- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Live Internet Bidding at Siegel Auctions

Bidding from your computer lets you be part of the live auction from anywhere in the world!

There's no substitute for following the auction in real time. Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.

And it's easy. Just start by following the simple steps to become a registered Live Internet Bidder. Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

1 Registering with Stamp Auction Network and Siegel Auction Galleries

Live Internet Bidding is managed by Stamp Auction Network (SAN). To bid, you must be registered and approved by *both* SAN and Siegel. To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding. You're ready for Step 2.

I've never registered with SAN, but I'm a Siegel client. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for Step 2.

I've never registered with SAN, and this is the first time I've bid with Siegel. Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for Step 2.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale. Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you can move to Step 2.

2 Using your browser for Live Internet Bidding and understanding the way it works.

Live Internet Bidding works by providing an audio feed of the auction (for anyone using Internet Explorer) and by allowing registered bidders to observe and place bids. The bidding interface shows a photo and description of the lot, the current bid (and your bidding status), and options for placing competitive bids. To join the auction, go to stampauctionnetwork.com/siegel. You can also log on at siegelauctions.com

The visual interface will work with any browser on both PC and Mac operating systems. However, the audio feed only works with Internet Explorer on a PC with ActiveX software installed. If ActiveX is not on your computer, you will have the option to install it.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

"System down" or "lost connection" events do occasionally happen. If you have any problems with Live Internet Bidding, please call 212-753-6421 for immediate assistance.

3 Using Live Internet Bidding to bid, track results and communicate with the auctioneer.

When you're logged on as a Live Internet Bidder, the screen will display buttons with bid increments. After you click on a bid amount, the auctioneer is immediately notified of your bid. Retracting a bid is usually not acceptable, so please bid carefully.

If you bid, then decide to stop, please use the "Pass" button, which appears once you've started bidding. This tells the auctioneer not to wait for another bid from you.

You can send messages to the auctioneer (for example, a request for extension). You can also track prior realizations from the bidding screen.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

The MLG Collection of United States Plate Blocks

PLATE BLOCK COLLECTING HAS TRADITIONALLY BEEN THE “NEXT STEP” for collectors of United States singles. A multiple from a sheet-margin position with the imprint and plate number attached is significant, because it ties the stamp to its printer and the specific printing plate. The study of printing plates and the collecting of every position and plate number for each issue is a great challenge. Building *complete matched sets* — that is, a representative plate block for each and every position on a given plate — has been MLG’s objective in forming the collection offered in this sale catalogue. Over 40 years, this collector has hunted for the plate numbers and positions he needed to assemble complete matched sets for all plates for every issue he collected. The result is an astounding run of plate number blocks that eclipses anything ever previously offered at auction.

The MLG Collection does not include all issues. It focuses on the following stamps: commemoratives issued for the Columbian, Trans-Mississippi, Pan-American, Jamestown and Panama-Pacific expositions, and the 1909 commemoratives; Bureau Issue dollar values; 1908-09 regular and Bluish Paper Issues; certain Air Post, Special Delivery and Registration issues, including complete matched sets of Graf Zeppelin plate blocks for all plates; Parcel Post, Parcel Post Postage Due and Special Handling stamps, which include the greatest offering of Parcel Post plate blocks ever made.

The bible for plate block collectors is the *Durland Standard Plate Number Catalog*, published by the United States Stamp Society (referred to in this sale catalogue as the “Durland Catalog”). Collectors who are familiar with the plates used by private bank note companies and the Bureau of Engraving and Printing will marvel at the degree of completeness in the MLG Collection. In many cases, surviving plate blocks from a specific plate are extremely rare, and it took MLG years to locate an example. Since his goal was a complete matched set of all positions for all plates, the hunt was even more challenging.

The plate blocks in this sale catalogue are arranged by number and position (top, bottom, left and right). Collectors who are looking for Mint Never-Hinged plate blocks or certain grades of centering should study every lot entry for any given Scott number, because the better-quality examples might come later in the sequence of plate numbers.

