Conditions of Sale (please read carefully before bidding)

THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which, subject to the Galleries' sole judgment, have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS:** The following lots may not be returned for any reason, or may not be returned for the reasons stated: (i) lots containing 5 or more items; (ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; (iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; (iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the photos; (v) the color of the item does not match the color photo in the sale catalogue or website listing; (vi) the description contains inaccurate information about the quantity known or reported; or (vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate.

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment, but will be subject to a 3% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes). The buyer waives the right to dispute all credit card charges.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots may be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer, and/or the Galleries may seek any other remedy prescribed by law to enforce payment. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 will be charged for a check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion or change in grade.** Buyers may request a certificate for a lot containing not more than one item, which does not have a P.F. or P.S.E. certificate (dated as above), provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) if submitted by the buyer, the lot must be submitted to an acceptable expertizing service with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot. **Changes to a grade by the same certification service or a different grade from another certification service are not grounds for returning a lot.**

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients may also be held responsible for all purchases made on behalf of clients, unless otherwise arranged prior to the sale.

11. **The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.**

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population ReportSM is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

EXTREMELY FINE. AN EXCEPTIONALLY BEAUTIFUL LARGE-MARGINED EXAMPLE OF THE IMPERFORATE 1851 ONE-CENT TYPE Ia, GRADED XF 90 BY P.S.E.

Stamps printed from Plate 4 were issued in April, May and briefly in June 1857 before perforations were introduced. The relatively small number of imperforate Plate 4 stamps issued during this period explains the rarity and desirability of any of the imperforate stamp types produced from this plate (Ia, Ic, II, III and IIIa). The extremely rare Type Ia, showing the full design at bottom, was furnished only by 18 of the 200 subjects on Plate 4 (the remaining two bottom-row positions were sub-type Ic).

With 1970, 2011 P.F. and 2013 P.S.E. certificates (XF 90; SMQ \$18,000.00) 9,250.00

The Toppan, Carpenter & Co. trial perforations are discussed by Dr. Chase in his 3c book (pp. 174-175). This is a fascinating pair with a combination of approximately 7½ gauge roulettes, as well as perf 16 horizontally (thru the stamps near bottom) and perf 15½ vertically. - 105 **10c Dark Green, First Design (62B).** Deep rich color, outstanding centering with balanced margins, grid cancel

EXTREMELY FINE USED EXAMPLE OF THE 10-CENT 1861 ISSUE FIRST DESIGN.

The 10c is the only denomination of the 1861-66 Issue that was actually issued in two types. Type I, Scott 62B, was printed from Plate 4. Type II stamps — Scott 68 and its grilled counterparts — were printed from Plates 15 and 26. It has been surmised that Type I was pressed into service to help fill strong demand for 10c stamps after demonetization of the earlier issue. The 10c stamps paid the transcontinental rate, the ship-letter rate and certain rates to foreign countries. The Plate 4 Type I stamps left very little space between the stamps for the 12-gauge perforation holes. Examples of Scott 62B are rarely seen with margins framing the design on all sides.

- 106 **10c Dark Green, First Design (62B).** Attractive centering and margins, wonderful dark shade and intense impression of the First Design printing, which provides the backdrop for a vivid red “New York Paid Sep. 24” circular datestamp

VERY FINE AND CHOICE. A BEAUTIFUL USED EXAMPLE OF THE 10-CENT GREEN FIRST DESIGN WITH A VIVID RED CANCEL.

The stamp offered here, in a deep shade and with a vivid red cancel has very similar eye appeal to the 62B offered in our sale of the Morton collection — which has the same cancel dated the following month.

- 112 ★★ **3c Pink (64). Mint N.H.**, outstanding centering and margins, radiant color with the desirable bluish cast sometimes seen in this shade and more often seen in the famous Pigeon Blood Pink shade

EXTREMELY FINE. AN INCALCULABLY RARE CENTERED MINT NEVER-HINGED EXAMPLE OF THE 1861 3-CENT PINK.

