colorless oval around the portrait. This can also be found on the large die trial color proofs and the Small Die Proofs (lots 1087, 1108 and 1167-1170). It is not found on any plate proofs, and so this extra portion of the design must have been removed prior to laying down the plate, from either the die or, more likely, the transfer roll.

Earl Oakley describes the four reliefs used during printing of the 5c 1856 in *The Chronicle* No. 45, July 1963 (pp. 14-18). The four reliefs can be distinguished from one another by distinctive marks in the colorless oval at top left. One possible theory is that after the transfer roll was made the extra portion of the design was removed from the reliefs on the transfer roll. This would explain the distinctive reliefs, which were caused by inconsistencies in the burnishing of the four reliefs on the transfer roll. .... 5,000.00

EXTREMELY FINE. ONE OF TWO RECORDED EXAMPLES OF THE ORIGINAL LARGE DIE TRIAL COLOR PROOF FOR THE 5-CENT 1856. ONE OF THE HIGHLIGHTS OF THE FINKELBURG COLLECTION.

Very little is known about the production and introduction of the 5c 1856. The large die proofs and trial color proofs have helped us to gather additional useful information. For a more complete explanation, see description for previous lot.

EXTREMELY FINE. A RARE ORIGINAL LARGE DIE PROOF OF THE TYPE I 10-CENT 1855 ISSUE.

Neinken notes in his book on the 10c stamp that it is likely that design and production of the 10c 1855 was rushed. The new 10c rate went into effect on April 1, 1855 and the new stamps were not placed into use until May. The die proof shows slips of the engraver's tool, and the overall layout is slightly skewed.

EXTREMELY FINE. AN EXCEEDINGLY RARE ORIGINAL LARGE DIE PROOF OF THE 12-CENT 1851 ISSUE.

Brookman notes that the right inner frameline of the 12c die was weak at bottom right between the rosette and the bottom frameline. He also notes that 4 out of 5 positions on Plate 1 were subsequently recut in this problem area.

We are able to detect two thin lines in this part of the design. This indicates either that the engraver's tool slipped causing a weak area, or that the original engraving was extremely weak, and the engraver had to be retouch this area on the original die. If the latter explanation is true, then his efforts to strengthen the area apparently were not successful given the many recut positions.

VERY FINE APPEARANCE. AN EXTRAORDINARY EXAMPLE OF THE IMPERFORATE 3-CENT SCARLET PRINTING — ONE OF FOUR RECORDED WITH THE MANUSCRIPT INITIALS AND DATE.

One other imperforate 3c Scarlet with initials and date was offered in our 1999 Rarities sale (lot 97), where it realized \$11,000.00 hammer. The other imperforate example was offered in the third Ferrary sale as lot 477. The example offered here was unknown to us until very recently. All four initialled and dated 3c Scarlet items are without gum and are identical in shade. EXTREMELY FINE AND CHOICE. ONE OF ONLY TWO EXAMPLES OF THE LARGE DIE TRIAL COLOR PROOF OF THE BLACK JACK STRUCK IN GREEN. A GREAT RARITY.

In the Allen Black Jack book (page 127), the author gives a census of colors known and numbers recorded of Black Jack trial color proofs. Two each are known in five colors: Orange, Scarlet, Green, Brown and Brownish Yellow. Brazer believed that only one example in Dark Blue exists. There are eight distinct colors contained in the Finkelburg Collection — it is likely that some of these are unique.

The rarity of the Black Jack large die trial color proofs is further demonstrated by the fact that none was contained in either the Allen, Brazer or Rorke collection. The entire offering from the Finkelburg Collection was purchased from John A. Klemann in 1936 and has not been offered to the market since..... 4,500.00

- 1330 E **2c Dull Red Violet, Re-Use Prevention Essay (79-E1).** Folded design for re-use prevention, original gum, h.r., small nick at top left, few internal faults

EXTREMELY FINE AND EXTREMELY RARE. ONE OF ONLY A HANDFUL OF THESE RE-USE PREVENTION ESSAYS ARE RECORDED.

The inventor of these designs is unknown. The design of the stamp is such that it was intended to be affixed to a cover folded as shown in the illustration. The postmaster would then remove part of the stamp, exposing punched out or different colored numerals underneath. The background of the design is also scored so that any attempt to remove a cancel or the the stamp from the cover would result in its breaking apart. .... 2,000.00

- 1335 E     **Charles F. Steel Experimental Grill Essays (79-E13a).** 80 x 140mm wove paper bearing four different types of grill impressions, signed "First experiments of grill, Chas. F. Steel" at bottom, all four are unadopted grill designs, one very strong and breaking thru paper at bottom, some toning, crease at bottom left and light vertical crease, few thins

THIS IS THE LISTING ESSAY SHOWING THE FIRST EXPERIMENT OF THE GRILLING DEVICE INVENTED BY CHARLES F. STEEL AND SIGNED BY HIM. ONE OF THE MOST IMPORTANT GRILLED ISSUE ITEMS IN EXISTENCE.

On October 22, 1867, Patent No. 70,147 was issued to Charles F. Steel for a device specifically designed for applying a grill to postage stamps. As our introduction to the grilled issues in the Zoellner catalogue notes, correspondence is known from Steel as early as 1865 demonstrating his efforts to persuade officials to employ his invention. This essay, likely produced prior to 1865, is of great historical importance.

VERY FINE APPEARANCE. AN IMPORTANT GRILLED ISSUE ESSAY.

In Charles F. Steel's 1867 patent for the grilling device, he notes his intention that as part of the process he would "flatten a portion or the whole of the paper, so as to nearly remove all indications of the embossing, except that the fiber of the paper remains disturbed and partially broken. After this I print on the surface thus prepared."
