- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form with **your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation within 5 years of the sale date or by Professional Stamp Experts since January 2004 is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

SESSION ONE (LOTS 5001-5050)
WEDNESDAY, DECEMBER 15, 2010, AT 4:00 P.M.

THE DR. DAVID H. LOBDELL COLLECTION OF
ALASKA-YUKON-PACIFIC EXPOSITION ISSUE

ESSAYS, PROOFS AND SPECIMENS

5001 E **2c Alaska-Yukon, Model Essay (370-E1).** 77 x 101mm card with black and white wash drawing of frame and pasted on photo of seal on an ice block, this is the first model for the Alaska-Yukon-Pacific Exposition created in March 1909 by Bureau designer Clair Aubrey Huston and was based on his circular seal on ice essay for an abandoned commemorative envelope project, red pen "#1" in circle at top

VERY FINE. STRIKING AND UNIQUE COMMEMORATIVE ESSAY.

Ex Johl..... 1,500.00

5001

5002

5002 E **2c Alaska-Yukon, Model Essay (370-E2).** 75 x 89mm card with black-and-white ink wash frame (as on 1909 2c Lincoln) with William Seward engraved portrait inset (this is a die proof of a Snuff Stamp vignette), red pen "#2" in circle at top left, the change from the seal to Seward was made after adverse reaction from the Exhibition's backers to a stamp that would emphasize the more frigid aspects of Northern life, in one protesting telegram to Secretary of the Interior Ballinger they state "One of the objects of the fair is to show that Alaska can raise something else besides icebergs"

VERY FINE. ANOTHER UNIQUE ALASKA-YUKON ESSAY.

Ex Johl..... 1,500.00

5003

- 5003 E **2c Alaska-Yukon, Model Essay (370-E3).** 93 x 70mm, with photo of seal on iceberg as originally approved and with hand-drawn frame as approved, engraved portrait of Seward at bottom, red "#3" in circle at upper left, typed "Approved, April 3, 1909, Postmaster-General" and signed by F. H. Hitchcock, some minor soiling

VERY FINE. A PHENOMENAL ESSAY FOR THE 2-CENT ALASKA-YUKON EXPOSITION, COMBINING A DRAWING OF THE FRAME AS ADOPTED WITH A PHOTOGRAPHIC VIGNETTE WHICH WAS REJECTED AND A SEPARATE ENGRAVING OF THE VIGNETTE AS ADOPTED, ON A CARD MARKED APPROVED.

According to Johl, the backers of the Exposition prevailed on the Post Office Department to issue a stamp for the event. The design with seal at center was acceptable to postal officials, but the backers of the Exposition did not think the theme of a seal on a block of ice would encourage travel to Alaska. The vignette was changed to Seward's portrait.

Ex Johl and illustrated in his book (Vol. I, p. 48)..... 2,250.00

- 5004 E **2c Alaska-Yukon, Model Essay (370-E4).** 92 x 75mm card with wash drawing of frame similar to that adopted with seal essay cut out and mounted over Seward vignette derived from an 1876 bond (Bureau Die No. 2373), vignette background retouched with black wash, three-line endorsement "Approved subject to addition of the name Seward, as indicated in letter of Director, Bureau of Engraving and Printing, dated April 24, 1909" and signed by F.H. Hitchcock, "Postmaster General."

VERY FINE. A MARVELOUS AND UNIQUE ESSAY.

Ex Brazer..... 2,250.00

5004

5005

- 5005 E **2c Alaska-Yukon, Model Essay (370-E5).** 94 x 65mm card with close to adopted frame and seal on iceberg vignette, "William H. Seward" name added below seal in compliance with directive from the PMG but on a rejected design, "April 26/09 Approved J.E.R." (J.E. Ralph director of the B.E.P.), perhaps at one time had a Seward vignette over the seal that fell off or was done to elicit a chuckle from Director Ralph

VERY FINE. MARVELOUS UNIQUE ESSAY.

Ex Johl..... 2,000.00

- 5006 E **2c Alaska-Yukon, Die Essay on Wove (370-E7).** Face and collar lightly engraved, horizontal background lines only, no shading on ribbons, Extremely Fine, one of two known, ex Johl, who states "The framing and lettering was engraved by Robert Ponickau and Edward Hall. Marcus W. Baldwin began engraving Seward's portrait."
..... 2,000.00

5006

5007

- 5007 P **2c Alaska-Yukon, Large Die Proof on India (370P1).** Die sunk on 192 x 132mm card, typewritten "Approved, May 6, 1909" and signed by F.H. Hitchcock, Postmaster General, Extremely Fine, unique, ex Lilly 1,100.00

5008

VERY FINE AND CHOICE. A RARE MINT NEVER-HINGED PLATE BLOCK OF THE 10-CENT 1894 UNWATERMARKED BUREAU POSTAGE DUE ISSUE. VERY FEW ARE KNOWN.

