The following means are available for placing bids:

- 1) **Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) **Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) **Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) **Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

### Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

**There's NO SUBSTITUTE for following the auction in real time.**  
**Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.**  
**And it's easy.**

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

**Start by following the simple steps to become a registered Live Internet Bidder.**  
**Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.**

### Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

**I've already registered with SAN and have been approved by Siegel for internet bidding.**

**I'm a Siegel client, but I'm not registered with SAN.**  
Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

**I've bid through SAN before, but this is the first time I've bid in a Siegel sale.**  
Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

**I've never bid with Siegel, nor registered with SAN.**  
Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

**"System Down" or "Lost Connection" events do occasionally happen.**

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

## Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES, BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**  
**(5A) EXCLUSIONS:** The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping**

**and transit insurance charges and any applicable taxes).**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed to in writing.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

# Grades, Abbreviations and Values Used in Descriptions

## Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

## Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

## Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

VERY FINE APPEARING EXAMPLE OF THE RARE 5-CENT GREENVILLE PROVISIONAL — ONE OF THE FIRST BICOLORED POSTAGE STAMPS TO APPEAR IN THE WESTERN HEMISPHERE. ONLY FOUR OFF-COVER STAMPS AND TWO COVERS ARE RECORDED.

The Greenville provisionals were issued by Judge Benjamin F. Porter (1808-1868). His papers are located at Auburn University Libraries and a biography of Porter from the library website provides details of his life (<http://www.lib.auburn.edu/archive/find-aid/155.htm>): "Benjamin Faneuil Porter was born in Charleston, South Carolina in 1808. His father died while he was very young, which left his family financially troubled. His educational background was limited, having left school at an early age to support his mother and sister. He initially worked as a druggist in Charleston and attempted to study medicine. Porter however changed his mind and began to study law. In 1826 was admitted to the South Carolina Bar and soon afterwards began to practice law in Charleston. Three years later, in 1829, Porter and his new wife relocated to Claiborne, Alabama. He was granted a license to practice law in Alabama in 1830. In 1832 he was elected to the State Legislature from Monroe County. Two years later he was elected as County Judge. He and his family moved to Tuscaloosa, Alabama in 1835. Returning to politics he was re-elected to the State Legislature in 1837 and elected Circuit Court Judge in 1839. He was the first chair of the University of Alabama School of Law in 1845 but resigned within the year. Prior to the American Civil War he edited a newspaper; served as Reporter to the Alabama State Supreme Court; was the Superintendent of Education; was the President of Will's Valley Railroad; and ran for State Senate but was defeated. At the outbreak of the war, he offered his services to Jefferson Davis and was appointed to command a camp of instruction at Greenville, Alabama. Following the war, Porter joined the Republican Party and accepted the Judgeship of the 12th Judicial Circuit. He died on June 4, 1868 in Greenville, Butler County, Alabama."

Postmaster Porter's typeset provisional issue is not only very rare, it is remarkable as one of three postmaster issues printed in two colors — the others were issued at Baton Rouge and Lenoir. These are the first government-issued, bicolored adhesive postage stamps to appear anywhere in the Western Hemisphere.

After a thorough search of relevant records (auction sales, Levi clippings, Philatelic Foundation and Confederate Stamp Alliance certificates) we have located only eight examples of either Greenville denomination, including four off-cover 5c stamps, two 5c covers, and two 10c covers. None of the Greenville stamps are cancelled.

FINE APPEARING USED EXAMPLE OF THE BICOLORED PROVISIONAL STAMP OF LENOIR, NORTH CAROLINA.

James Harper (1799-1879) served as postmaster of Lenoir from 1841 until sometime in 1862 or 1863. His son, George Washington Finley (G. W. F.) Harper (1834-1921), was the assistant postmaster and, according to the written affidavits, was responsible for carving the woodcut die used to make the provisional stamps and envelopes (see Crown book, pp. 172-178, 651-652). In 1862, G. W. F. Harper enlisted as a private in Co. H, 8th Regiment, N.C. Infantry, and eventually earned the rank of major.

