Conditions of Sale (please read carefully before bidding)

THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

- 1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.
- 2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
- 3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
- 4. Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.
- 5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which, subject to the Galleries' sole judgment, have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: (i) lots containing 5 or more items; (ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; (iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; (iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the photos; (v) the color of the item does not match the color photo in the sale catalogue or website listing; (vi) the description contains inaccurate information about the quantity known or reported; or (vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate.
- 6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down, for any reason whatsoever. In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. Credit cards (Visa, Mastercard and Discover only) can be accepted as payment, but will be subject to a 3% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes). The buyer waives the right to dispute all credit card charges.

- 7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots may be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer, and/or the Galleries may seek any other remedy prescribed by law to enforce payment. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 will be charged for a check returned for insufficient funds.
- 8. All lots are sold as genuine. Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion or change in grade. Buyers may request a certificate for a lot containing not more than one item, which does not have a P.F. or P.S.E. certificate (dated as above), provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) if submitted by the buyer, the lot must be submitted to an acceptable expertizing service with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot. Changes to a grade by the same certification service or a different grade from another certification service are not grounds for returning a lot.
- 9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
- 10. Agents executing bids on behalf of clients may also be held responsible for all purchases made on behalf of clients, unless otherwise arranged prior to the sale.
- 11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.
- 12. The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.

Grades, Abbreviations and Values Used in Descriptions

Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report^{5M} is the most current available, but lots may not be returned due to errors or changes in statistics or data.

Extremely Fine Gem (90-100): The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

Extremely Fine (80-90): Exceptionally large/wide margins or near perfect centering.

Very Fine (70-85): Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

Fine (60-70): Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

Very Good (below 60): Attractive appearance, but margins or perforations cut into the design.

Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.

Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz, American Air Mail Catalogue* (AAMC), *Michel, Zumstein, Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

VERY FINE. AN EXTREMELY RARE INDEPENDENT STATE USE OF U.S. POSTAGE FROM CHOCTOW NATION IN MAY 1861.

Union forces withdrew from Indian territory on May 4, 1861, and Arkansas seceded from the Union on May 6, three days before this cover was posted. It was admitted into the Confederacy on May 18. Due to the close relationship and interdependence of the Indian Nations postal system and the Arkansas postal system, this May 9 cover is considered an Independent State use. The enclosed letter, written by a female missionary teacher at Spencer Academy, contains interesting comments on secession and the state of the Indian Nations postal system (transcript accompanies).

Waving Flag Patriotic cover to Hamilton O., with original enclosure with portrait of Gen. Apr. 12" (1861) circular datestamp on cover to New Orleans, backflap removed, rough opening at top not affecting any markings is professionally restored, slightly toned

VERY FINE STRIKE. THE ONLY RECORDED EXAMPLE OF THE FORT VALLEY 3-CENT PROVISIONAL ENTIRE.

The 3c provisionals issued by postmasters in Confederate States prior to the establishment of the Confederate postal system were recently classified as a separate group in the Scott Catalogue. This Fort Valley entire was acquired by the Halls in 1924 from Nassau Stamp Co. (initialed "JAK" by John A. Klemann) and realized \$2,200 hammer in our Sale 840 in December 2001.

The presence of the dateless circular control mark establishes this entire's provisional status beyond doubt. Another example of the "Paid 3" (without control mark) was offered in our sale of the Kohn collection (Oct. 29, 1970, lot 35), dated Mar. 19, 1861, to the same addressee. The April 12 (1861) date on the cover offered here is, of course, the day the first guns of the war were fired on Fort Sumter.

MADISON COURT HOUSE, FLORIDA ONE OF SIX RECORDED EXAMPLES

2528

Madison Court House Fla., 3c Gold on Bluish (3AX1). Margins completely clear all around, fresh golden-bronze color, neat manuscript "(P)aid in (Money)" cancel applied by Postmaster Samuel J. Perry, thin spot at top and small indentation to right of "Cents"

VERY FINE APPEARANCE. ONE OF ONLY SIX RECORDED EXAMPLES OF THE MADISON COURT HOUSE POSTMASTER'S 3-CENT PROVISIONAL, AND THE STAMP THAT DEFINITIVELY LINKED THE MADISON PROVISIONAL TO ITS POSTMASTER, SAMUEL J. PERRY.

