Bidding

The following means are available for placing bids:

1) Attending the Live Auction in Person: All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.

2) Live Internet Bidding: Instructions for participating as a Live Internet Bidder are provided on the page opposite.

3) Phone Bidding: Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.

4) Absentee Bids. All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to **stampauctionnetwork.com/siegel** and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to **stampauctionnetwork.com/siegel** and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to **stampauctionnetwork.com/siegel** and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at **siegelauctions.com**

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or **"Lost Connection"** events do occassionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of $250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to $600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. *Stamp Market Quarterly* and P.S.E. Population Report℠ is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

PRE-1890 ISSUES	*Pre-1890 stamps in these categories trade at a premium over Scott value*			Scott Value for "O.G."		Scott "No Gum" Values thru No. 218
1890-1935 ISSUES	Scott "Never Hinged" Values for Nos. 219-771	Scott Value for "O.G." (Actual value will be affected by the degree of hinging)				
1935 TO DATE	Scott Value for "Unused"					

Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz, American Air Mail Catalogue* (AAMC), *Michel, Zumstein, Facit,* etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Extraordinary People and Philately

One of my mentors—Stephen Lash, who was head of Christie's trusts and estates department—once lamented that he often learned many fascinating things about the people he knew only *after* they had passed away. There is truth in his observation.

Philately has lost two fascinating individuals: Arthur C. Kaminsky and Dr. Elizabeth J. Nettles. Each was a remarkable person, and they both loved stamp collecting. And I, too, learned things I never knew about them only after they passed away.

ARTHUR C. (ART) KAMINSKY was a Yale Law School graduate who knew he could never work for anyone else. Rather than follow the partnership track at a law firm, he struck out on his own and became one of the first sports agents in 1971 when he helped his college friend, Hockey Hall of Fame goaltender Ken Dryden, negotiate Dryden's first contract with the NHL's Montreal Canadiens.

Art went on to represent numerous NHL players and sports announcers. He was the agent for Herb Brooks, the coach who led the U.S. hockey team to one of the greatest upsets in Olympic history when they defeated the Soviets in the 1980 Winter Games at Lake Placid and went on to win the gold medal. Art was the agent for most of the players on the U.S. team, and he had a credited consulting role in the 2004 movie "Miracle," starring Kurt Russell as Brooks.

Stamp collecting was one of Art's numerous passions and pursuits. Beginning in the late 1980's, he began acquiring stamps in Siegel auctions and building a formidable U.S. collection. He also loved British Africa, and he even bought one stamp from the People's Republic of China—the used example of the "Whole Country is Red" issue in our Worldwide Stamps sale on May 14-15. Art also formed a collection of *Time* magazine covers featuring famous individuals, each autographed by the cover subject.

DR. ELIZABETH J. (BETTY) NETTLES received her Ph D. in clinical psychology from Washington University-St Louis and went on to specialize in psychotherapy for children and adolescents and in psychological assessment of all age groups. In addition to her private practice, Betty served on the staff of the St. Louis Family and Children's Services and was a consultant to Shriners Hospitals for Children, St. Louis Institute for the Deaf, and Children's Home Society.

Betty was an avid collector and exhibitor in philately. She was a member of numerous national societies, including the Women Exhibitors and Hawaii Stamp Study Group. On a local basis she was a leader of the Webster Groves Stamp Club, for which she was the long-time program chair, inviting outstanding outside speakers who collectively comprised one of the strongest club program schedules in the nation. She was founder and leader of a St. Louis area exhibitors study group, the St. Louis Bears, and she was exhibits chair for the St. Louis Stamp Expo, which grew to become one of the most competitive exhibitions in the country. Many of the visiting speakers and other guests were welcomed into her home, which she proudly called "The Nettles Philatelic Hotel." Her gracious hospitality was legendary, as were her Virginia-style crab cakes.

In 2010 Betty received the Elizabeth C. Pope Award from the St. Louis Stamp Expo for her great contributions to philately. It was fitting that Betty should be honored with the award named for and first bestowed on her longtime friend, Elizabeth Pope. The two lived in the same community and shared an interest in stamps and in many other aspects of life. I remember Elizabeth frequently quoting Betty's insights into the psychology of collectors.

The world is a less interesting place without these two fascinating individuals.

VERY FINE APPEARANCE. A SCARCE USED EXAMPLE OF THE SHORT-LIVED 90-CENT 1860 ISSUE.

