### Bidding

The following means are available for placing bids:

- 1) **Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) **Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) **Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) **Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

### Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

### Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

### Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

### Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to [siegelauctions.com](http://siegelauctions.com)

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.  
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.  
And it's easy.

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

**Start by following the simple steps to become a registered Live Internet Bidder.**  
**Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.**

### Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

I'm a Siegel client, but I'm not registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

**"System Down" or "Lost Connection"** events do occasionally happen.

If you have any problems with Live Internet Bidding please call **212-753-6421** for immediate assistance.

## Conditions of Sale (please read carefully before bidding)

THE PROPERTY DESCRIBED IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR BY OR THROUGH AN AGENT, IN PERSON, OR BY TELEPHONE, FACSIMILE OR ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date.** (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: i) lots containing 10 or more items; ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations; v) the color of the item does not match the color reproduction in the sale catalogue or website listing; vi) the description contains inaccurate information about the quantity known or reported; or vii) a certification service grades a stamp lower than the grade stated in the description.
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment but will be subject to a 3% Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping**

**and transit insurance charges and any applicable taxes).**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$800.00 unless otherwise agreed to in writing.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. **Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, and buyers outside the U.S. are responsible for all customs duties.**
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

## Grades, Abbreviations and Values Used in Descriptions

### Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term “Gem” describes condition that is the finest possible for the issue. This term is equivalent to “Superb” used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. “Very Fine and choice” applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

### Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

### Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

Jul. 16” double-circle date-stamp and “PAID 10” straightline handstamp for Confederate postage, accompanying certificate notes a repair at upper right but this appears to be only on a small section of the back and does not affect the indicia

VERY FINE. AN EXTREMELY RARE COMBINATION OF ADAMS EXPRESS NEW YORK AND AUGUSTA OFFICE MARKINGS, BOTH CLEARLY STRUCK ON THE OBVERSE OF A COVER FOR ACROSS-THE-LINES EXPRESS SERVICE TO NORTH CAROLINA.

Only a few covers are recorded with this combination of Adams office markings and at least one of the others has the large New York oval handstamp struck on the back (ex Brandon). This cover was sent during the early period when Adams southbound mail was not postmarked at Louisville or Nashville. In this case, it was carried in the Adams network to Augusta and entered the C.S.A. mails there.

The Adams New York oval handstamp is extremely rare, and collectors should be aware that a number of clever fakes were handled by John A. Fox, which have only recently been properly identified. Genuine strikes are much rarer than the auction record would indicate.

VERY FINE APPEARANCE. ONE OF THREE RECORDED COVERS WITH CONJUNCTIVE USE OF A COLUMBIA S.C. PROVISIONAL ENTIRE AND A GENERAL ISSUE STAMP.

Another cover from a different correspondence, dated Jan. 4, 1862, exists with the 5c Green Lithograph used in combination with the provisional oval. While an argument can be made that the adhesive paid the entire postage (accompanying C.S.A. certificate states this is the case) they could also have been uprated for weight, prior to the 1862 rate change. A third combination cover, offered in our Sale 810, shows a combination of the provisional and 5c Richmond Local Print to make the new 10c rate. A fourth cover exists with the 5c Green Lithograph affixed *over* the provisional handstamp — more clearly a 5c rate, using an old provisional entire. In addition to the three mentioned above, we record only six other conjunctive uses of a Confederate provisional and adhesive on cover.

Redd in Talcott (West) Virginia, docketing at left erased but “1861” still visible, no other postmarks, backflap tears from opening

VERY FINE. A RARE EXAMPLE OF THE DANVILLE TYPOGRAPHED POSTMASTER'S PROVISIONAL ON YELLOW ENTIRE.

The Danville press-printed envelopes are among the most unusual of all Postmasters' Provisionals. A stock typographic engraving was used with loose type set inside the blank oval. The illustration depicts a shoe fitting for an Antebellum lady. She is seated, while another woman kneels before her with shoe in hand, and a gentleman stands over her, also holding a shoe. It is reported that this engraving was used in advertisements for ladies' shoes and boots. Another unusual feature of this provisional is the use of the slogan “Southern Confederacy” in addition to the post office and postmaster names, and the denomination. The word “Southern” is set in either a nearly straight line or slightly curved line.

The Calhoun census lists 24 envelopes, but nearly half are not proper provisional uses (either lacking a Danville postmark or used with adhesive postage). While this cover lacks the postmark, the docketing clearly indicates an 1861 use and there is no indication that a General Issue stamp has been removed.

Our records of the Nashville Postmaster's Provisional contain only two other uses on Patriotic covers. VERY FINE APPEARANCE. ONLY EIGHT EXAMPLES OF THE UNIONTOWN POSTMASTER'S 10-CENT PROVISIONAL ARE RECORDED, OF WHICH SEVEN ARE ON COVERS.

Uniontown's postmaster at the start of the C.S.A. postal system was Parham N. Booker. Parham, one of eleven children, was the namesake son of a U.S. internal revenue officer. The senior Booker represented Madison County in the legislature in 1836 and moved to Uniontown sometime later. He became a planter and hotel keeper, and he also served as postmaster and mayor of the town. Booker Senior died in 1861, and we are not certain if both father and son ran the post office. Because of a permanent physical disability, Booker Junior did not serve in the Confederate Army, but served the government in a civil department.

Postmaster Booker issued three denominations of adhesive provisionals: 2c, 5c and 10c. They were probably typeset and printed at the offices of the local newspaper, the *Weekly Herald*. The same typeset form of four subjects was used to print all three values (although the spacing between subjects changed between two 5c printings). The numeral in parentheses between the "PA" and "ID" of "PAID" was changed for each value, and different color ink was used: Dark Blue (2c), Green (5c) and Red (10c). All three values were printed on Gray Blue paper, and the 2c and 5c are also known on White paper, which was probably used for subsequent printings. The 10c has not been found on White paper.

Eight examples of the Uniontown 10c Red are recorded by us. These are (in order of plate position):

## Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.