The Madison Court House Provisional was the subject of a definitive article by Patricia A. Kaufmann in the *American Philatelist* and the *Confederate Philatelist* (the article, with updates, can be viewed at http://www.trishkaufmann.com/madison). The Madison Provisional is one of six stamps that the Scott Catalogue now lists separately as "3c 1861 Postmasters' Provisionals". They are distinct from the 5c and 10c Confederate Provisionals in that the postmasters who issued the stamps were still technically under the control of the U.S. Post Office Department, and were remitting postal receipts to the Department (and were avoiding ordering new U.S. stamps in anticipation of a final change in administrative control of their offices). The 1861 Provisionals are all 3c adhesives or handstamps, reflecting the then-current U.S. letter rate.

This example of the Madison Court House stamp was instrumental in Kaufmann's efforts to have the stamps be declared genuine and listed separately from the 5c and 10c Provisionals. It bears the handwriting of Madison Court House Postmaster Samuel J. Perry. The portion of "(P)aid in (Money)" that appears on this stamp was compared to archival samples of Perry's handwriting by experts and determined to match. In a letter to J. W. Scott, reprinted in an 1872 issue of *The American Journal of Philately*, Perry specifically states that letters franked with his stamp had "Paid in Money" applied to them.

Only five off-cover examples of Scott 3AX1 are recorded, including the unique "CNETS" error (ex Middendorf, Sale 1225, lot 56), and only one on-cover example is recorded (ex Middendorf, Sale 1225, lot 55). This is the only example known with the "Paid in Money" cancel. There is also a unique Madison 5c Provisional press-printed entire, listed in the regular C.S.A. Provisional section (Scott 137XU1, ex Dr. Briggs, Sale 1153, lot 2095).

FINE STAMP AND CHOICE ATTRACTIVE COVER. ONE OF SIX SOUND EXAMPLES OF THE BEAUMONT 10-CENT PINK PROVISIONAL KNOWN ON COVER. AN IMPORTANT AND DESIRABLE CONFEDERATE RARITY.

According to Jim Wheat's *Postmasters & Post Offices of Texas, 1846-1930*, the following men served as postmaster of Beaumont, Texas, from 1860 to 1866: John J. Herring, appointed Aug. 17, 1860 (resigned); Wilson A. Junker, Aug 5., 1861 (CSA) (resigned); P. H. Glaze, Nov. 12, 1861 (CSA); Rev. Alexander Hinkle, Dec. 5, 1863 (CSA); Thomas Snow, Feb. 22, 1865 (CSA); John J. Herring, Apr. 6, 1866; and George L. Ewing, Jul. 19, 1866.

Since all recorded examples of the Beaumont provisional stamps are dated in 1864, they were probably issued by Reverend Alexander Hinkle, a Methodist pastor who settled in Beaumont around this time and was appointed as postmaster on December 5, 1863.

The stamps were typeset and printed from three different settings: one printed on Pink paper (Scott 12X2), and two on Yellow paper (12X1 and 12X3). A setting of four subjects (two by two) has been reconstructed from the Pink singles (there are no recorded multiples). Each subject has a different arrangement of long and short frame pieces. The printings on Yellow paper were made from two entirely different settings: one slightly smaller than the Pink stamps, and the other much taller with the words "Texas" and "Postage" added to the design.

Only 21 of any kind are recorded, including the unique Large 10c on Yellow (on cover), 5 of the Small 10c on Yellow (each on cover), and 15 of the Small 10c on Pink (12 covers, 3 off cover). Most of the recorded covers are faulty, and only four have postmarks of any kind tying the stamps.

Of the 15 recorded examples of the 10c on Pink (12X2), 12 are on covers and half of these have faults or serious repairs. Two of the covers with sound stamps are defective, leaving just four covers available to collectors who desire a sound stamp on a sound cover.