We have been careful to describe the condition factors which are present in almost all plate blocks and which have customarily been ignored, such as natural gum skips, flat plate printing bends or creases, perforation separations (some of which are reinforced or rejoined) and hinge marks in the selvage only. We have also conservatively graded the centering of plate blocks, which frequently contain a mix of centering grades within one block. Many of the scarcest plate blocks do not exist in “perfect” condition, and collectors who are trying to assemble complete matched sets know that condition standards must be relaxed if they have any hope for achieving completeness.

Philatelists who behold the MLG Collection for the first time will be awestruck by the quantity of plate blocks. It will be obvious to experienced collectors that this sale represents a fantastic opportunity to acquire rare plate blocks from a massive collection. For less experienced collectors, there is the possibility that they will be misled into thinking this material is readily available, because one collector was able to amass so much of it. We assure you this is not the case. To develop a better appreciation of what exists, we recommend using POWER SEARCH™, the unique web-based search tool available at siegelauctions.com

Finally, prospective buyers who wish to see pictures of the group lots can request PDF files by e-mail. The group lots contain a wonderful array of plate blocks, including desirable top and bottom positions, scarce plate numbers and “break-out” Gem quality stamps. We strongly recommend viewing the groups ahead of the sale, either on the scheduled exhibition day or by appointment.

Images and descriptions for all current sale catalogues are available from our website.

An archive of past sales (from Sale 786, April 1997) and prices realized (from Sale 742, May 1992) is constantly maintained to allow users to search for items and information from past sales.

Power Search™ and My Siegel™ allow you to create and save highly specialized data searches, and to receive e-mail notifications of related items in future sales.

The Siegel Encyclopedia and Rarities Census

This feature of our website contains a wealth of information gleaned from decades of philatelic research by the dedicated philatelists at Siegel.

The up-to-date census data for 19th and 20th century U.S. rarities are a valuable resource for buyers, sellers and researchers. Every recorded example of more than 30 different rare stamps is described and, in most cases, photographed.

Informative Video Presentations

Downloadable video documentaries tell the stories of stamps and covers, such as the famous Inverted "Jenny." This is the ideal way to introduce philately to others.

TUESDAY, APRIL 21, 2009, AT 1:30 P.M.

COLUMBIAN ISSUE

1148

1148 ★★田 **10c Columbian (237)**. Mint N.H. bottom imprint, plate no. 99 and letter "Y" at left block of eight, deep rich color and sharp proof-like impression, unusually choice centering throughout

EXTREMELY FINE GEM. A MAGNIFICENT MINT NEVER-HINGED PLATE BLOCK OF THE 10-CENT COLUMBIAN ISSUE IN THE FINEST CONDITION ATTAINABLE.

A review of our computerized records indicates that we have only offered two other Mint N.H. plate block of eight (as well as one plate block of six and one plate block of ten) since keeping computerized records. The MLG collection contains no less than five, which skews all previous statistics. However, the plate block offered here stands far above any other we have ever offered in terms of overall quality..... 11,000.00

1149

1149 ★★田 10c **Columbian** (237). Mint N.H. top left imprint, plate no. 99 and letter “Y” block of ten, radiant color, small h.r. in corner selvage at top left, few minor perf separations, usual light natural gum bends, Very Good-Fine, a scarce and attractive multiple.... 11,800.00

1154

1154 ★★田 10c Columbian (237). Mint N.H. top imprint, plate no. 102 and letter "Y" at right block of eight, crisp grayish shade, one stamp with slight offset, few small flaws in selvage

FINE APPEARANCE. A SCARCE MINT NEVER-HINGED PLATE NUMBER BLOCK OF EIGHT OF THE 10-CENT COLUMBIAN ISSUE.

