## Conditions of Sale (please read carefully before bidding)

**THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.**

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which, subject to the Galleries' sole judgment, have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason, or may not be returned for the reasons stated: (i) lots containing 5 or more items; (ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; (iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; (iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the photos; (v) the color of the item does not match the color photo in the sale catalogue or website listing; (vi) the description contains inaccurate information about the quantity known or reported; or (vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment, but will be subject to a 3% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes). The buyer waives the right to dispute all credit card charges.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots may be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer, and/or the Galleries may seek any other remedy prescribed by law to enforce payment. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 will be charged for a check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion or change in grade.** Buyers may request a certificate for a lot containing not more than one item, which does not have a P.F. or P.S.E. certificate (dated as above), provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) if submitted by the buyer, the lot must be submitted to an acceptable expertizing service with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot. **Changes to a grade by the same certification service or a different grade from another certification service are not grounds for returning a lot.**

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients may also be held responsible for all purchases made on behalf of clients, unless otherwise arranged prior to the sale.

11. **The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.**

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

# Grades, Abbreviations and Values Used in Descriptions

## Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term “Gem” describes condition that is the finest possible for the issue. This term is equivalent to “Superb” used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. “Very Fine and choice” applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

## Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

## Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an “E.” and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

VERY FINE. A RARE 10-CENT 1869 ESSAY WITH THE DECLARATION OF INDEPENDENCE VIGNETTE ENGRAVED BY JAMES SMILLIE, WHICH WAS ULTIMATELY USED FOR THE 24-CENT DENOMINATION.

This vignette is a miniature engraving by James Smillie, based on a painting by Trumbull which hangs in the Rotunda of the U.S. Capitol. Contrary to popular belief, the scene depicted by Trumbull is not the signing ceremony, but the presentation of the draft. It has been written that the 30c stamp was changed from the Surrender of Burgoyne to the Eagle, Shield and Flags design to avoid offending the British. If true, it seems odd that officials would choose to use the Declaration of Independence "1776" design for the 24c stamp, which was far more likely to adorn mail to England (the basic rate was 12c). ..... 4,250.00

Large to full margins, deep rich colors on bright cards

VERY FINE-EXTREMELY FINE. A BEAUTIFUL SET OF 1869 PICTORIAL ISSUE INVERT PLATE PROOFS. ONLY ONE SHEET OF 100 OF EACH WAS PRODUCED.

The card proof sheets of 100 of the four inverted high values of the 1869 Pictorial issue were prepared for and displayed at the Atlanta International Cotton Exposition in 1881. They were printed in response to the publicity surrounding the actual inverted stamps that began to appear in the 1870s. The sheets were somehow acquired by James A. Petrie of Phillipsburg, New Jersey, at the close of the exposition. Petrie claimed that he rescued the inverts along with the trial color card proof sheets (the Atlanta trial color proofs) just before they were to be burned. For some years he tried to sell his find and in 1895 he began to advertise them in the philatelic press, finding no takers. In 1903 he sold them to James Ludovic Lindsay, the 26th Earl of Crawford, one of the great collectors of stamps, essays, proofs and philatelic literature at the turn of the 20th Century. In November 1915 the Earl of Crawford's collection was purchased by John A. Klemann of the Nassau Stamp Company in New York. It was Klemann who eventually cut up the sheets.

EXTREMELY FINE SET OF ATLANTA TRIAL COLOR PROOFS FOR THE 1871 CONTINENTAL BANK NOTE ISSUE, WITH THE 5-CENT 1875 AMERICAN BANK NOTE ISSUE.

The Atlanta trial color plate proofs on card were prepared for display at the 1881 International Cotton Exposition in Atlanta. Only one sheet of 50 in each color was printed. The sheets were somehow acquired by James A. Petrie of Phillipsburg, New Jersey, at the close of the exposition (along with the 1869 invert card proof sheets). Petrie claimed that he rescued the proofs just before they were to be burned. They were cut up into one set of blocks of eight, two sets of blocks of four, pairs and singles. VERY FINE APPEARANCE. A PREVIOUSLY UNRECORDED COMPLETE SET OF 1902 ISSUE LARGE DIE PROOFS, WHICH HAD BEEN IN THE FAMILY OF STAMP DIVISION SUPERINTENDANT JAMES H. REEVE FROM 1902 TO 2018, WHEN THIS SET FIRST REACHED THE MARKET. THIS IS ONE OF ONLY FOUR OR FIVE KNOWN SETS. A HISTORIC RARITY OF EARLY BUREAU AND ESSAY-PROOF COLLECTING.

