Bidding

The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to siegelauctions.com

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.**
(5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping**

and transit insurance charges and any applicable taxes).

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed to in writing.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

"SPECIMEN" OVERPRINTS

The following group of stamps with handstamped "Specimen" overprints was acquired by Irwin Weinberg in Siegel Sale 530 (May 23, 1978). The handstamp variety on the 1890-93 Issue (lot 254) is Platt Type 4 (*Chronicle* 227 and 237), which was applied by the Bechuanaland postal administration to proofs of United States stamps. Platt states: "The vast majority of Type 4 proofs were dispersed by Robson Lowe in 1976. As detailed in my article in *Chronicle* 227, these originally came from the postal archive of Bechuanaland, which was where the Type 4 handstamps were applied." The stamps offered here also originate from the Robson Lowe dispersal.

VERY FINE AND CHOICE APPEARANCE. AN EXTREMELY RARE 1847 SHADE, ESPECIALLY IN UNUSED CONDITION. THIS STAMP IS THE STRONGEST RED ORANGE WE HAVE ENCOUNTERED.

This stamp was found in an old-time album that surfaced in Europe last year. It has been protected from light exposure for most of its life, which has preserved the Red Orange color to a degree rarely encountered among the few known examples.

With 2016 P.F. certificate. Scott value for unused without gum is \$9,500.00, which is the same as the used value, despite the fact that unused examples are many times rarer 9,500.00

- 296 **5c Red Orange (1c).** Margins mostly full and clear at bottom, brilliant color, appears unused but certificate states cancellation removed (we disagree), horizontal crease, Fine appearing example of this rare shade, with 2016 P.F. certificate 9,500.00

- 297 (★) **10c Black (2).** Unused (no gum), three large margins, just in at bottom frame, intense shade, small pressed crease at top right

FINE APPEARANCE. AN ATTRACTIVE AND RARE UNUSED EXAMPLE OF THE 10-CENT 1847 ISSUE.

The 1847 Issue is much scarcer in unused condition than other issues, because the stamps were demonetized in 1851. They could be exchanged for the new issue, but once the exchange period ended, the stamps would have no postage value. Considering the purchasing power of ten cents in 1851, it is not surprising that the stamps were either used or exchanged, rather than left for future generations of collectors

1c Blue, Ty. Ib (5A). Position 6R1E, ample to huge margins, showing complete design characteristics and portions of adjoining stamps at bottom and left, deep rich color, bold New York circular datestamp cancel, completely sound

EXTREMELY FINE. A HUGE AND STUNNING USED EXAMPLE OF THE RARE 1851 ONE-CENT TYPE Ib FROM PLATE ONE EARLY, FROM ONE OF THE TWO POSITIONS THAT FURNISHED THE BEST TYPE Ib EXAMPLES.

Type Ib was produced only as an imperforate stamp from Plate 1 Early. Six positions on Plate 1E furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were burnished away. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, and for this reason they are more desirable examples of the type. This example, with Jumbo margins and in sound condition is a great rarity.

With 1986 and 1992 P.F. certificates. With 2008 P.S.E. certificate (VF-XF 85 Jumbo; SMQ \$20,000.00 as 85, \$32,500.00 as 90) 14,000.00

1c Blue, Ty. Ia (6). Plate 4, full margins showing much of the key design characteristics, just touching the plumes at bottom, deep Plate 4 color, town cancel, a few minor flaws including small edge thin, tiny tear and corner creases

VERY FINE APPEARING EXAMPLE OF THE 1851 ONE-CENT IMPERFORATE TYPE Ia.

Stamps printed from Plate 4 were issued in April, May and briefly in June 1857 before perforations were introduced. The relatively small number of imperforate Plate 4 stamps issued during this period explains the rarity and desirability of any of the imperforate stamp types produced from this plate (Ia, Ic, II, III and IIIa). The extremely rare Type Ia, showing the full design at bottom, was furnished only by 18 of the 200 subjects on Plate 4 (the remaining two bottom-row positions were sub-type Ic).

370° ★ **5c Brick Red (27).** Original gum, vivid Brick Red color, attractive margins and centering, completely sound

VERY FINE. AN EXTREMELY RARE SOUND, ORIGINAL-GUM EXAMPLE OF THE 1858 5-CENT BRICK RED.

