Information for Bidders

Bidding

The following means are available for placing bids:

- 1) **Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) **Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) **Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) **Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a current certificate (PF dated within the past five years of sale; PSE dated January 2004 or later) may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com

Live Internet Bidding at Siegel Auctions

Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

1 Registering with Stamp Auction Network and Siegel Auction Galleries

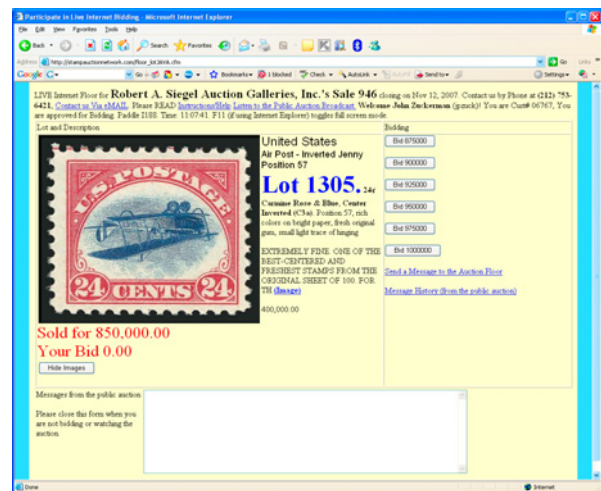

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

2 Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to stampauctionnetwork.com/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occasionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

END OF FIRST SESSION

Live Internet Bidding at Siegel Auctions

Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

1 Registering with Stamp Auction Network and Siegel Auction Galleries

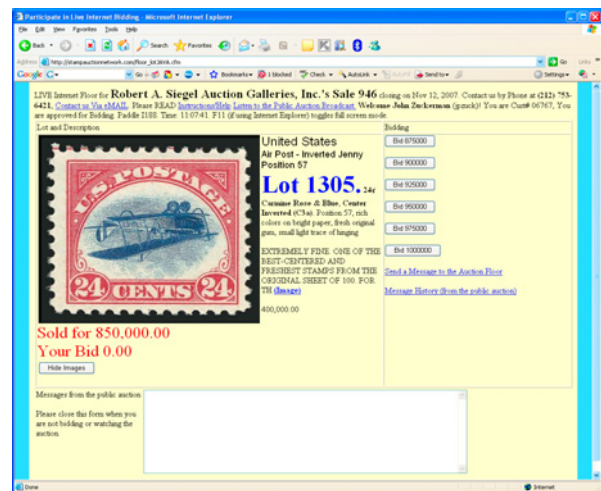

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

2 Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to stampauctionnetwork.com/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occasionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

- 2226 **1c Blue, Ty. Ib (5A).** Position 6R1E, large margins to in at bottom incl. **sheet margin at top**, neat strike of grid and part of circular datestamp cancel, inconsequential corner crease at top right entirely in margin

A FINE EXAMPLE OF THE 1851 ONE-CENT TYPE IB FROM PLATE ONE EARLY — POSITION 6R1E IS ONE OF THE TWO POSITIONS THAT FURNISHED THE BEST TYPE IB EXAMPLES.

Type Ib was produced only as an imperforate stamp from Plate 1 Early. Six positions on Plate 1E furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were burnished away. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, and for this reason they are more desirable examples of the type. 15,000.00

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 12-CENT 1851 ISSUE, WHICH HAS BEEN GRADED SUPERB 98 JUMBO BY P.S.E.

The 12c 1851 plate was laid down with very little room between stamps — just barely one millimeter, to be exact. For this reason, collectors have a difficult time finding stamps with large margins all around. The example offered here, lightly cancelled by a blue datestamp and graded 98 Jumbo by P.S.E., is a truly rare stamp.

With 2008 P.S.E. certificate (Superb 98 Jumbo; unpriced above the grade of 98 in SMQ, SMQ \$4,100.00 as 98). Only two have graded higher to date. 360.00

- 2265 (★) **1c Blue, Ty. III (21).** Plate 4, unused (no gum), exceptionally choice centering with perforations clear of design at top and bottom, bright color, tiny thin spot at right

EXTREMELY FINE APPEARANCE. CERTAINLY ONE OF THE BEST-CENTERED UNUSED EXAMPLES OF THE PERFORATED 1857 ONE-CENT TYPE III STAMP.

This stamp was made from Plate 4, which had narrow spacing between stamps. It originally produced imperforate stamps and was used only briefly after the introduction of perforations in 1857 before being discontinued. The narrow spacing on the plate, combined with the difficulties experienced when perforations were first introduced, accounts for the rarity of well-centered stamps made from this plate.