The Lenoir adhesive stamp is one of three bicolored provisionals issued by Southern postmasters (the others were issued at Baton Rouge La. and Greenville Ala.). Approximately 29 covers bearing the Lenoir adhesive stamp are known. The same woodcut device was applied directly to envelopes, as evidenced by the one recorded cut square with the single 5c impression (Scott 49XU1, offered in the following lot) and the unique 5c plus 5c entire (Scott 49XU2).

FRESH AND FINE EXAMPLE OF THE MARION, VIRGINIA, 5-CENT POSTMASTER'S PROVISIONAL.

The Marion Va. 5c and 10c provisional stamps, with their distinctive "Check" label at top, were issued by Postmaster James H. Francis in 1861. The stamps were printed in two steps: first, the typeset form containing the border and words "P. Office, Marion, Va., Check. Paid" was impressed; then the value, "5" or "10" was handstamped on the blank center. Postmaster Francis described his stamps in a January 1880 letter to August Dietz, and he offered to make more from the "die" which he still possessed. Various "reprints" made from the typeset form were made by John W. Scott, including 2c, 15c and 20c values that have never been seen genuinely used.

Genuine Marion provisional stamps are extremely rare. Our records and the Calhoun census contain a total of 11 examples of the 5c, including 4 covers (one of which is in the British Library's Tapling collection), 3 stamps remaining on pieces, 3 used off cover and an unused example on bluish paper (of uncertain status, but counted in our census)

VERY FINE. AN EXTREMELY RARE ACROSS-THE-LINES COVER FROM ENGLAND TO PETERSBURG, VIRGINIA, VIA MEMPHIS, TENNESSEE. PROBABLY CARRIED BY ADAMS EXPRESS FROM BOSTON TO MEMPHIS.

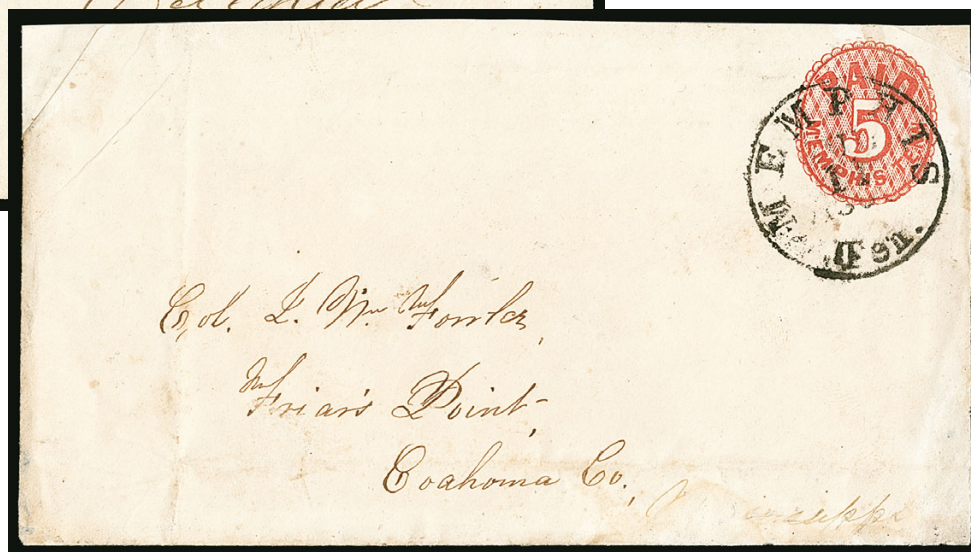

This letter from London, England, was carried by the Cunarder *Canada*, which left from Liverpool on August 10, 1861, and arrived at Boston August 23. All express mail between the North and South was banned after August 26, 1861, but this arrived in time to cross the lines. Our theory is that a bundle of letters addressed to the South, including this one, was sent in a package from England to the Adams office in Boston, thereby avoiding individual ship postage charges. At Boston, the package or individual letters under cover were sent south to Memphis and posted there as normal C.S.A. mail. Only three express covers with Adams Boston markings are recorded, an oddly small number, which leads us to speculate that the Boston office packaged multiple letters and shipped them south, rather than individually.