The first Bureau printings of all stamps were made in 1894 on unwatermarked paper, which was soon replaced with USPS-watermarked stock. Many denominations on unwatermarked paper were issued in extremely small quantities. The Bureau's first efforts at producing stamps were marred by perforating and gumming problems, which further limits the supply of stamps available to collectors in higher grades of condition. Finally, the popular collecting of imprint and plate number strips of three drastically reduced the number of plate blocks of six, which is the standard for collectors today.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

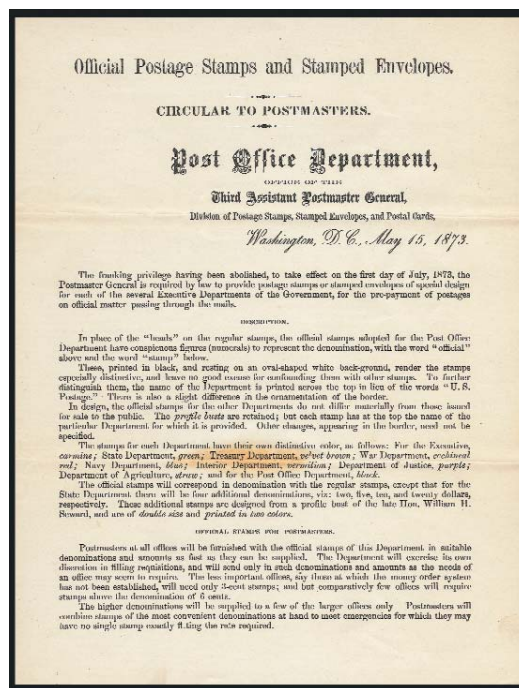

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form with **your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

Benjamin Smith Lyman with his assistants

The 24c and 30c War Department covers to Japan—two icons of Official philately—will be made available to the market for the first time since 1963, when Dr. Lobdell acquired them from the Duckworth collection. Noted authority on Officials, Alan C. Campbell, described this pair of covers as “rivals” to the Commodore Caldwell 24c and 30c Navy Department covers that were sold by our firm in the Starnes auction (\$26,000 and \$37,500 hammer, respectively). The following is a description of the covers by the late Dr. Lobdell:

“Both covers were sent by the War Department’s Chief Signal Officer to ‘Benjamin Smith Lyman, Chief Geologist and Mining Engineer to the Kaitakushi.’ Lyman was a Harvard graduate who later studied at the Ecole de Mines in Paris and set himself up as a consulting geologist. Between 1873 and 1879 he was chief geologist to the Japanese government, principally working for the Kaitakushi, which was an agency with the responsibility

for the colonization and development of the natural resources of the northern island of Hokkaido. (Hokkaido was Japan’s version of our frontier in ‘70s, so that while we were sending homesteaders into our West and killing off the Indians, they were populating Hokkaido with ethnic Japanese and doing a number on the native hairy Ainu.)”

It was carried to Yokohama by the Pacific Mail Steamship Co. and then to Tokyo. A Japanese official translated the address into Japanese on back for the benefit of the local postman and then applied his seal.

The census by Alan C. Campbell ("High Value Official Stamps on Cover", *Chronicle* No. 188, Nov. 2000, pp. 287-299) lists three 24c War Department covers, including two used with the 90c on package labels and this full cover to Japan. This cover is No. 38 in the census.

This is the only 30c War multiple known on cover. The \$1.20 postage may have paid the 10c per bound volume rate for 12 bound volumes, or possibly the 40x domestic 3c rate for 20 ounces.

FINE APPEARING AND SCARCE COMPLETE SET OF THE WAR DEPARTMENT "SPECIMEN" SPECIAL PRINTINGS.

The Official stamps were included in the Special Printings that were on sale at the 1876 Centennial Exposition and from the 3rd Assistant Postmaster General. However, in order to prevent use by the public they were overprinted "Specimen." This made them relatively unpopular and for the 3c, 6c, 10c, 12c, 15c, 24c, 30c and 90c values it is estimated that only slightly more than 100 of each were sold.....

AN EXTREMELY RARE PART IMPRINT BLOCK OF EIGHT OF THE 2-CENT WAR ISSUE WITH THE "SEPCIMEN" OVERPRINT ERROR.

As far as we know, the "Specimen" overprint error only comes from Position 21, the lefthand stamp in the third row of the pane. The 2c and 3c War Department stamps were printed from plates with two panes of 100 subjects, side by side. A straight edge is therefore possible if the error stamp comes from the right pane of 100, as with the example here. The other War Department values were printed from plates of 100 subjects and are perforated at the left edge. A footnote to the Official "Specimen" overprints in the Scott Catalog states "Blocks of four or larger with the 'Specimen' error are rare and worth much more than the value of the individual stamps."

FINE APPEARANCE. A PHENOMENAL POSTAL HISTORY RARITY, SENT FROM SWITZERLAND TO PARIS JUST BEFORE THE SIEGE OF PARIS. IT WAS THEN HELD IN PARIS DURING THE SIEGE AND FORWARDED TO BELGIUM BY BALLON MONTE, WHERE IT WAS FORWARDED YET AGAIN TO ENGLAND.

The blue French receiving marking indicates that this was received in Paris on Sep. 5. The recipient must have already left the city in anticipation of the siege. The Siege of Paris started about Sep. 18, so the only way to forward it was by ballon monte. It was carried aboard the *Godefroy Cavaignac* which left Paris on October 14 and landed in occupied France on the same day. It arrived in Belgium on October 19 and was forwarded to London on the 20th where received on the same day.

The recipient, Elsie Bach, was one of the translators of Volume 2 of *The French in America*, which was based on her father's papers. The first volume was published by her father in 1872 in Paris, and no doubt their work was interrupted by the war. E. 7,500-10,000

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form with **your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
