The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**
(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).**
7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed to in writing.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Revised 1/2015

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM
	 Mint Never Hinged <i>Free from any disturbance</i>	 Lightly Hinged <i>Faint impression of a removed hinge over a small area</i>	 Hinge Mark or Remnant <i>Prominent hinged spot with part or all of the hinge remaining</i>	 Part o.g. <i>Approximately half or more of the gum intact</i>	 Small part o.g. <i>Approximately less than half of the gum intact</i>	 No gum <i>Only if issued with gum</i>
Catalogue Symbol:	★ ★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for “O.G.”		Scott “No Gum” Values thru No. 218
1890-1935 ISSUES	Scott “Never Hinged” Values for Nos. 219-771	Scott Value for “O.G.” (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.		
1935 TO DATE	Scott Value for “Unused”					

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

EXTREMELY FINE AND EXCEEDINGLY RARE ORIGINAL-GUM EXAMPLE OF THE 1851 ONE-CENT TYPE II FROM PLATE 1 LATE. THIS IS THE ONLY SOUND FOUR-MARGIN ORIGINAL-GUM EXAMPLE WE HAVE SOLD SINCE KEEPING COMPUTERIZED RECORDS.

Position 4R was a Type Ib position on Plate 1 Early. When Plate 1 was reworked by re-entering subjects from the transfer roll and strengthening the tops and bottoms of 199 of the 200 positions, only 4R1L was left without any form of recut. 4R became Type II because some of the design at the bottom was burnished away. However, 4R on Plate 1 Late still shows the complete design at top, and has a strong double transfer from re-entries made when the plate was reworked. Examples of 4R1L are very scarce, and unused copies are rare. This original-gum example is an important rarity for the 1851 Issue specialist.

VERY FINE AND CHOICE. A BEAUTIFUL USED EXAMPLE OF THE IMPERFORATE TYPE IV 10-CENT 1855 ISSUE FROM THE MISPLACED RELIEF POSITION — THE ONLY RECUT POSITION ON THE RIGHT PANE OF THE PLATE.

The first 10c plate of 200 (left and right panes of 100) was laid down using a three-subject transfer roll with relief types A, B and C. The C Relief was used only for the bottom row (all Type I design). The A Relief (Type II design) was used to enter the entire second row, and the B Relief (Type III design) was used for the third row. This A/B alternating relief pattern was followed consistently for the fourth through ninth rows. The top row was entered with the A Relief, except for three positions: Positions 1 and 2 in the left pane, and Position 3 in the right pane. These "misplaced reliefs" are B Reliefs, and Positions 1L and 2L are Type III designs, while Position 3R was recut (Type IV).

Position 3R1, one of the three misplaced relief positions on the plate, is also one of eight recut (Type IV) positions and the only recut position on the entire right pane of the plate.

VERY FINE-EXTREMELY FINE. A RARE AND DESIRABLE ORIGINAL-GUM BLOCK OF FOUR OF THE 1860 5-CENT TYPE II BROWN.

The 5c Brown Type II is far rarer in unused multiples than the Orange Brown. Unlike the 1861 Orange Brown, the earlier printing in Brown was not left in Southern post offices when the issue was demonetized in August 1861. Prior to the discovery of the block of 20 in the Frelinghuysen collection, the largest recorded multiple was a block of nine. A horizontal block of six is also known (creased thru bottom three stamps) as are approximately a half-dozen blocks of four. This is certainly one of the finest of the existing blocks of any size.

- 129 ★田 **30c Orange (71).** Block of four, original gum, top pair hinged and bottom pair very lightly hinged, near perfect centering, brilliant fresh color on bright white paper

EXTREMELY FINE ORIGINAL-GUM BLOCK OF THE 30-CENT 1861 ISSUE. A BLOCK OF FOUR IS THE LARGEST RECORDED UNUSED MULTIPLE, AND THIS IS ONE OF THE TWO FINEST BLOCKS.

As this block demonstrates, the 30c 1861 plate left very little space between the stamp subjects. Consequently, perforations usually cut into part of the design. This fact is acknowledged in both the Scott Catalogue and *Stamp Market Quarterly*, and the 30c 1861-68 Issue is one of the few for which which centering standards are adjusted accordingly.