Many collectors know this issue by type and shade, but few are aware of the order of production (or release). This state of confusion is partly due to the Scott Catalogue. The distinctive Brick Red shade of the 5c 1857 Issue comes first in the series of Scott-listed perforated 5c issues, but its true release date comes later in the sequence.

Based on dated covers, the 5c Type I shades were released in the following order: 1) Red Brown, Scott 28, EDU 8/23/1857; 2) Indian Red, Scott 28A, EDU 3/31/1858; 3) Brick Red, Scott 27, EDU 10/6/1858; and 4) Brown, Scott 29, EDU 3/21/1859, almost certainly the last printing from the first 5c plate. The second 5c plate was made from a new six-relief transfer roll with the design projections cut away at top and bottom, to varying degrees. The Type II Brown was issued first (Scott 30A, EDU 5/4/1860), and the Orange Brown printing from the same plate followed about one year later (Scott 30, EDU 5/8/1861).

After surveying dozens of classic United States sale catalogues, we found approximately twenty examples of Scott 27 with original gum, allowing for duplicate offerings and excluding the one known original-gum block. Of the stamps we counted, about half had perfs touching on two sides or were deeply cut into on one side. Almost two-thirds had stains or small faults. This sound example is a rarity among rarities

- The story of the 3c Scarlet was documented by the late Jerome S. Wagshal in a series of articles appearing in the *Chronicle* (Nos. 56, 60, 61 and 62). Wagshal quotes statements made in 1893 and 1910 by a Washington D.C. stamp dealer, Carl F. Rothfuchs, to the effect that Rothfuchs obtained a supply of the 3c Scarlet in 1893 — probably from the Post Office Department in exchange for his assistance with the Columbian Exposition — and sold them with pen marks and original gum. The Rothfuchs lot is not from the same supply acquired by John W. Scott in the late 1870's, from which stamps exist uncanceled and cancelled with a New York City Station D oval.

EXTREMELY FINE GEM. A SUPERB SOUND AND CENTERED ORIGINAL-GUM EXAMPLE OF THE 1861 5-CENT RED BROWN. A GREAT RARITY IN THIS OUTSTANDING CONDITION.

The 5c Red Brown is one of the 1861-66 stamps that challenges collectors who demand choice original-gum examples. Multiples are extremely rare, with only one recorded original-gum block; therefore, there has never been a supply of blocks from which singles could be harvested. The vast majority of original-gum singles are off-center, faulty or both. The example offered here — in superb original-gum condition — is a truly rare stamp.

VERY FINE AND CHOICE. AN INCREDIBLY RARE MINT NEVER-HINGED EXAMPLE OF THE 1868 15-CENT F GRILL. THIS IS ONLY THE SECOND WE HAVE ENCOUNTERED, EITHER AS A SINGLE OR AS PART OF A MULTIPLE. A FANTASTIC RARITY.

Most blocks of the grilled issues with sound and centered stamps have been broken to feed collector demand for singles. Despite this fact, we have encountered only one other Mint N.H. single of the 15c F Grill since keeping computerized records more than 23 years ago (ex Odeneal, Sale 941, lot 1054). In addition to the stamp offered here, the P.S.E. Population Report lists only one other Mint N.H. example, graded Fine 70. This sound example with Very Fine centering is a great United States classic rarity.

564 ★ **5c Gray Brown, Special Printing (205C).** Without gum as issued, deep rich color, few thin spots

FINE APPEARANCE. A RARE EXAMPLE OF THE 1882 5-CENT GARFIELD SPECIAL PRINTING, SCOTT 205C. ONLY 21 EXAMPLES ARE RECORDED.

This elusive Special Printing was the subject of an informative article by William E. Mooz in *Chronicle* 153 (February 1992). His research provides strong evidence that the stamps recognized as Scott 205C are a small part of the 2,463 sold as Special Printings through the Third Asst. PMG, and that regular issues were used to fill the backlog of orders for the 5c Garfield.

Our census of Scott 205C (available at <http://www.siegelauctions.com/dynamic/census/205C/205C.pdf>) illustrates the 21 recorded examples.

EXTREMELY FINE GEM. THE 1882 RE-ENGRAVED 6-CENT ROSE IS ONE OF THE MOST DIFFICULT ISSUES TO OBTAIN IN SUCH SUPERB CONDITION.