The Shreves catalog of the first Roger Brody collection in 2002 stated that three complete sets of large die proofs are known, as well as one part set, which was divided up and offered individually in that sale. This set was unknown when the Brody sale was held. It was given by Bureau of Engraving and Printing director, William M. Meredith, to the Stamp Division superintendent, Major James H. Reeve, a Civil War veteran (who lost a leg in battle), as a token of appreciation for his service. He also received a Roosevelt Small Die Proof Presentation Album. VERY FINE. A BEAUTIFUL COMPLETE SET OF ROOSEVELT ALBUM SMALL DIE PROOFS FOR THE 1904 LOUISIANA PURCHASE ISSUE. THIS ISSUE IS MUCH RARER THAN ROOSEVELT PROOFS FOR THE EARLIER ISSUES.  
In 1903, 85 Roosevelt presentation albums were prepared. The Louisiana Purchase Issue was not released until 1904 and so was not included in the initial album production. Several years after the albums were produced, ten were updated with stamp issues that came after 1903. Therefore, Roosevelt proofs of post-1903 issues are more than eight times rarer than proofs of the earlier issues. A Power Search review reveals that this is only the second complete set we have offered since our 1978 Rarities of the World sale. Scott Catalogue values are out of date as the only other set we sold realized double Scott in 2012 — catalogue value remains the same today.

## BUREAU OF ENGRAVING & PRINTING DIE PROOFS ON WOVE PAPER

According to research by essay-proof authority James E. Lee and an article by Clarence Brazier in the *Essay Proof Journal*, three sets of full-size die proofs on wove paper were produced in the 1930s by the Bureau of Engraving and Printing (BEP) — covering issues from the 1898 Trans-Mississippi through the 1934 Mother's Day. One set, with proving room numbers on the face, remained full size and became part of the Hugh M. Southgate collection (thought to be part of a trade with the BEP) and then the Caroline Prentiss Cromwell collection. The other two sets were trimmed to small die proof size. One of the trimmed sets was given to President Franklin D. Roosevelt. The other probably went to Alvin Hall, director of the BEP. Today we know of a fourth set of small die proofs which Greg Manning Auctions sold on behalf of The Philatelic Foundation in 1973. Therefore, assuming the untrimmed proofs remain in that state, only three small die proofs exist of any of the 1925-34 issues offered in this sale. None of the sets described above remain intact. The small die proofs after Scott 737 (Mother's Day issue) offered in this sale were also produced by the BEP and are similarly rare, with between one and three of each known.

- 129 (★) **10c Black (2).** Unused (no gum), three large margins, just in at bottom frame, intense shade, small pressed crease at top right

FINE APPEARANCE. AN ATTRACTIVE AND RARE UNUSED EXAMPLE OF THE 10-CENT 1847 ISSUE.

The 1847 Issue is much scarcer in unused condition than other issues, because the stamps were demonetized in 1851. They could be exchanged for the new issue, but once the exchange period ended, the stamps would have no postage value. Considering the purchasing power of ten cents in 1851, it is not surprising that the stamps were either used or exchanged, rather than left for future generations of collectors.

- 145 **1c Blue, Ty. Ia (6).** Plate 4, full margins showing much of the key design characteristics, just touching the plumes at bottom, deep Plate 4 color, circular datestamp cancel, a few minor flaws including small edge thin, tiny tear and corner creases

VERY FINE APPEARING EXAMPLE OF THE 1851 ONE-CENT IMPERFORATE TYPE Ia.

Stamps printed from Plate 4 were issued in April, May and briefly in June 1857 before perforations were introduced. The relatively small number of imperforate Plate 4 stamps issued during this period explains the rarity and desirability of any of the imperforate stamp types produced from this plate (Ia, Ic, II, III and IIIa). The extremely rare Type Ia, showing the full design at bottom, was furnished only by 18 of the 200 subjects on Plate 4 (the remaining two bottom-row positions were sub-type Ic).

FINE APPEARING ORIGINAL-GUM EXAMPLE OF THE RARE 4-CENT COLUMBIAN ERROR OF COLOR.

The 4c Columbian color error was caused by the use of a wrong batch of ink, and spectrographic analysis has shown that the blue inks of the 4c error and 1c Columbian have the same components. Stamps from at least two panes reached collectors, and the few cancelled examples indicate that stamps used by the public came from other panes. It is likely that a number of full sheets were printed using the wrong ink, and most of the stamps have simply been lost to philately.

PAN-AMERICAN ISSUE

370

- 370 **1c Pan-American, Center Inverted (294a).** Attractive centering and margins, neat strike of Easthampton (Mass.) oval cancel with May month, small toned spot at bottom left  
VERY FINE APPEARING AND SCARCE USED EXAMPLE OF THE ONE-CENT PAN-AMERICAN INVERT.

The 1c Pan-American Inverts were found in at least four different post offices around the country, soon after release of the issue in May 1901. According to the revised Johl-King book (p.7) "The first known copies of this error were discovered at Bessemer, Alabama, by the Carrell Jewelry Company on some circulars just prior to mailing them. When they realized the find they had made they lost no time in removing the stamps from the circulars and thus saved them to philately."

The 1c Pan-American Invert in used condition is considerably scarcer than unused. Our census, available at our website at <https://siegelauctions.com/census/us/scott/294a>, records 55 used examples (two on piece and a pair) plus three on covers, for a total of 58 copies.