Only a few Mint N.H. top plate number blocks of eight are known. 11,000.00

Bottom right imprint, plate no. 102 and letter "Y" block of 20, thirteen stamps Mint N.H. incl. eight non-plate block stamps, few h.r. where perf separations reinforced, few other separations including bottom selvage along three stamps, top left stamp small tear, thin spot in imprint selvage, otherwise Very Good-Fine, impressive multiple 10,240.00

1157

1157 ★田 15c Columbian (238). Top imprint, plate no. 58 and letter "M" at right block of eight, original gum, barest trace of hinging, intense shade and impression, few expertly rejoined perf separations at bottom,

FINE-VERY FINE. AN ATTRACTIVE AND SCARCE ORIGINAL-GUM PLATE BLOCK OF EIGHT OF THE 15-CENT COLUMBIAN ISSUE.

This plate block is surprisingly difficult to obtain, especially from the desirable top plate position. This is the only top position contained in Power Search — it was also offered in our 1985 Rarities sale. 7,500.00

1158

1158 ★田 15c Columbian (238). Bottom imprint, plate no. 58 and letter "M" at left block of eight, slightly disturbed original gum, small h.r., bit heavy natural gum bends and wrinkles, rich color, few expertly rejoined perfs at right

FINE-VERY FINE. A SCARCE PLATE BLOCK OF EIGHT OF THE 15-CENT COLUMBIAN ISSUE.

The plate number block of eight is more desirable than the plate block of six configuration, which lacks the letter. 7,500.00

1159

1159 ★田 **30c Columbian (239)**. Top imprint, plate no. 59 and letter “N” at right block of eight, original gum, lightly hinged, rich color, detailed impression, Pos. 2 and Pos. 6 vertical crease and natural paper crease

FINE-VERY FINE. A SCARCE IMPRINT AND PLATE NUMBER BLOCK OF EIGHT OF THE 30-CENT COLUMBIAN ISSUE. ESPECIALLY DESIRABLE FROM THE TOP PLATE POSITION — THIS IS THE FIRST PLATE BLOCK OF EIGHT WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS.

A Power Search review found only three top plate blocks of six offered in all of our sales, and no plate blocks of eight from the top position. None was offered in Todd, Lilly, Wampler, Kobacker or Gray collections..... 16,000.00

1160

1160 ★田 **30c Columbian (239)**. Bottom imprint, plate no. 59 and letter “N” at right block of eight, original gum, **bottom stamps Mint N.H.**, top stamps h.r., radiant color, crisp impression

FINE. A SCARCE SOUND ORIGINAL-GUM IMPRINT AND PLATE NUMBER BLOCK OF EIGHT OF THE 30-CENT COLUMBIAN ISSUE.

A Power Search review (which includes all of our Rarities sales) indicates that we have only sold six plate blocks of six and five other plate blocks of eight, plus a block of 18 containing two imprint and plate no. multiples which has probably been broken. Of these, several had thin spots or small tears. 16,000.00

1161

1161 ★田 **50c Columbian (240)**. Bottom imprint, plate no. 77 and letter "S" at right block of eight, original gum, barely hinged except where thin spot is evident on positions 3 and 4, deep rich color and proof-like impression

FINE-VERY FINE APPEARANCE. A DESIRABLE AND RARE IMPRINT AND PLATE NUMBER BLOCK OF EIGHT OF THE 50-CENT COLUMBIAN ISSUE.

The 50c Columbian is far rarer as a plate number block of eight than six. We located only eight plate blocks of this size using Power Search. 30,000.00

1162

1162 ★田 **\$1.00 Columbian (241)**. Bottom imprint, plate no. 93 and letter "W" at right block of eight, original gum, barely hinged, brilliant color

FINE-VERY FINE. A RARE AND REMARKABLY FRESH IMPRINT AND PLATE NUMBER BLOCK OF EIGHT OF THE \$1.00 COLUMBIAN ISSUE. A MARVELOUS SHOWPIECE.

Perhaps a dozen plate blocks of eight exist for the \$1.00 Columbian. Very few compare favorably to the example offered here. 90,000.00

1163

- 1163 ★田 **\$2.00 Columbian (242)**. Bottom imprint, plate no. 105 and letter "A A" at left block of eight, original gum, lightly hinged, rich color, detailed impression, natural gum bends, few trivial perf separations of no consequence

FINE-VERY FINE. THIS IS THE ONLY RECORDED IMPRINT AND PLATE NUMBER BLOCK OF EIGHT OF THE \$2.00 COLUMBIAN ISSUE. ONE OF THE GREAT RARITIES OF THE ISSUE.