This block is one of approximately eight different blocks we have located in past auctions. It was originally joined with the equally superb block of four in our sale of Alan B. Whitman collection (Siegel Sale 968). This block was originally positioned to the right of the ex-Whitman block. It is possible that these and a few other 30c 1861 blocks were part of a larger multiple, but this and the Whitman blocks have superior centering to any others.

5-CENT 1882 AMERICAN BANK NOTE COMPANY SPECIAL PRINTING

- 289 ★ **5c Gray Brown, Special Printing (205C).** Without gum as issued, deep rich color and proof-like impression, beautifully centered

EXTREMELY FINE. THE 5-CENT GARFIELD 1882 SPECIAL PRINTING IS ONE OF THE RAREST OF ALL THE BANK NOTE SPECIAL PRINTINGS. THIS SUPERB EXAMPLE IS ONE OF ONLY 21 RECORDED.

This elusive Special Printing was the subject of an informative article by William E. Mooz in the *Chronicle* (February 1992). His research provides strong evidence that the stamps recognized as Scott 205C are a small part of the 2,463 sold as Special Printings through the Third Asst. PMG, and that regular issues were used to fill the backlog of orders for the 5c Garfield.

Our census of Scott 205C is available at <http://www.siegelauctions.com/dynamic/census/205C/205C.pdf> , and illustrates the 21 recorded examples (only three have faults).

Census No. 205C-UNC-07. Ex Floyd. P.F. certificate nos. 410 and 254720 no longer accompany. With 2009 P.S.E. certificate (XF 90; SMQ \$105,000.00). Only two have graded higher (at 95) and four others share this grade..... 70,000.00

VERY FINE APPEARING EXAMPLE OF ONE OF THE GREAT COIL RARITIES IN UNITED STATES PHILATELY.

FINE APPEARANCE. THIS IS THE EARLIEST DOCUMENTED USE OF THE RARE 3-CENT ORANGEBURG COIL ON COVER. ONLY THIRTEEN ORANGEBURG COIL COVERS HAVE BEEN CERTIFIED AS GENUINE BY THE PHILATELIC FOUNDATION.

The Orangeburg coil was made by the Post Office Department in 1911, specifically for use by the Bell Pharmaceutical Company. The 3c coil stamps were used to send samples of their products to physicians. Due to the quantity of mail, they were put through the first-class cancelling machine at Orangeburg, New York. The Orangeburg coil stamps’ use on third-class mail and the fact that philatelists were generally unaware of their production account for their rarity.

When we offered this stamp and the cover in our Sale 798 (lot 454A), it was our opinion that the stamp did not originate on this cover. However, it was subsequently twice expertized by The Philatelic Foundation and certified as a genuine use (earliest documented date) and acquired by Alan Berkun for his exhibit collection.

EXTREMELY FINE AND EXCEEDINGLY RARE USED SHEET-MARGIN BLOCK OF THE 2-CENT TYPE VII OFFSET IMPERFORATE ISSUE.

According to Armstrong, the imperforates were issued to satisfy the needs of the last remaining private coil manufacturer. The Mail-O-Meter Company merged with the Schermack Company and so these issues are also known with the Schermack Type III perforations, such as are also seen on Scott 314A and 482A. However, a small supply of the imperforate 2c Type VII stamps without Schermack perfs did reach the public.

Our informal review of auction catalogues and the records of the Philatelic Foundation found four blocks of four and nine pairs, of which only four are sound. This is the first block we have offered since our 2001 Twigg-Smith sale.

The Scott Catalogue pricing is in error as it values two used pairs higher than a used block — which is considerably rarer. Scott Retail as two used pairs..... 9,000.00

And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

1919 ROTARY COIL WASTE, IMPERFORATE HORIZONTALLY

During World War I, leftovers at the end of each rotary press coil roll had been accumulating. They were perforated 10 in one direction on the rotary press perforator, but were too short to be used for coil rolls (issued in rolls of 500 or 1,000). In an effort to save waste, they were later perforated 11 in the horizontal direction using the wheel-type perforator normally used for flat-plate printings, giving us Scott Nos. 538, 539 and 540.