- 371 (★) **4c Pan-American, Center Inverted (296a).** Unused (regummed), rich colors, attractive centering and margins, couple small faults including sealed corner tear at bottom right, tiny surface scuff at left, none of these flaws are particularly visible without magnification  
VERY FINE APPEARING EXAMPLE OF THE 4-CENT PAN-AMERICAN INVERT.

The 4c stamp portrays an electric automobile, known at the time as the "Electric Vehicle Service," as depicted on the Baltimore & Ohio Railroad brochure from which the engraving was made. In the background one can see the dome of the Capitol. One of the two men seated at the front was Samuel B. Hege, B&O's passenger agent, so this stamp actually depicts a living person in violation of the law.

The 4c Pan-American Invert was a special printing and not regularly issued. Examples were distributed through two official channels, and the gum on the majority of stamps without "Specimen" overprint was disturbed. In fact, because 97 of the stamps were removed from an album page, they are generally thinned or have seriously disturbed or no gum.

# THE INVERTED JENNY

Position 78—The Famous “Vacuum Cleaner” Copy

EXTREMELY FINE CENTERING. THE 1918 24-CENT INVERTED “JENNY” ERROR IS WITHOUT QUESTION THE MOST FAMOUS STAMP IN AMERICAN PHILATELY.

The original sheet of one hundred Inverted Jenny errors was purchased by William T. Robey on May 14, 1918, the first day the stamps went on sale in all three principal airmail route cities: Washington, D.C., New York and Philadelphia. Robey bought the sheet for its \$24 face value at the New York Avenue Post Office window in the District of Columbia. On Sunday, May 19, Robey agreed to give Eugene Klein, a prominent Philadelphia stamp dealer, a one-day option to buy the sheet for \$15,000. Klein exercised his option on Monday, May 20, in a late afternoon phone call, and he confirmed it with a registered letter to Robey sent in the evening mail. The sheet was delivered to Klein's office by Robey and his father-in-law on the following day, Tuesday, May 21, 1918.

No later than Monday, May 20, the day Klein exercised his option, he had arranged to sell the sheet for \$20,000 to Colonel Edward H. R. Green. Half of the \$5,000 profit went to Klein's partners, Percy McGraw Mann and Joseph A. Steinmetz. Klein was then authorized by Colonel Green to divide the sheet into singles and blocks, and to sell all but a few key position blocks.

Despite the great rarity and value of Inverted Jenny stamps, many of the original hundred have been mistreated by collectors over the years. Colonel Green himself allowed moisture to affect some of the stamps he retained. Eight straight-edge copies that Klein was unable to sell and returned to Colonel Green were found in Green's estate stuck together in an envelope (they were soaked and lost their gum). Other examples have become slightly toned from improper storage and climatic conditions. Hinge removal has caused thins and creases in numerous stamps, and one was physically Scotch-taped to an exhibit page. This example was nearly lost to philately forever when it was swept up in a vacuum cleaner.

The stamp offered here, Position 78, was at one time part of the Southgate, Fisher and “Ambassador” collections. In 1973 the Weills of New Orleans placed the stamp with Hermann Schnabel of Germany, making this the second copy owned by him. It was subsequently offered at auction in Germany later in 1973, and again in 1985 at Christie's for the same consignor. The Christie's sale marked the first of 64 different Inverted Jenny stamps (and counting) handled by Scott Trepel over his career, and it was also the first time the stamp appeared in a one-lot dedicated auction catalogue. It was acquired by Robert E. Zoellner and became a key element of his complete collection of United States stamps with major Scott Catalogue numbers. During his ownership, the Jenny came out of a defective mount in his Scott Platinum album, fell onto the floor and was sucked up in a vacuum cleaner. Luckily, Mr. Zoellner realized what had happened and the stamp was recovered from the vacuum bag. Position 78 was expertly repaired, restoring its appearance, and Mr. Zoellner replaced the stamp with the sound and Extremely Fine Position 58 (which is now graded XF-Superb 95 and realized \$1,351,250 in Siegel Sale 1128 at World Stamp Show-NY 2016 — a world-record price at the time).

Ex Colonel Edward H. R. Green, Southgate, Fisher, “Ambassador”, Schnabel and Zoellner. With 2009 P.F. certificate stating “it is genuine, previously hinged, with creases and repaired tears”.

EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE CONFEDERATE STATES 2-CENT LITHOGRAPH ISSUE IN THE FINEST CONDITION ATTAINABLE.

Collectors of superb classic stamps are advised to carefully consider this stamp. While the typographed and majority of the engraved Confederate issues (Scott 6-7, 8, 11-13) are available in high grades due to the supply of large multiples and sheets, the same is not true for the Lithographed issues (Scott 1-5). Large multiples of the 2c Lithograph are scarce and expensive — and therefore not conducive to harvesting superb singles.

With 2014 P.S.E. certificate (OGph, XF-Superb 95 Jumbo; unpriced in this grade, SMQ \$2,900.00 as 95 and \$5,000.00 as 98). We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

## Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
