### **Information for Bidders**

### **Bidding**

The following means are available for placing bids:

- 1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- **2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- **3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

### **Pre-Sale Viewing**

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

### **Expert Certification**

Individual items offered without a current certificate (PF dated within the past five years of sale; PSE dated January 2004 or later) may be purchased subject to independent certification of genuineness and our description. Please refer to the Conditions of Sale and Grading Terms for policies governing certification.

### **Shipping and Delivery**

Procedures and charges for shipping lots are printed on the back of the Bid Form. Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.

### **Price Realized**

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to **siegelauctions.com** 

### **Live Internet Bidding at Siegel Auctions**

### Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

### Registering with Stamp Auction Network and Siegel Auction Galleries

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form with your trade references (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

### 3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

### **2** Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to **stampauctionnetwork.com**/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occassionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

### Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

- 1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.
- 2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
- 3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
- 4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.
- 5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.
- 6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.** 

- 7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
- 8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not **limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.
- 9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
- 10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
- 11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.
- 12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

### **Grades, Abbreviations and Values Used in Descriptions**

### **Grades and Centering**

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>5M</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.

**Extremely Fine Gem (90-100):** The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

**Extremely Fine (80-90)**: Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

### Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

### **Catalogue Values and Estimates**

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz, American Air Mail Catalogue* (AAMC), *Michel, Zumstein, Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

### Catalogues, Prices Realized and Power Search

Images and descriptions for all current sale catalogues are available from our website.

Using our Power Search™ tool, you can locate items from the Siegel database, including every Rarities sale since 1964 and every Siegel sale since 1993 more than 180,000 lots worth hundreds of millions of dollars.

### The Siegel Encyclopedia and Rarities Census

This feature of our website contains a wealth of information gleaned from decades of philatelic research by the dedicated philatelists at Siegel.

The up-to-date census data for 19th and 20th century U.S. rarities are a valuable resource for buyers, sellers and researchers. Every recorded example of more than 30 different rare stamps is described and, in most cases, photographed.

### Rarities of the World Sales Archive

Images and descriptions for every annual Rarities sale since 1964 provide an unparalleled source of information on the world's greatest philatelic rarities. Digital images made from color slides for Rarities sales between 1964 and 1991 (the era of black-and-white catalogues) make this the only source of color images anywhere.

### Informative Video Presentations

Downloadable video documentaries tell the stories of stamps and covers, such as the famous Inverted "Jenny." This is the ideal way to introduce philately to others.

2067

2068

2068 1c Blue, Ty. Ia (6). Deep rich Plate 4 color, large margins to barely touched and showing complete plumes at bottom which are the primary characteristic of the type, cancelled by neat strike of blue circular datestamp, faint vertical crease at left not mentioned on accompanying certificate

VERY FINE AND CHOICE USED EXAMPLE OF THE 1851 ONE-CENT TYPE IA IMPERFORATE.

The extremely rare Type Ia, showing the full design at bottom, was furnished only by 18 of the 200 subjects on Plate 4 (the remaining two bottom-row positions were sub-type Ic).

2069 2070 2071EX

- 2071 **1c Blue, Ty. II, IV (7, 9).** Single of each, large margins to clear, first with neat New Orleans circular datestamp, second with large Boston "Paid" grid, first trivial corner margin crease far from design, otherwise Extremely Fine .................................(Photo Ex) 300.00

2073

2073 1c Blue, Ty. III, Position 99R2 (8). Positions 97-99R2, horizontal strip of three, lefthand pair Ty. II (7), large margins to just touched at top, rich color, light strikes of grid cancels, left stamp small flaw at bottom left, right stamp (99R2) insignificant corner crease at top right not mentioned on accompanying certificate

A MAGNIFICENT STRIP OF THREE CONTAINING AN EXTREMELY FINE APPEARING EXAMPLE OF THE RARE AND DESIRABLE POSITION 99R2 — THE MOST PROMINENT EXAMPLE OF TYPE III — SHOWING WIDE BREAKS AT TOP AND BOTTOM.

Type III is defined by breaks in the outer lines at both top and bottom. Many Type III stamps have breaks that were created or enlarged by plate wear. Since the wear occurred over a period of time, a majority of stamps of this type (both unused and used) have small breaks in at least one line. The most notable exception is Position 99R2. According to the Neinken book, "The 99R2 stamp is a fresh entry, that was short transferred both at top and bottom, over an original entry that had been erased. . . The reason that 99R2 is the finest example of Type III is because of its very short transfer at top and at bottom, giving us the wide breaks in these lines." (p. 184).