The 90c stamp was issued in 1860, along with the 24c and 30c values, all of which were needed to prepay high international letter rates established by various postal treaties. The basic 24c and 30c rates to England, France and Germany created a volume of mail franked with those values. However, the 90c saw much more limited use, partly due to the rates in effect, but more because of the American Civil War. When supplies of current postage stamps were declared invalid in the South and ultimately demonetized by the Federal government, the 90c had been in use for only one year. For this reason, genuinely cancelled copies are scarce, and covers bearing the 90c are extremely rare.

Approximately 180 used examples have been certified by The Philatelic Foundation, of which one-quarter are sound. With 1995 P.S.E. and 2013 P.F. certificates 11,000.00

108 **24c Grayish Lilac (78a).** Deep rich color and proof-like impression, gorgeous centering with wide and balanced margins, light cancel leaves entire design clearly visible, P.F. certificate notes light diagonal crease at right, but this shows faintly only for two seconds when first placed in fluid and does not flash white when drying, furthermore not a trace shows under cross-lighting, which makes us wonder if this is a paper mesh factor (for example, a flaw in the screen during production) and not really a crease, in any case Extremely Fine Gem appearance with a clear P.S.E. graded certificate as XF-Superb 95 (SMQ $3,500.00), so quite desirable for a collector who cares more about stamps than experts' opinions (or for a dealer with a paper shredder), ex Natalee Grace, with 2012 P.F. and 2009 P.S.E. certificates 425.00

VERY FINE AND CHOICE. A GORGEOUS USED EXAMPLE OF THE 1868 3-CENT Z GRILL. AN EXCEEDINGLY RARE STAMP IN THIS CHOICE USED CONDITION.

The 3c Z Grill was in production for only a short period of time before the device was replaced with the F Grill. Only a small number of 3c sheets were fed thru the Z Grill, which accounts for the rarity of surviving examples.

(see Nos. 11-E10-11-E13) ..... E. 300-400

135 P **"Practice Engraving".** India die sunk on 120 x 120mm card, seven designs in lake color, all are foreign countries or "International Postage", several designs are recognizable such as one very similar to the U.S. 1c Louisiana Purchase labeled "IMPERIAL CHINESE POST" and 1883 2c No. 210 labeled "INTERNATIONAL POSTAGE" with value expressed in Brazilian currency, and a frame with "PERU" label of an 1899 Cuban stamp and frame of a 100r Brazilian Official labeled "NEW ZEALAND" and so on, it has been suggested that this is the work of an apprentice engraver to show (and improve) his hand lettering work, Very Fine, fascinating item that has been attributed to the American Bank Note Co., with photocopies George W. Brett article from the Fall 1979 *Essay Proof Journal*, discussing this piece in great detail ..... E. 500-750

142

142 **10c Brown, I. Grill (139A).** Well-defined grill points of early state I Grill, characteristic weakly embossed center, rich color, segmented cork cancel, centered to right, tiny corner crease at top left

VERY GOOD APPEARANCE. THE 10-CENT I GRILL IS ONE OF THE RAREST OF ALL UNITED STATES STAMPS. TO DATE, ONLY 16 EXAMPLES HAVE BEEN IDENTIFIED.

Starting with the 2013 Scott U.S. Specialized Catalogue, the I Grills have been elevated to major catalogue number status. Collectors will now have to acquire these I Grills in their quest for completeness. We anticipate that collector demand will be difficult to satisfy based on populations we have seen.

Ronald Burns, the foremost authority on the Bank Note grills, records two unused examples of the 10c I Grill, 12 used, plus an additional two used on the same cover.

FINE APPEARANCE. ONE OF ONLY THREE RECORDED EXAMPLES OF THIS DOUBLE IMPRESSION RARITY, AND THE ONLY EXAMPLE ON COVER. A GREAT RARITY.

Most double impressions occur when the first impression is made and found to be inadequate. The paper is then put in the press a second time, when it receives the heavier impression. It is a common misconception that the weaker impression is the second one.

Our census of Scott 207c, available at our website at http://www.siegelauctions.com/dynamic/census/207c/207c.pdf, includes only the three examples. No others are contained in the records of the Philatelic Foundation, and we did not find any in our search of past auction catalogues.

Ex Wagshal and Natalee Grace. With 1989 P.F. certificate. Listed but unpriced in Scott as used, and unlisted in Scott as on cover. Our Levi records contain the intact block (4), reconstructed block (4), 64 unused singles and 6 used singles, for a total of 72 unused and 6 used. Many of the unused singles have disturbed gum or no gum, and/or are off center to top or top left.

EXTREMELY FINE APPEARING EXAMPLE OF THE 4-CENT PAN-AMERICAN INVERT. THE IDEAL STAMP FOR THE COLLECTOR WHO VALUES VISUAL BEAUTY OVER TECHNICAL SOUNDNESS.