FINE APPEARANCE. ONE OF NINE RECORDED COVERS SHOWING CONJUNCTIVE USE OF A CONFEDERATE POSTMASTER'S PROVISIONAL AND A GENERAL ISSUE. ONLY FOUR OF THESE COVERS HAVE ADHESIVE PROVISIONALS, AND THIS IS THE ONLY ONE USED FROM CHARLESTON.

We record a total of nine covers with a combination of a Confederate provisional (either adhesive, press-printed or handstamped) and a General Issue stamp to prepay postage — we have excluded from this count a few covers on which the provisional served no postal duty. In our opinion, these combination frankings are significant and quite undervalued — imagine what price would be paid for a Baltimore provisional handstamped entire with a U.S. 5c 1847 stamp, or a St. Louis "Bear" and 1847 combination.

In the case of this Charleston provisional, they were withdrawn from sale on December 6, 1861 when the General Issue stamps arrived at the post office. They were briefly placed back on sale in mid-June 1862 due to a shortage of regular postage stamps. This was no doubt purchased during that short period when they went back on sale.

It will be handed down to posterity as one of the most glorious and decisive the world ever knew.," stamp with light diagonal bend, missing most of backflap

VERY FINE APPEARANCE. ONE OF ONLY SIX RECORDED COVERS BEARING THE LIMESTONE SPRINGS POSTMASTER'S PROVISIONAL STAMP — WITH AN OUTSTANDING PATRIOTIC LETTERSHEET ENCLOSURE.

Five of the six known Limestone Springs covers come from the Dean correspondence, including one addressed to Lucy E. Simpson (in the handwriting of Lizzie Dean), rather than Corporal Edward J. Dean. The cover offered here and one other bear single circular die-cut stamps. Three covers bear two rectangular-cut singles each, paying the 10c rate. The sixth cover bears a rectangular-cut single. Most of the known examples are on green paper. The Scott Catalogue recently began to list the green and white papers separately.

Corporal Edward J. Dean and the Dean correspondence were the subjects of an article by the late Daniel M. Gilbert, published in the *Confederate Philatelist*. Joseph Walker was enrolled as captain of the Spartan Rifles on April 13, 1861. Micah Jenkins, a resident of Yorkville, South Carolina, was mustered into service as colonel of the 5th South Carolina Volunteer Infantry Regiment in June 1861. He was elected colonel of the Palmetto Sharpshooters Regiment, South Carolina Volunteers, on April 13, 1862, and promoted to brigadier general in July 1862.

VERY FINE EXAMPLE OF THE LYNCHBURG PRESS-PRINTED PROVISIONAL, POSTMARKED TWO WEEKS AFTER THE START OF THE CONFEDERATE POSTAL SYSTEM.

The Lynchburg typeset provisional envelope was issued very close to the June 1, 1861, inaugural date of the Confederate postal system. The Calhoun census lists 15 examples of the Lynchburg provisional envelope on any kind of paper. This cover is not included in his census. The envelopes were press-printed from a stock "5" engraving used in bank note production and the typeset word "Paid." The subsequent adhesive provisionals, issued in August, were a step up from the envelopes and closely resemble the Memphis provisional. Postmaster Glass stated that he copied the Memphis design after seeing the stamps on incoming mail. The Lynchburg plate was stereotyped from a master woodcut engraving. The size and layout of the plate are not yet known. The production has been attributed to Glass' newspaper office, but no documentary evidence has been located.

Walker 'Spartan Rifles'", additional strikes of "PAID" and "5" in circle handstamps at upper left, tiny tears at top, small portion of top flap missing

EXTREMELY FINE. ONE OF THE FINEST OF THE APPROXIMATELY TWENTY KNOWN COVERS BEARING THE SPARTANBURG POSTMASTER'S PROVISIONAL.

Spartanburg S.C. takes its name from the "Spartan Rifles," a group of militia soldiers during the Revolutionary War. The name was adopted by Confederate soldiers from Spartanburg during the Civil War. John A. Lee was a prominent merchant who served as postmaster of Spartanburg from 1850 through the end of the war. Residents of Spartanburg remembered him as the "Wartime Postmaster" (John B. O. Landrum, History of Spartanburg County, available at Google Books—thanks to Vince King for this citation).

