Bidding

The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**
(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes).**
7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed to in writing.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Revised 1/2015

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Guide to Gum Condition

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM
	 Mint Never Hinged <i>Free from any disturbance</i>	 Lightly Hinged <i>Faint impression of a removed hinge over a small area</i>	 Hinge Mark or Remnant <i>Prominent hinged spot with part or all of the hinge remaining</i>	 Part o.g. <i>Approximately half or more of the gum intact</i>	 Small part o.g. <i>Approximately less than half of the gum intact</i>	 No gum <i>Only if issued with gum</i>
Catalogue Symbol:	★★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for “O.G.”		Scott “No Gum” Values thru No. 218
1890-1935 ISSUES	Scott “Never Hinged” Values for Nos. 219-771	Scott Value for “O.G.” (Actual value will be affected by the degree of hinging)		Disturbed Original Gum: Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.		
1935 TO DATE	Scott Value for “Unused”					

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

1c Blue, Ty. Ib (5A). Position 6R1E, full even margins, just touching upper side ornaments, bright Plate 1 Early color on crisp paper, bold strike of unusual Maltese Cross cancel, minute picked-out inclusion speck not mentioned on accompanying certificate

EXTREMELY FINE APPEARANCE. A STRIKING EXAMPLE OF THE RARE 1851 ONE-CENT TYPE Ib FROM PLATE ONE EARLY, FROM ONE OF THE TWO POSITIONS THAT FURNISHED THE BEST TYPE Ib EXAMPLES.

Type Ib was produced only as an imperforate stamp. Six positions on Plate 1 Early furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were ironed out when the entries were made below them. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, and for this reason they are more desirable examples of the type.

All Type Ib stamps are very scarce, and the two best examples (6R and 9R) are rare. These top-row positions usually have an ample top margin, but frequently the margins are close or cutting into the sides or bottom. A Type Ib with full margins all around is a great rarity. This stamp has the added attraction of an unusual early type of fancy cancel.

- 3121 **1c Blue, Ty. IIIa, Imperforate Between (formerly 22b).** Positions 27-28L4, horizontal pair, the 1958 P.F. certificate states “imperforate between pair”, but the 2015 P.F. certificate states “Scott 22 with blind perforations slightly into the most upper right ornament of the left stamp and a tiny pinhole at lower left” — we will have something to say about this shortly — deep Plate 4 shade, neat strikes of circular datestamp, Fine and extremely rare

Now for our commentary: This pair was the basis of the Scott Catalogue listing for Scott 22b, which has now been de-listed because of the P.F. certificate. It was owned by two outstanding 1c 1851-57 authorities, Mortimer L. Neinken and Jerome S. Wagshal. Frankly, we consider the 2015 P.F. opinion to be an appalling act of expertizing revisionism, and entirely unjustified, not because the physical evidence isn't there, but because they have totally misunderstood the nature of the variety and misinterpreted the significance of the physical characteristics.

The imperforate-between varieties were obviously created when the perforating pins on a wheel suffered a mechanical deficit, and not because the pins “vanished” or the operator failed to apply a single row of perforations. The entire concept of “missing perforations” on 1857 stamps means **they failed to punch the paper and the holes cannot be seen**. In this example, not one complete perforation hole can be seen. There are three, possibly four, faint half-circle shallow indentations in the surface of the paper at the top and nothing else. For the P.F. or any expert to say this pair has “blind” perforations and is not imperforate-between, because of these barely impressed half-circles, is a misguided attempt to suggest that the row of perforating pins had to be “missing” when the sheet was perforated, or that the operator somehow “skipped” the “true” imperforate-between pair. Neither of those concepts is correct.

Expertizing decisions such as this cause us great frustration. We have faith that it will not stop intelligent philatelists from recognizing the rarity and significance of this 1857 perforating variety/error. Perhaps the P.F. can be persuaded to correct this wrong on a reconsideration, and the Scott Catalogue listing will be restored. Should that occur, whoever buys this pair will be financially rewarded for following his convictions and ignoring a paper certificate..... E. 2,000-3,000

EXTREMELY FINE GEM. AMONG THE FINEST ORIGINAL-GUM EXAMPLES OF THE 30-CENT 1861 ISSUE IN EXISTENCE. THE BRIGHT ORANGE SHADE IS EXTREMELY RARE IN ANY ORIGINAL-GUM CONDITION, AND THIS SUPERB EXAMPLE COULD WELL BE THE FINEST.

The narrowly-spaced 30c 1861 plate left very little room for the 12-gauge perforations between stamps. Consequently, examples with wide margins at sides are extremely rare — this fact is acknowledged in the Scott Catalogue footnote to No. 71. The stamp offered is one of the few known original-gum examples in a higher grade. Furthermore, the shade is typical of the earliest 1861 printing, distinguished by its brightness and yellow glow. We have seen very few original-gum examples of the early shade, and this is without question one of the finest we have handled. As another indicator of how difficult this issue is to obtain in such choice condition, only three have graded higher than an 80 on the P.S.E.'s Population Report (at 85, 90 and 90J).

- 3170 ★ **30c Brownish Orange, Re-Issue (110).** Original gum, narrow h.r. at top, intense color on bright paper, perfectly centered with well-balanced margins

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1861 RE-ISSUE, WHICH IS ARGUABLY THE MOST CHALLENGING OF THE 1861-66 RE-ISSUES TO OBTAIN IN THIS GRADE.

The 30c Re-Issue was printed from the original plate of 200 subjects. 10,000 stamps were printed (50 impressions). Only 346 of the 30c were sold; the remaining 9,654 were destroyed on July 16, 1884.