EXTREMELY FINE. THE 10-CENT TYPE IV PERFORATED 1857 ISSUE IS ONE OF THE RAREST OF ALL CLASSIC UNITED STATES STAMPS IN SOUND UNUSED CONDITION. THIS SUPERB STAMP POSSESSES REMARKABLE FRESHNESS.

The 1857 10c Type IV stamps come from eight positions scattered throughout Plate 1 that have the top, bottom or both lines recut. Only 4% of all 10c Plate 1 stamps produced were Type IV's, and an even smaller percentage was issued with perforations. - 2328 **24c Red Lilac (70).** Phenomenal dark rich shade and early impression, clear strike of **blue "Chicago Ills." double-circle datestamp**, essentially perfect centering with wide balanced margins all around

EXTREMELY FINE GEM. A MAGNIFICENT EXAMPLE OF THE 24-CENT 1861 ISSUE IN THE DISTINCTIVE DEEP RED LILAC SHADE AND COMPLEMENTED BY A BLUE CHICAGO DATESTAMP CANCEL. THIS STAMP IS THE QUINTESSENTIAL COMBINATION OF CENTERING, COLOR AND CANCELLATION.

We are occasionally presented with a classic stamp which creates an opportunity to talk about Ashbrook's six essentials of quality: Color, Impression, Margins, Color of Cancel, Placement of Cancel and Paper. This is certainly one of those occasions.

The myriad 24c 1861-63 shades are divided into Scott number classifications. Scott 70, the Red Lilac, encompasses a spectrum of shades. Within the Red Lilac family is a distinctive deep purplish shade, which was probably an early printing (late 1861 or early 1862). The stamp offered here is a wonderful example of this deep purplish Red Lilac. It does not have its own Scott number, but it is certainly much scarcer and more desirable than the average Red Lilac, Scott 70.

In addition to its color attributes, this stamp is beautifully cancelled in blue by the double-circle datestamp used in Chicago. The perforations create a balanced frame around the printed design, and the paper is naturally fresh and bright (in other words, it is untainted by bleaching agents). It would be difficult to imagine a finer example of the 24c Red Lilac, and, in fact, a Power Search on our website will prove the rarity of this little bird.

EXTREMELY FINE. AN OUTSTANDING ORIGINAL-GUM EXAMPLE OF THE 30-CENT ORANGE 1861 ISSUE, WHICH HAS BEEN GRADED XF 90 JUMBO BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE AND THE ONLY EXAMPLE TO ACHIEVE THIS GRADE. AN EXTREMELY DIFFICULT STAMP TO FIND IN THE HIGHER GRADES.

The narrowly-spaced 30c 1861 plate left very little room for the 12-gauge perforations between stamps. Consequently, examples with wide margins at sides are extremely rare — this fact is acknowledged in the Scott Catalogue footnote to No. 71.

With 2008 P.S.E. certificate (XF 90 Jumbo; SMQ \$6,900.00 for 90, \$15,600.00 for 95). This is the highest grade awarded to date for an original-gum stamp and the only example to achieve this grade. 2,500.00

EXTREMELY FINE GEM. THE 1868 ONE-CENT E GRILL IS ONE OF THE MOST DIFFICULT STAMPS OF THE SERIES TO OBTAIN WITH SUCH CHOICE CENTERING AND IN SUCH PRISTINE CONDITION. THIS IS EASILY ONE OF THE FINEST IN EXISTENCE — THE P.S.E. AGREES AND HAS AWARDED THIS STAMP THE GRADE OF SUPERB 98. THIS IS THE HIGHEST GRADE AWARDED TO DATE.

We pulled this stamp out of an old album, and felt so strongly about its condition, we sent it to P.S.E. for a graded certificate. They agreed with our assessment, awarding it the grade of Superb 98. EXTREMELY FINE GEM. THIS MAGNIFICENT MINT NEVER-HINGED EXAMPLE OF THE 30-CENT COLUMBIAN ISSUE HAS BEEN AWARDED THE GRADE OF GEM 100 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE, AND THIS STAMP IS THE ONLY EXAMPLE TO ACHIEVE THIS PERFECT GRADE. IT IS A KEY TO A SET OF HIGH-GRADE COLUMBIANS, WHICH IS ONE OF THE MOST POPULAR ISSUES IN UNITED STATES PHILATELY.

The scene depicted on the 30c is based on the story that Columbus stopped at the convent at Santa Maria de La Rabida on his way to France after being rejected at the Spanish Court. The friar of the convent, after hearing his plan, persuaded him to stay. While at the convent he gained support from some of the more important people in the neighborhood and, his faith renewed, decided to apply for aid from the Spanish court once again, where he was successful. This marked a turning-point in his struggles for financial backing.