Only two plate blocks of six and one plate block of eight are recorded for the \$2.00 Columbian. They are: 1) the unique imprint and plate no. 105 block of eight offered here; 2) bottom imprint and plate no. 105 block of six, lightly hinged, tiny sealed tear in selvage, ex Lilly and Kobacker; and 3) bottom imprint and plate no. 105 block of six, part original gum, perfs reinforced, some thinning at bottom, offered in 1980 Manning sale.

Illustrated on the front cover of Siegel Sale 601 (Sep. 9-10, 1982)..... 95,000.00

1164

1164 ★田 **\$5.00 Columbian (245)**. Bottom imprint, plate no. 108 and letter “D D” at left block of eight, large part disturbed original gum, h.r., intense shade and impression, few perf separations expertly and sensibly reinforced, minor light gum soaks, few shortish perfs at top right, trivial diagonal crease in selvage at bottom right

FINE-VERY FINE APPEARANCE. THIS UNIQUE PIECE IS THE LARGEST IMPRINT AND PLATE NUMBER MULTIPLE OF THE \$5.00 COLUMBIAN ISSUE. ONE OF THE MOST IMPORTANT ITEMS IN UNITED STATES PHILATELY.

Our records contain only three plate blocks of six and this plate block of eight, as follows: 1) The unique imprint and plate no. block of eight, from our 1985 Rarities sale and offered here; 2) top imprint and plate no. 108 block of six, negligible gum wrinkle, ex Lilly; 3) bottom imprint and plate no. 108 block of six, top left stamp small tear, small tear in bottom left selvage, ex Moody, Ambassador, Kobacker and Siegel Sale 836 (lot 1617, realized \$150,000 hammer); and 4) bottom imprint and plate no. 108 block of six, narrow selvage, gum disturbances, Siegel 1989 Rarities sale.

With copy of 1972 P.F. certificate. 300,000.00

1894-95 BUREAU ISSUE

1165

- 1165 ★田 **\$1.00 Black, Types I-II-II (261-261A-261A).** Bottom imprint and plate no. 76 block of six, original gum, small h.r. at top center and in center selvage, other four stamps Mint N.H., intense shade on bright paper, natural gum bends, faint crease in bottom left selvage of little consequence

VERY FINE-EXTREMELY FINE. A RARE COMBINATION IMPRINT AND PLATE NUMBER BLOCK OF SIX OF THE 1894 UNWATERMARKED \$1.00 ISSUE, COMPRISING FOUR TYPE II STAMPS AT RIGHT AND TWO TYPE I STAMPS AT LEFT. A MAGNIFICENT SHOWPIECE OF THE FIRST BUREAU ISSUE.

The \$1.00 1894-95 plate — comprising 200 subjects arranged in two panes of 100 — included five vertical columns of Type II (50 subjects). The left half of one pane was made up of Type I stamps, and the right half of the same pane comprised Type II stamps. The other pane was entirely Type I. Therefore, where the plate number appears to the right of the imprint, the two stamps at right are Type II, and the one stamp at left is Type I. Combination pairs and strips, which exist only between fifth and sixth columns, are extremely rare and desirable.

We record only three combination imprint and plate number blocks, and our census was confirmed by Lewis Kaufman: 1) the block offered here, sold in our 1987 Rarities sale (lot 287, realized \$24,000 hammer); 2) imprint and plate no. block of six, five stamps Mint N.H., bottom stamps centered to top and left, ex Bauer and Wampler; and 3) originally a bottom imprint and plate no. block of 20 (since broken out as a plate block — the right six stamps of this multiple are offered in Part Two of the Alan B. Whitman Collection), small separation, currently in a private collection. 40,000.00

1166

1166 ★田 **\$2.00 Bright Blue (262)**. Bottom imprint and plate no. 84 block of six, original gum, lightly hinged, natural gum bends, centered to top left

VERY GOOD. THIS IS THE ONLY RECORDED PLATE BLOCK OF THE 1894 \$2.00 UNWATER-MARKED BUREAU ISSUE — A GREAT RARITY OF THE ISSUE.