VERY FINE APPEARANCE. THIS IS THE ONLY RECORDED EXAMPLE OF THE NASHVILLE 5-CENT BRICK RED TÊTE-BÊCHE PAIR.

Peter W. W. Powell's study of the 5c Nashville ("Plating the Nashville Provisional," *Confederate Philatelist*, January-March 2008) reached the conclusion that the stereotypes were made in groups of six units, three wide by two tall. Working with photographs of the ex-Caspary tête-bêche blocks of twelve (lots 313 and 314) and the strip of five on cover (Siegel Sale 874, lot 116), Powell determined that the printing plates had to have been built up from 3-by-2 stereotype groups. Based on plate flaws unique to specific positions, Powell also concluded that the plate size was no less than 18 subjects, made from at least three six-unit stereotype groups, and that more than one plate was made. The tête-bêche arrangement in printed sheets occurred when one impression was made, then the sheet was turned 180 degrees, and a second impression was made.

FINE EXAMPLE OF THE RARE PITTSYLVANIA COURT HOUSE PROVISIONAL ON WOVE PAPER. ONLY TEN COPIES IN TOTAL ARE RECORDED, INCLUDING SEVEN COVERS.

James P. Johnson was appointed U.S. postmaster of Pittsylvania Court House (known as Chatham today) by President James Buchanan on January 20, 1859. He was appointed C.S.A. postmaster on July 29, 1861 (Richard L. Calhoun, *The Confederate Postmaster Provisionals of Virginia*). During his term as postmaster Johnson issued a 5c Red provisional adhesive stamp bearing his name. The typeset design is nearly identical to the Danville typeset provisional, and Danville’s postmaster, William D. Coleman, stated that his stamps were printed at the offices of the *Democratic Appeal*. For this reason philatelists assume that the same printer produced both postmasters’ stamps, substituting one name for the other. The Pittsylvania Court House stamps were printed on wove and laid papers. Dangerous counterfeits on wove paper were made from type and borders that closely resemble the originals, and these are often counted in census work. The count of genuine examples currently (and correctly) stands at 10 on Wove (66X1) and 3 on Laid (66X2).

Our records of the Pittsylvania Court House 66X1 provisional include the following:

**CR** = cut rectangular; **CS** = cut to octagonal shape; **Ty. I** = No space between “T” and “S” of “Cents” **Ty. II** = Gap between “T” and “S” of “Cents”

VERY FINE APPEARING EXAMPLE OF THE RARE PLEASANT SHADE VIRGINIA POSTMASTER'S PROVISIONAL.

The tiny town of Pleasant Shade had a population of 57 in 1860. Robert E. Davis was appointed U.S. postmaster by President James Buchanan on January 11, 1860. He was appointed C.S.A. postmaster on July 27, 1861, and was replaced by Eugene W. Spratley on July 14, 1863 (Richard L. Calhoun, *The Confederate Postmaster Provisionals of Virginia*). Postmaster Davis had his provisional stamps printed at Andrew F. Crutchfield & Company, publisher of the local Petersburg newspaper, *The Daily Express*. This was the firm that printed the nearly identical Petersburg provisionals. Crutchfield & Co. used five of the settings from the Petersburg form, substituting the names of the post office and postmaster, and printing the Pleasant Shade stamps in blue instead of red.

The Calhoun census published in *The Confederate Postmaster Provisionals of Virginia*, which accords with our own, records a total of 22 stamps, including an unused block of six, an unused vertical pair, seven unused singles, a used single off cover, a used single on piece, three singles on covers and one pair on cover.

VERY FINE APPEARANCE. AN EXTREMELY RARE UNUSED EXAMPLE OF THE RHEATOWN POSTMASTER'S PROVISIONAL.

Our records of the Rheatown provisional have long listed one unused single, one unused pair, three used singles, one pen-cancelled single on a dated piece and six singles on covers. However, this single comes from the unused pair we previously listed, which we now understand was broken by Jack Molesworth in the 1980's. The left stamp from the pair, offered here, was sold to the current owner by Molesworth immediately after the pair was broken. Therefore, according to our records, there are no more intact pairs of this issue, either unused or used.