Despite being the major Scott listing, the Rose shade is far rarer than the Brown Red sub-shade, Scott 208a. Power Search located only one Mint N.H. example offered in our sales since 1993, and that is off-center with perfs almost touching the design. We have offered no multiples with Mint N.H. stamps. The online records of the Philatelic Foundation contain only two in Mint N.H. condition, but we doubt they would even grade 90. For the collector who values centering, a hinged copy is all there is. The example offered here, with choice centering, is a true condition rarity.

FINE APPEARING EXAMPLE OF THE 4-CENT COLUMBIAN COLOR ERROR.

Stamps from at least two panes reached collectors, and the few cancelled examples indicate that stamps used by the public came from additional panes. It is likely that a number of full sheets were printed using the wrong ink, and most of the stamps have simply been lost to philately.

EXTREMELY FINE GEM. A TRULY STUNNING USED EXAMPLE OF THE \$5.00 COLUMBIAN WHICH HAS BEEN GRADED SUPERB 98 BY P.S.E. — THIS IS THE HIGHEST GRADE AWARDED TO ANY USED DOLLAR VALUE COLUMBIAN.

The dollar-value Columbians are extremely difficult to obtain in superb used condition. Of the five different dollar denominations, a total of eight copies have been graded 98 and none have been graded higher (four \$2.00 and two each of the \$3.00 and \$5.00). None of the \$1.00 or \$4.00 stamps have graded 98. The \$5.00 denomination was not designed to pay any actual postage rate, and collectors protested the high cost. Only 21,844 were sold, and a small percentage of those were used, either on philatelic covers or on heavy registered parcels. The stamps on parcels or registered mail were frequently heavily cancelled, and the large package wrappers were susceptible to damage. The stamp offered here is a notable exception. It is lightly cancelled for a registered use, the paper is fresh and bright and it is perfectly centered. It is a true condition rarity.

With 2016 P.S.E. certificate (Superb 98; SMQ \$13,500.00). Only one other used stamp shares this grade, from our 2012 sale of the Natalee Grace collection..... 1,400.00

EXTREMELY FINE. THIS IS THE FINEST OF ONLY SEVENTEEN RECORDED GENUINE USED MULTIPLES OF THE 10-CENT HORIZONTAL COIL, SCOTT 356. A GREAT RARITY OF THE WASHINGTON-FRANKLIN ISSUES.

According to Johl (Volume 1, page 181), only 10,000 of the 10c Washington coil stamp were issued. They were made especially for a New York firm to send out advertising samples, similar to the 3c Orangeburg coil. Only a few rolls were sold to the firm, and the remaining rolls were distributed to some of the large post offices across the country. Dealers acquired several rolls, but because most contemporary collectors did not collect coils, many were used and destroyed.

Our census of Scott No. 356 in used multiples, available at <http://siegel-auctions.com/dynamic/census/356/356.pdf>, contains fourteen pairs, one strip of four and one strip of three. Four of the pairs originated on the same cover, which was prepared by Henry Hammelman and mailed in August 1911 from Washington D.C. A guide line pair has been certified as genuine, but the cancel needs to be reexamined to see if it is one of the fakes produced during the last 20 years. Of the recorded pairs, only five or six are sound. Of the sound pairs, this is the best centered by far, making it an exceptional condition rarity among an already rare population of genuine used coils.

FINE AND RARE SOUND EXAMPLE OF THE 3-CENT ORANGEBURG COIL.

The 3c Orangeburg coil was made by the Post Office Department in 1911, specifically for use by the Bell Pharmaceutical Company. They were used to send product samples to physicians and were put through the first-class cancelling machine at Orangeburg, New York. Due to the coil stamps' use on mass mailings, many of the surviving copies are faulty to some extent. The most common defects are corner creases or tears. This sound copy is the exception to the condition norms for this issue.

VERY FINE AND CHOICE PAIR OF THE 2-CENT VERTICAL COIL, SCOTT 449.

The 2c Type I rotary plate was used very briefly to make vertical coils issued in late 1915. It was briefly used because the Type I plate was not very deeply engraved and the curvature of the rotary press yielded impressions lacking in some of the details. The Bureau noticed this immediately, and quickly replaced it with the Type III plate (according to Scott, the EDU for No. 449 is Oct. 29, 1915 and the EDU for Type III is Dec. 21, 1915).

EXTREMELY FINE GEM. A MAGNIFICENT MINT NEVER-HINGED EXAMPLE OF THE 5-CENT ROSE PERF 10 ERROR, GRADED SUPERB 98 BY P.S.E.