After extensive effort, we failed to locate another plate block of the \$2.00 1894 Unwatermarked Bureau Issue. None was found using Power Search, and our manual search of famous plate block collections, including Eno, Lilly, Todd, Wampler and Fogelson, did not produce another plate block. Lewis Kaufman confirmed that his records show only this one example. Although the centering reflects the typical poor production standards of the 1894 Issue, the first produced by the Bureau of Engraving and Printing, this condition factor must be disregarded. 45,000.00

1167

1167 ★田 **\$2.00 Dark Blue (277a)**. Top imprint and plate no. 84 block of six, original gum, bottom side stamps h.r., tiny hinge slivers are barely noticeable and placed as a preventive measure, rich color, unusually choice centering throughout

EXTREMELY FINE GEM. A BEAUTIFUL ORIGINAL-GUM TOP IMPRINT AND PLATE NUMBER BLOCK OF SIX OF THE \$2.00 1895 WATERMARKED BUREAU ISSUE IN THE DARK BLUE SHADE.

This issue was printed from only one printing plate — Plate 84. Lewis Kaufman's records contain only five plate blocks of this issue — all are described as the Dark Blue shade: 1) top plate block of six, from our 1986 Rarities sale and offered here; 2) the plate block offered in the following lot, from our 1985 Rarities sale and ex Wampler; 3) top plate block of six, offered in our 1967 Rarities sale and illustrated in Durland book; 4) top plate block, regummed, ex Simon (1975 Siegel sale); and 5) top plate block, selvage partly separated and rejoined, offered in Oct. 1974 Siegel sale and more recently in the Newport collection.

With 1971 P.F. certificate 75,000.00

1168

- 1168 ★田 **\$2.00 Dark Blue (277a)**. Bottom imprint and plate no. 84 block of six, original gum, described in our 1985 Rarities sale and in Wampler as having slight gum disturbance which is truly negligible, deep rich color, detailed impression, choice centering throughout, few trivial perf separations

VERY FINE. AN EXTREMELY RARE PLATE NUMBER BLOCK OF SIX OF THE \$2.00 1895 WATERMARKED BUREAU ISSUE. ONLY FIVE ARE RECORDED, AND THIS IS THE ONLY ONE FROM THE BOTTOM PLATE POSITION.