The 1861 3c Pink, Scott 64, is one of the most difficult stamps of the 1861-66 Issue to find in sound, well-centered, original-gum condition. As difficult as that is, finding one in Mint N.H. condition is another matter entirely. This example is not only Mint N.H., it is sound and well-centered. This is a true condition rarity of the 1861 Issue.

EXTREMELY FINE GEM. A SUPERB LIGHTLY-HINGED EXAMPLE OF THE 1861 LAKE TRIAL COLOR.

VERY FINE AND CHOICE. A REMARKABLY FRESH AND ATTRACTIVE EXAMPLE OF THE 3-CENT SCARLET TRIAL PRINTING.

As has been documented by Jerome S. Wagshal in a series of *Chronicle* articles (Nos. 56, 60, 61 and 62), Carl F. Rothfuchs, a Washington D.C. stamp dealer, obtained a supply of the 3c Scarlet in 1893 — probably from the Post Office Department in exchange for his assistance with the Columbian Exposition — and sold them with pen marks and original gum. The Rothfuchs lot is not from the same supply acquired by John W. Scott in the late 1870's, from which stamps exist uncanceled and canceled with a New York City Station D oval.

- 151 **3c Rose, A. Grill (79).** Clear grill points and with far more intact perforations than normally seen, brilliant color, neat strike of rosette cancel

VERY FINE AND CHOICE USED EXAMPLE OF THE 1867 3-CENT A GRILL.

The August 1867 3c experimental A Grill was the first grilled issue. It was soon learned that the all-over grill weakened the paper and interfered with perforating and separating, resulting in rough perforations and pieces torn out of the margins when split apart. Within two months of A Grill production the apparatus was modified by dividing the embossed area into smaller rectangular units within each stamp (C Grill).

With 1997 P.S.E. and 2009 P.F. certificates. Scott Catalogue notes "Values for No. 79 are for Fine-Very Fine examples with minor perf faults. Examples with complete or virtually complete perforations sell for much more."..... 1,350.00

VERY FINE SOUND USED EXAMPLE OF THE RARE 1868 2-CENT D GRILL.

The device equipped with the D Grill was refitted with the E Grill on or about February 9, 1868. Based on the earliest known uses of the 2c D Grill (2/15/68) and 3c E Grill (2/12/68), it is our theory that the conversion from the D to E Grill took place only a day or so after sheets of 2c stamps were first run through the D-equipped machine. The great rarity of 2c D Grills, relative to all other regular-production grills, bears out this theory.

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1868 2-CENT Z GRILL. THIS IS A DIFFICULT ISSUE TO OBTAIN IN SUCH OUTSTANDING CONDITION.

The plates used to print the Black Jacks did not provide enough space between subjects for the large 12-gauge perf holes. Consequently, most Black Jack stamps have perfs touching the design on one or two sides. This scarcity of four-margin copies multiplies exponentially when the Z Grill is factored into the equation. Only a small quantity of 2c sheets were grilled during the period when the Z device was active — after the D Grill (Scott 84), the Z is the rarest of Black Jack grilled stamps.

EXTREMELY FINE GEM. A SPECTACULAR USED EXAMPLE OF THE 1868 90-CENT F GRILL, COMBINING FLAWLESS CENTERING, PERFORATIONS, COLOR AND A PREMIUM CANCEL.

The 90c stamps used to make grilled issues were printed on a thick stock of paper. It is likely that sheets remaining from the pre-grill period were used and that the thinner paper introduced in 1868 had not been used for the 90c value. Two characteristics of 90c F Grill stamps are poorly punched perforations and generally bad centering. This stamp is a remarkable exception. The perfs are much better formed than usual (although they show the genuine characteristics) and the centering is precise. In this stamp there is also the added feature of a striking red cancel.

Ex Merlin and Morton. With 1969 P.F., 2012 P.F. and 2010 P.S.E. certificates (XF 90; SMQ \$5,000.00 as normal cancel). FINE TO MOSTLY VERY FINE. A RARE COMPLETE SET OF 1869 PICTORIAL ATLANTA TRIAL COLOR PLATE PROOFS.

