Bidding

The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only)**

can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

A Power Search review of our auctions indicates the rarity of this intact set. Previous offerings by our firm are either nearly complete (such as the Sheriff set) or substantially incomplete to the point where they are offered by department. EXTREMELY FINE USED EXAMPLE OF THE 5-CENT 1847 ISSUE IN THE DISTINCTIVE AND DESIRABLE RED ORANGE SHADE.

According to a series of articles by the late Calvet M. Hahn in the *Collectors Club Philatelist*, the Red Orange shade was printed some time during the fourth and last printing, which took place in December 1850. Research by Wade Saadi indicates the Red Orange shade was produced exclusively during the last printing, stamps from which were part of the Fifth Delivery (December 7, 1850).

1c Blue, Ty. Ib (5A). Position 8R1E, stitch watermark, large margins to barely in including part of **top sheet margin**, pretty early shade, neat strike of small Boston "Paid" grid cancel, small thins

VERY FINE APPEARANCE. AN ATTRACTIVE EXAMPLE OF THIS RARE AND DESIRABLE TYPE. ONE OF THE TWO BEST TYPE Ib POSITIONS ON THE PLATE.

Type Ib was produced only as an imperforate stamp and does not have a perforated counterpart. Six positions on Plate 1 Early furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were burnished away. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, and for this reason they are more desirable examples of the type.

EXTREMELY FINE GEM. AN OUTSTANDING USED EXAMPLE OF THE 1856 5-CENT RED BROWN WITH HUGE EVEN MARGINS ON ALL SIDES. CONSERVATIVELY GRADED XF-SUPERB 95 BY P.S.E.

In our opinion, this stamp should have been graded at least Superb 98. Unlike many examples of the 5c 1856, this stamp has evenly-cut, essentially parallel margins, forming a true rectangular frame around the perimeter of the design. We cannot imagine grading this stamp at any number less than 98. To draw your own conclusion, use Power Search to find other examples graded 95 or better, and make your comparison.

III/Ia (21/19).** Positions 81/91L4, vertical pair with **bottom sheet selvage**, unused (no gum), top stamp has clear breaks at both top and bottom, type characteristics of the Type Ia stamp fully visible in selvage, deep rich color, few perf separations expertly reinforced

VERY FINE. AN EXCEEDINGLY RARE UNUSED VERTICAL PAIR OF THE 1857 ONE-CENT PERFORATED, WITH THE TOP STAMP TYPE III AND THE BOTTOM STAMP TYPE Ia.

Type Ia, imperforate and perforated, only comes from 18 positions in the bottom rows of the right and left panes of Plate 4.

In Neinken's layout of Plate 4 (p. 263), Positions 81-82L are identified as Type IIIa's with Position 82L4 being a "swing position" that became Type III after the plate wore. So-called swing positions began as Type IIIa with the outer line at bottom complete, but as the plate was used, the bottom line wore and a portion disappeared, thus becoming Type III. Therefore, this pair, a late impression including one swing position — 81L4 — is correctly identified as a Type III/Ia combination.

With 1977 P.F. certificate signed by Neinken. Scott Retail as pair with gum \$65,000.00. Scott Retail as no gum singles does not adequately convey its rarity, especially with the intact bottom selvage. 27,000.00

VERY FINE APPEARANCE. A SCARCE USED EXAMPLE OF THE SHORT-LIVED 90-CENT 1860 ISSUE.

The 90c stamp was issued in 1860, along with the 24c and 30c values, all of which were needed to prepay high international letter rates established by various postal treaties. The basic 24c and 30c rates to England, France and Germany created a volume of mail franked with those values. However, the 90c saw much more limited use, partly due to the rates in effect, but more because of the American Civil War. When supplies of current postage stamps were declared invalid in the South and ultimately demonetized by the Federal government, the 90c had been in use for only one year. For this reason, genuinely cancelled copies are scarce, and covers bearing the 90c are extremely rare.

Approximately 180 used examples have been certified by The Philatelic Foundation, of which one-quarter are sound. With 1970 and 1977 P.F. certificates, the former stating "defective" and the latter stating reperfed. 11,750.00

VERY FINE AND CHOICE. A BEAUTIFUL AND REMARKABLY FRESH EXAMPLE OF THE 3-CENT 1857 REPRINT.

The Continental Bank Note Company made a new plate for the 3c 1857 Reprint, consisting of 100 subjects. 10,000 stamps were printed (100 impressions). 479 of the 3c were sold, and the remaining 9,521 were destroyed on July 23, 1884, by order of the Postmaster General.

A review using Power Search shows that virtually all are off center to some degree, and many have perforations touching on one or more sides due to the narrow spacing on the original plate.

VERY FINE-EXTREMELY FINE. A BEAUTIFUL AND RARE PAIR OF THE 1867 3-CENT A GRILL.

The 3c stamps issued in August 1867 with experimental Type A grills were the first of the 1867-68 grills. They were soon replaced by other grill types, because the grilling all over weakened the sheets and resulted in poor separations with perforations or pieces torn out. Multiples are scarce, especially in such choice condition. This pair has perf teeth almost all around with only one short perf at bottom of right stamp and two small nicks at top of left stamp.