Little space was left on the 30c 1861 plate for vertical rows of perforations between stamps, and the same plate was used for the 1875 Re-Issue. Therefore, well-centered copies with perforations clear at the sides are rare. When one takes into consideration the limited number sold (346) and other condition factors, such as gum and freshness of paper, the rarity of the stamp offered here can be truly appreciated.

Ex Hall, who acquired this in the Stephen Brown sale held in 1939. With 2001 and 2015 P.F. certificates, both as "previously hinged" 6,000.00

- 3173 **3c Ultramarine (114).** Vertical pair, tied by two mostly complete strikes of “KKK”, Skull & Crossbones fancy cancel of Union Mills Pa.

VERY FINE. ONE OF THE FEW PAIRS KNOWN WITH THE RARE AND STRIKING UNION MILLS “KKK”, SKULL AND CROSSBONES FANCY CANCEL.

Union Mills, Pennsylvania, was the source of several remarkable fancy cancel designs in the 1869-71 period, including the “KKK” Skull & Crossbones, Kleagle Mask (two versions) and the Horse in Hat designs. All indicate Ku Klux Klan activity in this Western Pennsylvania town during the immediate post-war Reconstruction period. John H. Beardsley was the postmaster for a brief period of time — February 9, 1870, to March 16, 1871 — which coincides with the creation and use of the Ku Klux Klan cancellations.

This is one of a small number of pieces salvaged from a correspondence. We know of three full covers with this cancel, one of which is in the Hirzel collection at the Swiss PTT Museum.

The rarity of centered original-gum examples of the 30c 1869 with grill is somewhat obscured by the availability of off-center copies of the 30c with and without grill. If the scope were narrowed to Scott 121 only, and only grades of Very Fine or Extremely Fine were considered, we estimate that fewer than 15 examples would be counted. Among the qualifying stamps, this is without a doubt one of the finest two or three.

Collectors will now have to acquire these I Grills in their quest for completeness. We anticipate that collector demand will be difficult to satisfy based on populations we have seen.

VERY FINE CENTERING AND AN EXTREMELY RARE USED BOOKLET PANE — OF EVEN GREATER RARITY WITH THE PLATE NUMBER SELVAGE.

According to Johl, the proofs of this stamp were considered masterpieces, but when the stamp was issued in red using the wet paper printing method it was widely criticized. Washington's nose was excessively red and the details of the design were lost. The *New York Times* wrote that "if not labelled Washington it could be taken for Adams, Madison or Monroe". Faced with such criticism the Post Office Department rushed a replacement stamp into use — the 2c Shield issue (Scott 319 and 320) — less than nine months later.

Our census of used Scott 301c, available at <http://siegelauctions.com/dynamic/census/301c/301c.pdf>, includes six with full tabs and an additional three without tabs. 6,000.00

According to Johl (Volume 1, page 181), only 10,000 of the 10c Washington coil stamp were issued. They were made especially for a New York firm to send out advertising samples, similar to the 3c Orangeburg coil. Only a few rolls were sold to the firm, and the remaining rolls were distributed to some of the large post offices across the country. Dealers acquired several rolls, but because most contemporary collectors did not collect coils, many were used and destroyed.

VERY FINE MINT NEVER-HINGED PLATE BLOCK OF THE TYPE I-Ia, SCOTT 499-500 COMBINATION. ONE OF THE GREAT 20TH CENTURY PLATE BLOCK RARITIES. ALSO VERY SELDOM OFFERED IN A LARGER MULTIPLE.

Type Ia was created in 1919, when the Bureau of Engraving & Printing created an experimental 10-subject transfer roll, and used it to enter two new plates (Nos. 10208 and 10209). It was hoped that this technique would speed production, but the experiment was quickly abandoned and no further plates were made. The process resulted in design differences from the Type I that was contemporary at the time (Scott 499) and the stamps from these plates were designated as Type Ia (Scott 500). The two Type I positions from the bottom row of plate 10208 were the result of re-entries using the normal Type I transfer roll (the 10-subject roll would have been too large to accomplish single position re-entries). The Type I-Ia combination plate block offered here is the only Mint N.H. plate block we located using Power Search.

VERY FINE. AN EXTREMELY RARE EXAMPLE OF THE 10-CENT LINDBERGH AIR POST ISSUE WITH THE TAB AT BOTTOM. VERY FEW ARE KNOWN.

There was strong public demand for the Lindbergh issue in booklet form, so the Post Office decided to issue this with six stamps per booklet. They were first placed on sale on May 26, 1928. The discovery of the inverted pane was first made in 1938, and fewer than a half-dozen others have since been discovered. According to a letter from the Bureau of Engraving and Printing (reproduced in the *Bureau Specialist*), they state that it is possible that the pane of inverted stamps may have originated from a sheet that became reversed during processing (cutting apart into the individual panes), and would have been assembled with the panes in reverse unless discovered before final assembly.

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's NO SUBSTITUTE for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Standard Shipping Charges

Weight Class	Shipping Method	Charge
Up to 2 lbs.	Fedex Envelope	\$20
Over 2 lbs.	Fedex Box	\$35 - \$50*
Outside US	Fedex	\$50 - \$100**
Bulky Lots	Fedex Ground or Express	By weight

* Up to \$75,000 value and up to 5 lbs; additional charge may apply to packages exceeding limits

** Buyers outside United States are liable for any applicable customs duty and clearance charges. An accurate declaration of contents and value will be made on all packages and import/export documents. **Siegel may refuse to ship lots to certain countries with a high risk factor.**