The 4c stamp portrays an electric automobile, known at the time as the "Electric Vehicle Service," as depicted on the Baltimore & Ohio Railroad brochure from which the engraving was made. In the background one can see the dome of the Capitol. The two men depicted in the front seat are both chauffeurs. The man in the passenger compartment is Samuel P. Hege, so this stamp actually depicts a living person in violation of the law.

The 4c Pan-American Invert was a special printing and not regularly issued. Examples were distributed through two official channels, and the gum on the majority of stamps without "Specimen" overprint was disturbed. In fact, because the stamps were removed from mounting paper, they are generally thinned or have seriously disturbed gum.

Scott Catalogue notes that "Values are for examples with full original gum that is slightly disturbed". There is no value given for a stamp with no gum..... 75,000.00

VERY FINE AND CHOICE. AN EXCEEDINGLY RARE GUIDE LINE PAIR OF THE 10-CENT HORIZONTAL COIL, SCOTT 356, WITH ONE MINT NEVER-HINGED STAMP. SCARCE IN SUCH PRISTINE CONDITION.

According to Johl (Volume 1, page 181), only 10,000 of the 10c Washington coil stamp were issued. They were made especially for a New York firm to send out advertising samples, similar to the 3c Orangeburg coil. Only a few rolls were sold to the firm, and the remaining rolls were distributed to some of the large post offices across the country. Dealers acquired several rolls, but because most contemporary collectors did not collect coils, many were used and destroyed.

270 ★★ **2c Red, Ty. I, Coil (449).** Mint N.H. joint line pair, exceptional centering with wide margins all around, brilliant color and detailed impression.

VERY FINE AND CHOICE. AN EXTRAORDINARILY RARE MINT NEVER-HINGED JOINT LINE PAIR OF THE 1915 2-CENT TYPE I VERTICAL COIL. AN OUTSTANDING RARITY.

Type I rotary press stamps were produced using the same master dies as had been used for flat plate printings. However, due to the curve of the plate to fit the rotary press, the impressions lacked some of the details of the flat plate printings. New dies were made with strengthened lines, resulting in the Type II stamps. After plate wear was noticed, further strengthening was necessary, resulting in the Type III stamps. Scott 449 was not produced until almost a year and a half after the Type I horizontal coil, Scott 453. Due to the unpopularity of vertical coils, this Type I stamp was in production for only a short period of time before being discontinued. The joint line pair offered here, in Mint N.H. condition and with such choice centering and color, is a major rarity. We doubt whether more than three or four exist in such condition.

EXTREMELY FINE. A SUPERB EXAMPLE OF THE $1.00 1917 ISSUE IN THE DEEP BROWN COLOR.

According to Johl, a small number of stamps were printed in this distinctive shade early in the issue of the 1917 $1.00 stamp. During the course of the six years that the stamp was issued, all other printings were made in the normal shade. Centered examples such as the stamp offered here are true condition rarities.

EXTREMELY FINE APPEARING USED PAIR OF THE RARE 2-CENT TYPE VII IMPERFORATE OFFSET STAMP. THIS IS THE ONLY USED MULTIPLE WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS.

According to Armstrong, the imperforates were issued to satisfy the needs of the last remaining private coil manufacturer. The Mail-O-Meter Company merged with the Schermack Company and so these issues are also known with the Schermack Type III perforations, such as are also seen on Scott 314A and 482A. However, a small supply of the imperforate 2c Type VII stamps without Schermack perfs did reach the public.

Our informal review of auction catalogues and the records of the Philatelic Foundation found four blocks of four and nine pairs, of which only four are sound. The example offered here is the only used multiple we have offered since keeping computerized records, which includes all of our Rarities sales and auctions going back to 1993.

To meet the increased demands for federal revenue during the Spanish-American War, on June 13, 1898, Congress approved the War Revenue Law of 1898. The law was to become effective on July 1, 1898, leaving only seventeen days before the new stamps were needed. The Bureau of Engraving and Printing had already started work on the dies, rolls and plates in anticipation of its passage, but they were still unable to issue stamps when the law went into effect.

J. E. Scott reported that the company used 41 copies of the 8c, 66 of the 10c and 28 of the 15c. The Scott Retail values support this relative mix of supply.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to **stampauctionnetwork.com/siegel** and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to **stampauctionnetwork.com/siegel** and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to **stampauctionnetwork.com/siegel** and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at **siegelauctions.com**

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or **"Lost Connection"** events do occassionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as "floor sale only"). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.