2074 **1c Blue, Ty. III, Position 99R2 (8).** Positions 98-100R2, horizontal strip of three, left stamp Ty. II (7), center stamp Ty. III 99R2 (8), right stamp Ty. IIIA (8A), large margins to in but clearly showing the characteristics of the types, neat pen cancels, center stamp (99R2) has small internal tear at bottom, almost Fine, a scarce multiple combining three types, the right stamp, Ty. IIIA, is the only example of that type on the plate, the center stamp, Position 99R2, is the only example of Type III on the plate (and the best example of the type on any plate), with 1974 P.F. certificate............................... E. 2,000-3,000

2075 **1c Blue, Ty. III, Position 99R2 (8).** Mostly large margins, clearly shows the major double transfer at right and wide breaks at top and bottom, rich color, partially face-free grid cancel, sealed tear

EXTREMELY FINE APPEARANCE. AN EXCEPTIONALLY CHOICE-APPEARING EXAMPLE OF THE RARE POSITION 99R2, WHICH SHOWS THE WIDEST BREAKS OF ANY TYPE III ON THE ONE-CENT PLATES.

2180 ★ 5c Brown, Ty. II (30A). Original gum, three wide margins and clear at left, dark shade and detailed impression

VERY FINE. THE 5-CENT TYPE II BROWN IS RARE IN THIS ORIGINAL-GUM CONDITION.

Unlike its Orange Brown counterpart, the 5c Type II in Brown was not on hand in post offices when the 1861 demonetization order took effect. Therefore, original-gum examples of Scott 30A are far scarcer than Scott 30. The narrow spacing between subjects on the plate and Toppan Carpenter's imprecise perforating leave collectors with very few well-centered original-gum examples.

#### 1861-66 ISSUE

2211 ★ 24c Dark Violet, First Color (60). Original gum, deep rich color and proof-like impression, choice centering with well-balanced margins, small gum covered thin spot at top left

VERY FINE APPEARANCE. A RARE ORIGINAL-GUM EXAMPLE THE 1861 24-CENT DARK VIOLET EARLY TRIAL PRINTING. ONE OF THE RAREST OF THE 24-CENT 1861-63 ISSUE SHADES.

The Dark Violet trial printing and Violet regular issue shades are often confused, and the Scott Catalogue adds to the confusion by putting the Dark Violet (the old Scott 60) in the Trial Color Proofs section as 70TCe, while the Violet gets a front seat as Scott 70c. In our opinion, there is no good reason to relegate the Dark Violet to the Trial Color Proof section. As a result, the stamp offered here is undercatalogued in relation to other 24c stamps of equal rarity.

## 1875 RE-ISSUE OF 1869 PICTORIAL ISSUE

2325 ★ 3c Blue, Re-Issue (125). Original gum, small h.r., choice centering, beautiful shade and proof-like impression, bright and fresh

VERY FINE. A RARE SOUND AND BEAUTIFULLY-CENTERED ORIGINAL-GUM 3-CENT 1869 RE-ISSUE.

Original sales figures show that among the 1869 Pictorial Re-Issues, the 3c and 90c stamps accounted for the smallest number of units sold (1,406 and 1,356, respectively). Overall, the 1869's were popular with stamp collectors, far outselling the 1851-60 and 1861-66 Re-Issue sets. However, the 90c stamp's high denomination and the availability of ordinary 3c stamps limited demand. Today, both are rare, and handling over the years has not been kind to most of the surviving examples. This is a rare sound original-gum copy.

EXTREMELY FINE. THE 1870 90-CENT NATIONAL BANK NOTE ISSUE IS RARE IN CHOICE ORIGINAL-GUM CONDITION.

The 1870 90c National Ungrilled Issue, Scott 155, is somewhat overshadowed by its grilled counterpart, Scott 144. Collectors are also misled by the availability of Scott 166, the 90c 1873 Continental. Although the difference in shades is distinct, collectors have a tendency to confuse the two and under-rate the 1870 National printing. Only a few original-gum examples of Scott 155 have the centering, color and freshness of the stamp offered here.

# Catalogues, Prices Realized and Power Search

Images and descriptions for all current sale catalogues are available from our website.

Using our Power Search™ tool, you can locate items from the Siegel database, including every Rarities sale since 1964 and every Siegel sale since 1993—more than 180,000 lots worth hundreds of millions of dollars.

# The Siegel Encyclopedia and Rarities Census

This feature of our website contains a wealth of information gleaned from decades of philatelic research by the dedicated philatelists at Siegel.

The up-to-date census data for 19th and 20th century U.S. rarities are a valuable resource for buyers, sellers and researchers. Every recorded example of more than 30 different rare stamps is described and, in most cases, photographed.