Regarding this extraordinary example of the 30c Columbian, a relevant commentary was recently published in *Stamp Market Quarterly* (July-Sep. 2008) by master grader William A. Litle. Reflecting on the 2c Columbian Mint N.H. 100 sold in our 2008 Rarities sale for \$16,675, he wrote: "The 100 Mint N.H. Scott No. 231 is the only one with this ultimate grade. In fact, to date, only four other Columbians have received a 100 grade [Editor's note: now six in total]. At \$16,675 the 2c Columbian brought a tidy 290 times Scott Catalog! What would a 100 N.H. \$5 Columbian be worth in today's market? Oh heck—I'd settle for finding a 100 N.H. \$4 Columbian."

We can try to answer Dr. Litle's rhetorical question. Auction realizations for 19th century and early 20th century commemoratives in 100 N.H. grade have been averaging 12-15 times SMQ for 95 N.H. and 5 times SMQ for 98 N.H. The multiples seem to be higher when only one or two have reached a Perfect 100 grade. So, to answer Dr. Litle, based on the available sales data, a \$5.00 Columbian 100 N.H. would probably realize in excess of *one million dollars*, and even the \$4.00 would approach the million-dollar mark. Now, we're not saying this is a sure thing, but that is what the numbers indicate.

The highest grade we currently have for either the \$4.00 or \$5.00 Columbian in N.H. condition is 95. So, as of now there is no stamp to test the market. The highest Columbian value in 100 N.H. grade is the 50c (one reported). The second highest value to achieve a Perfect 100 is the 30c offered here, which is the only Mint N.H. example to reach 100.

With 2008 P.S.E. certificate (Gem 100; unpriced in SMQ above the grade of 98, SMQ \$24,500.00 as 98). The Columbian denominations to achieve the grade of Mint N.H. Gem 100 are: 2c (one 100) 4c (100 and 100J, see lot 2491), 8c (100J), 30c (100) and 50c (100). Aside from these five denominations, represented by six stamps, no other Columbian has been awarded the perfect grade of Gem 100..... 900.00

EXTREMELY FINE GEM. A MAGNIFICENT ORIGINAL-GUM EXAMPLE OF THE \$1.00 TRANS-MISSISSIPPI ISSUE, WHICH HAS BEEN AWARDED THE PERFECT GRADE OF GEM 100 BY P.S.E. THIS IS THE ONLY EXAMPLE OF THE \$1.00 TRANS-MISSISSIPPI TO ACHIEVE THIS GRADE, AND, IN FACT, IT IS PRESENTLY THE ONLY DOLLAR-VALUE COMMEMORATIVE STAMP WITH A P.S.E. GEM 100 GRADE FOR ANY ISSUE.

The focus on stamps with a Gem 100 grade is growing more intense as collectors strive for the highest possible ranking in the P.S.E. Set Registry. We are now about four years into the start of the bull market for graded stamps, which some track to the Siegel firm's 2005 record-breaking sale of an XF-Superb 95 Inverted "Jenny." During this period, the P.S.E. Population Report has grown significantly. P.S.E. currently has a total of 6,348 Columbian and Trans-Mississippi stamps in the Population Report. Of these, 1,169 *dollar-denominated* Columbian and Trans-Mississippi stamps have been graded in *any* category of unused condition. Remarkably, *only one stamp* has achieved a Gem 100 grade, and that stamp is the \$1.00 Trans-Mississippi offered here. *Only twelve other dollar-value stamps* with original gum have achieved 98 (all of them hinged, and none with the Jumbo appellation). It is difficult to argue with these statistics. The rarity of perfectly-centered 98-point-plus dollar-value commemoratives is obvious: the one Gem 100 stamp represents 0.086% of the P.S.E. graded population of *all* unused dollar-value commemoratives.

With 2008 P.S.E. certificate (Gem 100; unpriced in SMQ above the grade of 98, SMQ \$8,700.00 as 98). This is the only \$1.00 Trans-Mississippi to grade Gem 100 (followed by one 98). The highest Mint N.H. grade is 95. The SMQ value for a 98 seems conservative, and the premium for Gem 100 should be a multiple of the 98 value. 1,250.00

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE \$2.00 TRANS-MISSISSIPPI ISSUE, WHICH HAS BEEN GRADED XF-SUPERB 95 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO DATE TO THIS ISSUE.