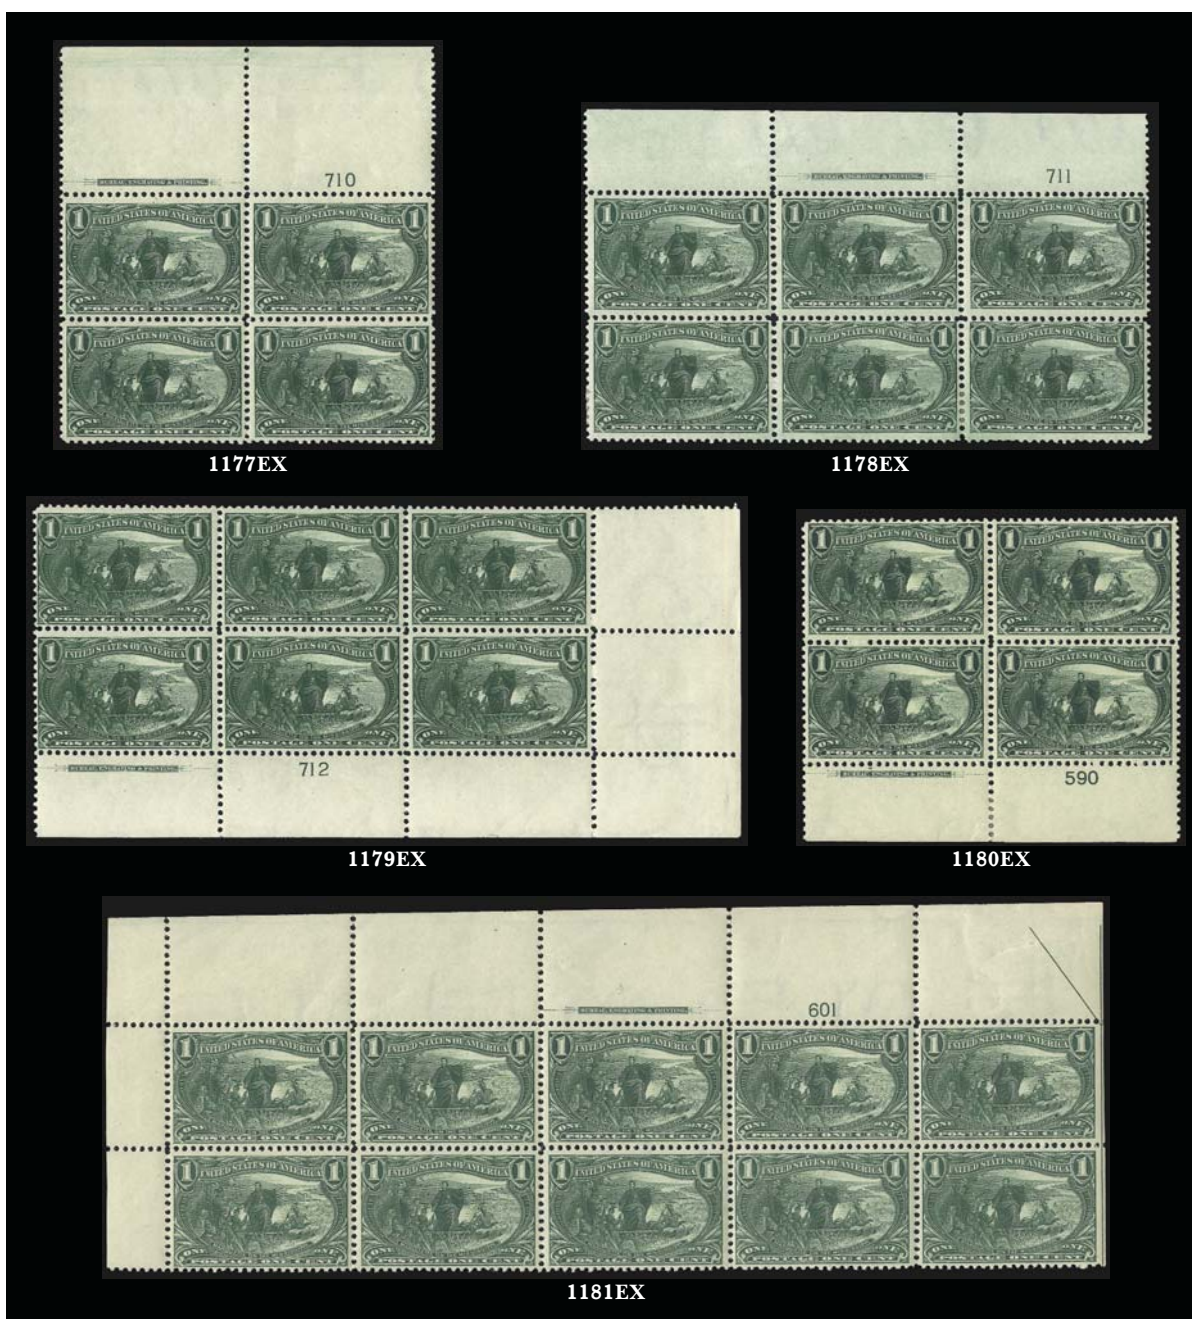

This issue was printed from only one printing plate — Plate 84. Lewis Kaufman records contain only five plate blocks of this issue — all are described as the Dark Blue shade: 1) the plate block offered here, from our 1985 Rarities sale and ex Wampler; 2) top plate block of six, from our 1986 Rarities sale and offered in the previous lot; 3) top plate block of six, offered in our 1967 Rarities sale and illustrated in Durland book; 4) top plate block, regummed, ex Simon (1975 Siegel sale); and 5) top plate block, selvage partly separated and rejoined, offered in Oct. 1974 Siegel sale and more recently in the Newport collection.

