The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

11. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**

(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation, British Philatelic Association, Royal Philatelic Society of London or any other authority recognized by the A.I.E.P. in a specific area of expertise, and dated within 5 years of the sale date, is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed.

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.

11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Perfection is attained by slow degrees; it requires the hand of time.

– Voltaire

Voltaire's words perfectly describe how Dr. F. Christian Killien, whose collection is featured in Part I of this sale catalogue, approached stamp collecting. I have met few collectors who love their stamps as much as Dr. Killien, or who have followed his credo that if a stamp is worth collecting, it is worth finding in the finest available condition, whether it catalogues one dollar or ten thousand dollars. And, if finding just the right stamp requires ten, twenty or even thirty years of searching, Dr. Killien believes it is worth the wait.

In United States philately, Dr. Killien's name is synonymous with “gem” quality. His United States collection, which I had the privilege of selling in 2006, set a new standard of collecting U.S. stamps in extraordinary condition – stamps that possess outstanding centering, marvelous overall freshness and brilliance – and in Mint Never Hinged state if at all possible. Although Dr. Killien sold his U.S. stamps, he remained deeply committed to expanding his cherished collection of worldwide stamps, his lifelong favorite. For more than thirty years he has sought exceptional quality stamps of Great Britain, British Commonwealth (A to Z – being essentially complete for many countries from King George V, or earlier, through the first QEII issues), France and French Colonies (A to Z – also being essentially complete for many countries from 1892 to independence).

Just a casual perusal of this catalogue's individual stamp highlights will reveal how successful Dr. Killien was in obtaining stamps in essentially perfect condition. Is every stamp a “rarity” in his collection? No, but there are countless “condition rarities.” For this reason, we believe that Dr. Killien's collection has a unique character among the countless collections sold in past auctions. Furthermore, Dr. Killien sought much more than the “easy” stamps in gem quality. A close look at his specialized sections of Bermuda Keyplate issues, Falkland Islands, New Zealand Postal Fiscal Arms issues and St. Pierre and Miquelon F.N.F. L. stamps will show that he accepted some of stamp collecting's toughest challenges, and achieved his goals.

Yes, the many hundreds of single stamps and sets offered in the sale are exciting and desirable, but that is not the whole offering. Dr. Killien's collection balances from each country, which follow the individually offered stamps, represent an equal or even greater collecting accomplishment. Each of these collection lots is not only comprehensive for its respective time period, but all are filled with stamps that are almost impossible to duplicate in such a high standard of overall quality – and the number of never hinged stamps contained in each is most remarkable.

It is no coincidence that the collections are filled with outstanding stamps. Each was personally selected and vetted by Dr. Killien over three decades of collecting. Once he owned a stamp or set, it was subject to upgrading if he found a better one. It was not unheard of for him to buy one gem set of a scarce issue of a particular country, only to buy a second, or even a third, just to upgrade the lower values. To fully illustrate what I am referring to – and to motivate potential bidders – we have scanned each and every large lot, and the links to these may be found on our website (www.siegelauctions.com).

Just having Dr. Killien's stamps in auction would be exciting enough. But, Part II of our December auction is filled with more than 750 lots from an additional 50-plus consignors, comprising a wonderfully diverse range of scarce stamps, postal history and desirable large lots and collections. So, we urge collectors and dealers to look at both Parts I and II of the sale catalogue, as you may find things of personal interest in each section. All in all, this is an auction we think will excite collectors.

SESSION ONE (LOTS 1-195)

WEDNESDAY, DECEMBER 9, 2015, AT 10:00 A.M.

THE F. CHRISTIAN KILLIEN, M.D.
COLLECTION OF SUPERB QUALITY
WORLDWIDE STAMPS AND POSTAL HISTORY

GREAT BRITAIN

Because the large majority of Dr. Killien's Great Britain stamps are in pristine never hinged condition, we have quoted the catalogue values in British Pounds taken from the Stanley Gibbons Great Britain Concise Catalogue, 2015 Edition. Unlike the less specialized Stanley Gibbons Stamp Catalogue, which only prices never hinged stamps from the King George VI era onward, the Concise catalogue does price never hinged stamps from a much earlier period and more accurately reflects their value and scarcity as such. We have also organized the Great Britain section by their Stanley Gibbons numbers because of the wonderful range of shades and printings offered. However, we have also referenced Scott Catalogue identifications for easy cross referencing.

EXTREMELY FINE. A PARTICULARLY HANDSOME EXAMPLE OF THE RARE 5-SHILLING PALE CARMINE WITH INVERTED WATERMARK.

The current Stanley Gibbons Concise catalogue lists several of the De La Rue Seahorses with inverted watermark. However, No. 410 is not among them, possibly because there is no recorded sale. They do list the lesser cataloguing 5sh Bright Carmine with inverted watermark and price it at £6,750. This is the basis for the catalogue value we have listed. The next Stanley Gibbons catalogue should probably list this as No. 410Wi. It is clearly a very rare variety and would make an excellent addition to an advance specialized collection of the Great Britain Seahorses.

W. T. Wilson was a British stamp dealer who arranged to have new stamps sent to him on covers from all over the world, including complete sets and high values. However, today they are highly desirable, not only because they are sometimes the only way high values exist on cover, but also because they are fresh, clean and eye appealing.