Of the three 5c Red errors, the Perf 11 issue (Scott 505) is the easiest to acquire, even in Extremely Fine grade. The imperforate error (Scott 485) is the rarest in absolute numbers, because only 50 sheets containing the single and double error were released into the stamp market. The Perf 10 error (Scott 467) is scarce, but still obtainable in Fine or Very Fine grades. However, examples of the Perf 10 in Extremely Fine grade (85 points and higher) are extremely rare and, in fact, are rarer than the imperforate stamps. While the imperforate error has a much smaller general population, examples are always carefully cut or contained in blocks, thus they are Very Fine or Extremely Fine in almost every instance. In contrast, the error stamps with 10-gauge perforations are seldom found centered, with only five Mint N.H. stamps graded 98 or better in P.S.E.'s Population Report.

With 2016 P.S.E. certificate (Superb 98; SMQ \$12,000.00). Only three have graded 98 with one higher (100)..... 850.00

VERY FINE EXAMPLE OF THE ONE-CENT BLACK FULL-FACE MCKINLEY POSTAL CARD. EXTREMELY RARE WITHOUT THE PRINTED ADDRESS.

As an indication of rarity, the Scott Catalogue prices the card without printed address at \$16,000.00, versus \$3,000.00 with the printed address. The entire stock of 500 cards was inadvertently sent from Washington to Booth, Dailey & Ivins in New York where they were shortly thereafter pre-printed with their address and garbage dumping information on the back to be filled out by the tug captain. As a result of the printing there remained no mint cards for collectors. This "Unmarked Specimen" long ago became accepted as a full mint card in order to allow collectors to have a complete unused collection. Albert Daggett, the contractor for the printing of the Full Face card, was never able to satisfy the Post Office in Washington due to sub-standard quality of his productions. All submitted samples were rejected and as a result the entire stock of 1,625,000 cards was ordered destroyed by the PMG on April 29, 1902.

They were reprinted in 1934 after Prohibition (Scott RE107A-RE107D). These reprints are considerably scarcer than their earlier counterparts. 1513°★★ 1893, 10c Red Brown, Red Overprint Error (61B). Mint N.H. with part bottom imprint selvage, radiant color, well-centered for this difficult issue

VERY FINE. THIS IS THE FINEST OF ONLY TWO MINT NEVER-HINGED SINGLES OF THE 1893 10-CENT RED OVERPRINT ERROR WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS. ONLY ONE SHEET OF FIFTY WAS ISSUED.

Two errors of the 1893 Provisional Government Overprint Issues were made. One sheet of the 10c Red Brown, normally overprinted in black, was overprinted in red (Scott 61B). One sheet of the 6c Green, normally overprinted in red, was overprinted in black (Scott 66C). According to an affidavit by Louis T. Kenake, clerk of the Stamp Division of the Republic of Hawaii, the 10c sheet was issued to the postmaster at Kahuka, Oahu (Meyer-Harris, p. 240). The 6c sheet was purchased by Postmaster Jos. M. Oat and sometime around 1901 most of it was sold to dealer J. H. Makins, probably on behalf of Henry J. Crocker. The San Francisco earthquake is said to have destroyed a number of examples of both the overprint errors.

Live Internet Bidding at Siegel Auctions

BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.
And it's easy.

This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.

Start by following the simple steps to become a registered Live Internet Bidder.
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

Registering with STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES

Live Internet Bidding is managed by Stamp Auction Network (SAN).
To bid, you must be registered and approved by *both* SAN and Siegel.
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to stampauctionnetwork.com/siegel and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to stampauctionnetwork.com/siegel and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form with **your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

Log on to the auction at stampauctionnetwork.com/siegel.

You can also log on at siegelauctions.com

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Standard Shipping Charges

Weight Class	Shipping Method	Charge
Up to 2 lbs.	Fedex Envelope	\$20
Over 2 lbs.	Fedex Box	\$35 - \$50*
Outside US	Fedex	\$50 - \$100**
Bulky Lots	Fedex Ground or Express	By weight

* Up to \$75,000 value and up to 5 lbs; additional charge may apply to packages exceeding limits

** Buyers outside United States are liable for any applicable customs duty and clearance charges. An accurate declaration of contents and value will be made on all packages and import/export documents. **Siegel may refuse to ship lots to certain countries with a high risk factor.**