FINE-VERY FINE. A RARE SOUND PLATE BLOCK OF THE 1918 \$2.00 ORANGE RED & BLACK. ONLY A HANDFUL OF PLATE BLOCKS EXIST.

The \$2.00 and \$5.00 1918 Issue are the first bi-colored dollar-denominated postage stamps issued by the United States. Both were released just three months after the famous 1918 24c Inverted Jenny, but the early printings were issued in small quantities, since stocks of the earlier \$2.00 and \$5.00 issues were still on hand.

According to Johl, the \$2.00 Orange Red & Black was a color error on the part of the Bureau of Engraving & Printing. The official description and order for the bi-color stamps specified "Red and Black" for the \$2.00. When subsequent printings appeared in 1920 and philatelists brought the matter to the attention of the Bureau, they were told "this stamp has always been this color" (Johl, p. 306). From studies of Bureau and Post Office records, it is clear that the originally-intended color was not issued until November 1920 (Scott 547), and that the earlier Orange Red stamps were mistakes. The quantity issued has been variously estimated at between 47,000 and 68,000.

AN EXCEEDINGLY RARE PLATE NUMBER BLOCK OF THE 24-CENT "JENNY" WITH BLUE "TOP" ONLY. ONE OF THE GREAT RARITIES OF UNITED STATES AIR POST PHILATELY.
- The first printing of the 24c 1918 Air Post issue was trimmed so that the plate numbers and arrow were removed resulting in a straight edge at top and right. After the invert error was discovered on one of the first printed sheets, the Bureau of Engraving and Printing decided to retain the top selvage. It added the word "TOP" to the blue "Jenny" vignette plate, so that when the new sheets were printed the word "TOP" would appear in the newly-retained upper selvage. This would show the pressmen the correct direction of the blue "Jenny" vignette plate, to insure that the invert error would not reoccur. Shortly after the blue "TOP" was added, sheets were printed with the additional red "TOP".
- According to Don Price's exhibit of this issue and research by Joe Kirker, only 22 blue "TOP" only blocks are recorded. 12,500.00

- 1908 ★★田 **5c Beacon, Air Post (C11).** Exciting collection of 151 different plate nos. and margin markings blocks of six, 34 of the Blue vignette nos. and 50 of 55 of the Red frame nos. from the Red "TOP", Blue "TOP", double "TOP" and no "TOP" configurations, all neatly arranged in a stockbook, the Red frame plate no. 19626 shows a constant variety which is a "halo" around the last digit of the plate no., additionally, the Scott listing of double plate no. block of eight without "Top" is unnecessary as there is only one Blue vignette plate no. (F19597) that creates this variety of plate block, this is due to an error in entering the Blue "TOP" on the left pane leaving the corresponding right pane selvage tab blank, since the eleven no "TOP" double plate no. are blocks of six instead of eight we have catalogued them as either \$40.00 or \$55.00 each although in our opinion they deserve the much higher premium given to the no "TOP" blocks of eight, mostly Mint N.H. and Fine-Very Fine, there are between 1,000 to 1,100 plate no. combinations, but according to the Durland plate block catalog there have been no substantial collections seen, in our opinion this is a fairly substantial collection of this interesting issue but with lots of room for growth befitting a person with much patience and who enjoys the hunt..... *Not illustrated* 9,475.00

In response, on January 27, 1913, denominations in large letters were added to the margins near each plate number. At top and bottom the imprint is in the selvage next to the plate number; on the sides it is separated by a stamp with blank selvage, except in the case where the lettering is too long.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