The Atlanta trial color plate proofs on card were prepared for display at the 1881 International Cotton Exposition in Atlanta. Only one sheet in each color was printed. The sheets were somehow acquired by James A. Petrie of Phillipsburg, New Jersey, at the close of the exposition (along with the 1869 invert card proof sheets). Petrie claimed that he rescued the proofs just before they were to be burned. They were later cut up into one set of blocks of eight, two sets of blocks of four, pairs and singles. It is difficult to assemble the complete set of the 1869 Pictorials since the bicolor values come in many different color combinations. See our website PDF for a complete scan

VERY FINE AND CHOICE. A RARE SOUND AND CENTERED ORIGINAL-GUM EXAMPLE OF THE 3-CENT 1869 PICTORIAL RE-ISSUE.

Original sales figures show that among the 1869 Pictorial Re-Issues, the 3c and 90c stamps accounted for the smallest number sold (1,406 and 1,356, respectively). Overall, the 1869's were popular with stamp collectors, far outselling the 1851-60 and 1861-66 Re-Issue sets. However, the 90c stamp's high cost and the wide availability of ordinary 3c stamps limited demand for those denominations. Today, both are rare, and handling over the years has not been kind to most of the surviving examples. This is a rare sound original-gum copy.

EXTREMELY FINE APPEARING ORIGINAL-GUM EXAMPLE OF THE 30-CENT 1869 PICTORIAL RE-ISSUE.

This beautiful stamp has a contradictory certification history. It was offered in our 2007 sale of the Odeneal collection with a clear 1995 P.F. certificate (realized \$15,000 hammer) but returned after receiving a 2007 P.S.E. certificate stating tiny tear at upper right. It was re-offered in our Sale 953 describing a tiny tear and with the 1993 P.F. and 2007 P.S.E. certificates. The 2007 P.S.E. certificate no longer accompanies. Sometime after our sale 953 it received a sound P.F. certificate (no. 465591) stating "genuine with large part o.g. disturbed". That certificate no longer accompanies and the gum does not appear disturbed (either in 2007-2008 or today). Most recently it received a 2019 P.F. certificate as "genuine, previously hinged" (VF-XF 85). We leave it to the buyer to sort out the opinions but in any event this is still a beautiful stamp..... 2,250.00

FINE APPEARING EXAMPLE OF THE RARE ORANGEBURG COIL.

The Orangeburg coil was made by the Post Office Department in 1911 specifically for use by the Bell Pharmaceutical Company. The 3c coil stamps were used to send samples of their products to physicians. Due to the quantity of mail, they were put through the first-class cancelling machine at Orangeburg, New York. Because the coil stamps were used on envelopes containing products, many of the surviving copies are faulty to some extent.

EXTREMELY FINE GEM. A SUPERB MINT NEVER-HINGED EXAMPLE OF THE 1902 SERIES SPECIAL DELIVERY STAMP, SCOTT E6, GRADED SUPERB 98 BY P.S.E.

Scott E6 is the first of the "Messenger on Bicycle" Special Delivery designs. It was released as part of the Bureau of Engraving and Printing's "Series of 1902" regular postage issues (Scott 300-313). Scott E6 is printed on double-line "USPS" watermarked paper with 12-gauge perforations. In 1908 the "Helmut of Mercury" Special Delivery stamp was issued. However, the Messenger on Bicycle design was re-issued in 1909 from new plates, and the same basic design was issued continuously until the Motorcycle Delivery design replaced it in 1922. Changes in the paper and perforation gauge for the issues from 1909 until 1922 mirror the changes in the Washington-Franklin series of the same period.

781 ★★ CANAL ZONE, 1962, 4c Thatcher Ferry Bridge, Silver (Bridge) Omitted (157a).
Position 34, Mint N.H., beautifully balanced margins

EXTREMELY FINE MINT NEVER-HINGED EXAMPLE OF THE THATCHER FERRY BRIDGE
ERROR. ONLY ONE PANE OF 50 WAS EVER ISSUED.

According to *Canal Zone Stamps*, one sheet, consisting of four panes of 50, was printed. Three panes were caught by postal authorities, while the fourth pane of 50 was sent to H. E. Harris & Co. as part of a larger order from the Canal Zone Philatelic Agency. At the same time this error was printed, the U.S. had issued the Dag Hammarskjold error in huge quantities. The Canal Zone authorities made plans to do the same, but were successfully sued by H. E. Harris, and the larger printing never took place. Two of the three other panes were laminated and presented to the National Postal Museum. The third was destroyed. The one pane available was broken up in 1969.