VERY FINE ORIGINAL-GUM EXAMPLE OF THE 1868 5-CENT F GRILL ON VERY THIN PAPER.

The National Bank Note Co. undoubtedly made various attempts to improve grilling quality and efficiency through modifications in the process. Based on surviving stamps, it appears that one modification involved the use of very thin paper, which probably allowed two or more sheets to be grilled in one pass through the grilling device. The 1c (F), 2c (E and F), 3c (E and F), 5c (F), 10c (F), 12c (F) and 15c (F) are found on this very thin paper. They are scarce, particularly the 5c-15c values.

EXTREMELY FINE ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1873 CONTINENTAL PRINTING. A SUPERB STAMP IN EVERY RESPECT.

Many philatelists — even intermediate and advanced collectors — have difficulty classifying Scott 165. When it comes to naming the most elusive Bank Note stamps in choice original-gum condition, the 30c 1873 is often overlooked. However, go to any serious collection and look for this stamp, and most of the time it is missing or represented by something that compromises quality. We hope that collectors who still have a tendency to overlook the 30c Continental will be awakened to its rarity in Extremely Fine original-gum condition by our comments and recent realizations.

FINE APPEARANCE. A RARE USED EXAMPLE OF THE ONE-CENT PAN-AMERICAN INVERT. THIS IS A NEWLY-DISCOVERED USED EXAMPLE OF THIS RARITY.

The 1c Pan-American Inverts were found in at least four different post offices around the country, soon after release of the issue in May 1901. According to the revised Johl-King book (p.7) “The first known copies of this error were discovered at Bessemer, Alabama, by the Carrell Jewelry Company on some circulars just prior to mailing them. When they realized the find they had made they lost no time in removing the stamps from the circulars and thus saved them to philately.”

The 1c Pan-American Invert in used condition is considerably scarcer than unused. Our updated census, available at our website at <http://siegelauctions.com/dynamic/census/294a/294a.pdf>, records 49 used examples plus three on cover, for a total of 52 copies. 20,000.00

434

- 434 ★ **4c Pan-American, Center Inverted (296a).** Large part disturbed original gum, bright colors, few tiny thin spots, sealed tear at upper left, few tiny perf flaws at top

VERY FINE APPEARING EXAMPLE OF THE 4-CENT PAN-AMERICAN INVERT.

The 4c stamp portrays an electric automobile, known at the time as the “Electric Vehicle Service,” as depicted on the Baltimore & Ohio Railroad brochure from which the engraving was made. In the background one can see the dome of the Capitol. The two men depicted in the front seat are both chauffeurs. The man in the passenger compartment is Samuel P. Hege, so this stamp actually depicts a living person in violation of the law.

The 4c Pan-American Invert was a special printing and not regularly issued. Examples were distributed through two official channels, and the gum on the majority of stamps without “Specimen” overprint was disturbed. In fact, because the stamps were removed from mounting paper, they are generally thinned or have seriously disturbed gum.

Scott Catalogue notes that “Values are for examples with full original gum that is slightly disturbed” 75,000.00

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

BOOKLET PANE. IT IS BELIEVED THAT NO MORE THAN 20 EXIST IN ANY CONDITION.

The A.E.F. booklet panes were issued in September 1917, primarily for use by the American Expeditionary Forces in Europe during World War I. Only 3,000 panes were prepared of both the 1c and 2c denominations. By October they were no longer needed, as Congress voted to allow mail to be sent free of charge by active members of the Armed Forces. Many of the panes were destroyed. This is an attractive collectible example of this rare pane despite the replaced left tab.

VERY FINE AND CHOICE MINT NEVER-HINGED TOP PLATE BLOCK OF THE 2-CENT 1923 ISSUE WITH 6-POINT STAR.

In an attempt to improve centering, the Bureau began using plates with wider spacing between the stamps. However, to take advantage of this, they had to modify some of the perforating machines. Stars were added to some of the wider-spaced plates for rapid identification of those sheets bound for the modified perforating machines. At first, a small 5-point star was used, then a large 6-point star and, finally, a large 5-point star. The latter is common, but the other two are very scarce.

BUFFALO BALLOON

649° ★ **5c Deep Blue, Buffalo Balloon (CL1).** Original gum, lightly hinged, large margins all around, rich color on crisp paper

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE RARE BUFFALO BALLOON AIR POST ISSUE. THIS IS QUITE POSSIBLY THE FINEST SINGLE IN EXISTENCE.

The Buffalo Balloon stamp, designed by John F. B. Lillard and engraved by John H. Snively, was printed by Wheeler Brothers Printers in Nashville, Tennessee. Only 300 were printed in tête-bêche arrangement from a single die. The stamps were intended for use on a balloon flight from Nashville to Gallatin, Tennessee, which took place on June 18, 1877. Of the 300 that were printed, only 23 were used. Based on previous examples we have handled, at least some of the Buffalo Balloon stamps were exposed to moisture around the time they were printed. The example offered here should be considered a condition rarity.

Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).