NEW ZEALAND COAT OF ARMS POSTAL FISCALS

The following section of New Zealand Postal Fiscal “Arms” Design stamps of 1931 to 1958 is one of the finest, and most comprehensive, collections of these popular and scarce stamps offered at auction in many years. Dr. Killien is, understandably, very proud of the stamps he assembled. All, naturally, were acquired in the same manner as all of the other stamps in Dr. Killien's collections - through diligent years of searching for the finest available quality - and never hinged if at all possible.

Because the Stanley Gibbons listings are much more comprehensive, and most importantly differentiate the highly collectible “Cowan” and “Wiggins Teape” papers from one another, they have been presented and identified by Stanley Gibbons numbers and have values shown in British Pounds. Scott Catalogue identifications, when possible, have also been referenced.

To ensure the accuracy of all of Dr. Killien's Stanley Gibbons identifications, he requested that we obtain certificates of authenticity, identification and condition from one of the world's foremost authorities on New Zealand postage stamps, Robert P. Odenweller, RDP, and a member of the A.I.E.P. Expert Association. Mr. Odenweller has issued brand new certificates on all of Dr. Killien's New Zealand Postal Fiscals of any substantial value and they accompany each lot. To Dr. Killien's credit, every stamp's identification was confirmed as correct by Mr. Odenweller.

ST. PIERRE AND MIQUELON

Dr. Killien's passion for collecting the 1941-42 "France Libre" (F.N.F.L.) overprinted issues of St. Pierre & Miquelon is self-evident when one reviews the following impressive offering of these very scarce and highly popular issues of the 20th century. He was drawn to the very limited quantities printed and how infrequently they appear on the marketplace, particularly in what will now become known as "Killien Quality" after the conclusion of his auction.

This is one of the finest collections of F.N.F.L. issues to come on the market in several years, particularly when one factors in that Dr. Killien was only satisfied with the very finest quality available – and never hinged if possible. In fact, several of the stamps offered below (especially several of the key rarities) can easily be classified among the finest quality examples recorded.

We have arranged and identified these issues by Yvert catalogue numbers, as their listings are more comprehensive than most catalogues, including listing and pricing elusive inverted overprint errors. We have cross-referenced Scott catalogue numbers and values when applicable.

Nearly every important stamp in this offering had either some sort of respected expert's signature (Brun, Calves, et al) and/or a certificate accompanying the stamps when individually acquired by Dr. Killien. However, in just the last twelve months Dr. Killien sent every stamp of any significant value to the respected experts at Roumet for their signature, and in the case of more important rarities, their certificate. In addition, he had each stamp plated by position and their position numbers and quantities issued are referenced in our lot descriptions.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). - If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

VERY FINE. A BEAUTIFUL EXAMPLE OF THE FAMOUS H.M.S. "GLASGOW" ERROR OF VIGNETTE. PERHAPS 25 ARE KNOWN.

This issue was produced to commemorate the 50th anniversary of the Battle of the Falkland Islands. It is believed this error occurred when a sheet with the center showing the "Glasgow", which was used for the 2½p value, was accidentally included among the supply of the 6p value, where it received the wrong frame. Stanley Gibbons notes about 25 have been recorded. The reason the majority have not been found is that most were included in new issue shipments, and the error was not discovered until the vast majority were dispersed. Collectors and dealers received them without knowing their special significance. Many collectors hinged them in their albums, making for an unusually large percentage of hinged examples in the marketplace.

Until just recently, the copy offered here had the same fate as many others for the last 50 years. It had gone unnoticed and was included in the set of four as the normal 6p stamp. The current consignor bought a dealer's stock that included this "set". The consignor was shocked when he examined it closely and noticed it had the design of the H.M.S. Glasgow and not the H.M.S. Kent.

One of the key error rarities of the Queen Elizabeth II era. SG value £40,000.. 32,500.00

VERY FINE APPEARANCE. AN EXTREMELY RARE UNUSED EXAMPLE OF THE 1920 ONE-SHILLING STATUE OF QUEEN VICTORIA WITH FRAME INVERTED. AN IMPORTANT RARITY OF JAMAICA AND AMONG THE MOST FAMOUS OF ALL INVERTED CENTERS IN WORLDWIDE PHILATELY.

In March 1922, a small number (reported to be ten) of the One Shilling stamps with the frame inverted were found at the Manchioneal post office, a small village on the north east coast. It is certain that a full sheet of 60 was printed, but that only 30 were sent to Manchioneal. Most of these 30 were used on telegrams or on thrift savings cards. However, examples removed from telegrams cannot be distinguished from postally used, as the canceling device was the same. The other half of the sheet was probably sold over the counter in Kingston, as used copies with Kingston cancels exist. It is believed no more than twenty (unused or used) examples are known.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.
Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.
Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Standard Shipping Charges

Weight Class	Shipping Method	Charge
Up to 2 lbs.	Fedex Envelope	\$20
Over 2 lbs.	Fedex Box	\$35 - \$50*
Outside US	Fedex	\$50 - \$100**
Bulky Lots	Fedex Ground or Express	By weight

* Up to \$75,000 value and up to 5 lbs; additional charge may apply to packages exceeding limits

** Buyers outside United States are liable for any applicable customs duty and clearance charges. An accurate declaration of contents and value will be made on all packages and import/export documents. **Siegel may refuse to ship lots to certain countries with a high risk factor.**