Many copies of this error have been hinged over the years. A Power Search review found that approximately half the examples we have offered since 1993 retain their Mint N.H. gum, including this choice example. Accompanied by normal plate block for comparison.

- 785 **1857, 5c on 13c Dark Red (7).** Type I (Clark) numeral, full margins to barely touching the frameline at bottom right, lightly-struck San Francisco circular datestamp cancel leaves the full design visible

VERY FINE. A BEAUTIFUL AND RARE SOUND USED EXAMPLE OF THE 1857 5-CENT ON 13-CENT PROVISIONAL SURCHARGE.

The 5c provisional surcharge was necessary due to a shortage of 5c stamps just after the transition from Postmaster Whitney to Jackson. Most were made by Jackson's clerk, Alvah Clark, around the start of 1857. New supplies of the 5c stamp (Scott No. 8) were received at the end of June 1857.

This issue is very rare as a sound used stamp off-cover. A review using Power Search reveals that the last sound off-cover examples we offered were in our 2011 sale of the Golden collection. Every other example we have offered in the last ten years has had a fault.

EXTREMELY FINE GEM. A SUPERB USED EXAMPLE OF THE 1859 ONE-CENT BLUE HAWAIIAN NUMERAL ISSUE — EASILY ONE OF THE FINEST EXTANT.

Examples of the 1c Blue Numeral with handstamped cancellations are considerably rarer and more desirable than pen-cancelled copies. When adding the factors of margin width and sound condition, the rarity of this example increases dramatically. This is easily one of the finest known.

FINE. AN EXTREMELY RARE SOUND USED EXAMPLE OF THE 1863 2-CENT NUMERAL FROM THE FIFTH SETTING IN DARK BLUE, ON BLUISH WOVE PAPER.

The 2c Dark Blue on Bluish paper (Scott 17) was printed after Scott 18 and before Scott 20. It is one of the rarest of all Numeral Issues in either unused or used condition, and almost all known examples have small faults. This attractive sound example is a rare exception to the normal condition.

The U.S. Philatelic Classics Society

www.uspcs.org

Founded in 1948 by a dedicated group of 1851-1857 specialists, the U. S. Philatelic Classics Society has become a unique organization of collectors and students of the classic issues, from the stampless period up to 1900. We are rich with prolific writers who publish the results of new studies each quarter in our award-winning, full-color magazine, *The Chronicle of the U.S. Classic Postal Issues*, and other publications. Most of all, we are here to promote enjoyment and fun in the hobby which gives us so many hours of pleasure.

The Benefits of Membership

- The Digital *Chronicle*—instant online access to all issues of the country's foremost philatelic journal—more than 70 years of award-winning articles by premier philatelists and students—an important tool for researchers, authors, speakers, judges and exhibitors
- The full-color edition of the quarterly *Chronicle* by mail

**I've already registered with Siegel and
have been approved by Siegel for internet bidding**

Internet bidding works by allowing registered bidders to observe and place bids, either before the sale or in real-time during the auction.

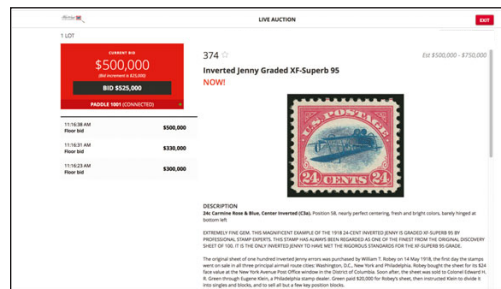

Live Internet Bidding will work with any browser on both PC and Mac operating systems, or with our app..

Before bidding by internet for the first time, we recommend observing an auction in progress. This will help you develop a feel for the sale tempo and bidding interface.

Log in and participate in the auction at bid.siegelauctions.com

When you're logged on as an internet bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is not acceptable, so please bid carefully.
- You can track prior realizations from the bidding screen.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