The \$2.00 Trans-Mississippi Issue is widely regarded as being the most difficult denomination of the series to obtain with any decent-size margins. The margins are almost always narrow on the \$2.00, making it difficult for collectors of Gem-quality stamps to fill this space in their albums.

This 2c coil was in production for only a short period of time before being superseded by the Perf 8½ issue. Due to the greater popularity of the horizontal coils with users, combined with a wary attitude by many collectors that early coils were simply trimmed stamps, many were used and few preserved.

Of the Scott 388 stamps in the P.S.E. Population Report, only three Mint N.H. examples have graded above 70. There is one 95, one 98 and this highest-ranking 98J.

EXTREMELY FINE GEM. AN EXTRAORDINARILY RARE EXAMPLE OF THE 1915 TYPE I VERTICAL COIL. AN OUTSTANDING RARITY.

Type I rotary press stamps were produced using the same master dies as had been used for flat plate printings. However, due to the curve of the plate to fit the rotary press, the impressions lacked some of the details of the flat plate printings. New dies were made with strengthened lines, resulting in the Type II stamps. After plate wear was noticed, further strengthening was necessary, resulting in the Type III stamps. Scott 449 was not produced until almost a year and a half after the Type I horizontal coil, Scott 453. Due to the unpopularity of vertical coils, this Type I stamp was in production for only a short period of time before being discontinued.

2792 ★★ **\$2.00 Orange Red & Black (523).** Mint N.H., brilliant impressions as fresh as the day they were printed, perfectly centered with unusually wide margins

EXTREMELY FINE GEM. A SUPERB MINT NEVER-HINGED EXAMPLE OF THE \$2.00 ORANGE RED & BLACK 1918 FRANKLIN ISSUE, WHICH HAS BEEN AWARDED THE GRADE OF SUPERB 98 BY P.S.E. — ONLY ONE HAS GRADED HIGHER.

The \$2.00 and \$5.00 1918 Issue are the first bi-colored dollar-denominated postage stamps issued by the United States. Both were released just three months after the famous 1918 24c Inverted Jenny, but the early printings were issued in small quantities, since stocks of the 1902 \$2.00 and \$5.00 1917 issue were still on hand.

According to Johl, the \$2.00 Orange Red & Black was a color error on the part of the Bureau of Engraving & Printing. The official description and order for the bi-color stamps specified "Red and Black" for the \$2.00. When subsequent printings appeared in 1920 and philatelists brought the matter to the attention of the Bureau, they were told "this stamp has always been this color" (Johl, p. 306). From studies of Bureau and Post Office records, it is clear that the originally-intended color was not issued until November 1920 (Scott 547), and that the earlier Orange Red stamps were mistakes. The quantity issued has been variously estimated at between 47,000 and 68,000.

With 2008 P.S.E. certificate (Superb 98; SMQ \$10,000.00). Only two others have achieved this grade, and only one has graded higher. Another indication of this stamp's rarity in high grades is that none has been added to the P.S.E. FINE AND RARE. ONE OF THE FEW EXTANT MINT NEVER-HINGED EXAMPLES OF THIS MAJOR 20TH CENTURY RARITY. PROBABLY FEWER THAN 20 OF THE 1923 ONE-CENT ROTARY PERF 11, SCOTT 544, EXIST IN ANY UNUSED STATE — FEWER THAN TEN ARE MINT NEVER-HINGED.

A small quantity of 1c Rotary Press stamps was perforated 11 at the end of 1922, using remainder sheets from the earlier printings that were normally perforated in 10 gauge or 11/10 compound gauge. Its existence as a Perf 11 variety was discovered in 1936, and the stamp received its Scott Catalogue listing in 1938.

Most of the recorded copies of Scott 544 are off-center or have been damaged — the result of poor production standards and mis-handling.

EXTREMELY FINE GEM. UNDOUBTEDLY ONE OF THE FINEST ORIGINAL-GUM EXAMPLES OF THE \$10.00 STATE DEPARTMENT ISSUE IN EXISTENCE.

The large format State Department dollar values are notorious for poor centering. Even well-centered stamps have slightly skewed vertical perforations which angle in toward the design at one spot or another. This stamp is perfectly "boxed" at all corners. We really see nothing to have justified anything less than a 95 grade, but we defer to the P.S.E. In any case, the other two OG stamps in the P.S.E. Population Report are graded 50 and 75!

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).

REVISED CHARGES FOR SHIPPING EFFECTIVE JUNE 1, 2008

Due to increased Fedex charges for secured delivery and fuel, we are revising our shipping charges. We apologize for circumstances beyond our control.