Postmaster Lee created his provisional stamps by applying the "5" numeral rate marking inside the "Spartanburg S.C." double-circle datestamp on a sheet of paper. The stamps are known cut square and cut to shape. As one might imagine, the stamps come on a variety of papers. Two types of "5" markings were used, and one example is known with the denomination omitted. Most of the paper and numeral varieties are listed separately in the C.S.A. and Scott catalogues.

Corporal Edward J. Dean and the Dean correspondence were the subjects of an article by the late Daniel M. Gilbert, published in the *Confederate Philatelist*. Joseph Walker was enrolled as captain of the Spartan Rifles on April 13, 1861. Micah Jenkins, a resident of Yorkville, South Carolina, was mustered into service as colonel of the 5th South Carolina Volunteer Infantry Regiment in June 1861. He was elected colonel of the Palmetto Sharpshooters Regiment, South Carolina Volunteers, on April 13, 1862, and promoted to brigadier general in July 1862.

PATRIOTIC COVERS

INDEPENDENT AND CONFEDERATE STATE USE OF U.S. STAMPS

2594

2594 ⋈ 3c Dull Red, Ty. III (26). Tied by indistinct circular datestamp (probably a Georgia post office) on cover to Col. William L. Mitchell at Athens Ga. with "Southern Confederacy. Free Trade With All The World" propaganda design (PS-2), letter enclosure datelined "Peru Feb. 1st 1861" from Richard D. B. Taylor, a major Georgia slaveholder, mailed during Independent State period, probably from Peru Plantation in McIntosh County, Georgia, letter discusses accounting for slaves, cover partly opened at sides, trivial soiling

FRESH AND VERY FINE. THIS SIMPLE DESIGN, ABANDONING THE USUAL FLAG MOTIF IN FAVOR OF A POLITICAL SLOGAN, IS ONE OF THE RAREST OF CONFEDERATE PATRIOTICS. IN THIS INSTANCE, ITS REFERENCE TO "FREE" TRADE WITH A LETTER REGARDING SLAVES, IS STRIKINGLY IRONIC.

Throughout the war the Confederate government hoped to use international commerce to raise hard money and influence other nations to support the Southern cause. This rare slogan design promotes that effort. More effective, however, was the Federal blockade that isolated the Confederate States and disrupted regular trade routes.

VERY FINE APPEARANCE EVEN AS A COVER FRONT. A SPECTACULAR OVERSEAS USE OF THIS SCARCE CONFEDERATE PATRIOTIC DESIGN.

Only two Confederate Patriotics are known used to foreign destinations. The other is also a cover front, used from Augusta on March 24, 1861 (Sale 863, lot 637). Both were mailed during the Confederate statehood period and before postal relations were severed.

HANGING LINCOLN CARTOON

VERY FINE. ONLY TWELVE EXAMPLES OF THE CELEBRATED HANGING LINCOLN ENVELOPE ARE RECORDED. AN OUTSTANDING AND HISTORIC CONFEDERATE PATRIOTIC.

The Hanging Lincoln design is widely recognized as the most distinctive of all Civil War patriotics. In this extraordinary cartoon, President Lincoln is hanging upside down from a tree limb, with his symbolic axe and fence rail tied around his neck. The caption reads "Abe Lincoln the destroyer. He once split Rails. Now he has split the Union." To the left and right is the caption "The penalty of disregarding the constitution. Impeached, deposed, Tried and convicted" (there is a spelling correction from "diposed" to "deposed"). Standing beside Lincoln is a mustachioed Winfield Scott, labeled "Old Fuss n Feathers", dropping his sword and exclaiming "My glory is gone for ever." On the ground is the Union flag, captioned "The stars and stripes lie in the dust, Never to rise." A star at left has the caption "The southern star is rising" and the Confederate 11-star flag towers above with the caption "The stars and bars shall for ever wave triumphant." Along the bottom is the imprint "Copyright claimed. HM & WC Box 417 Nashville Tenn." Despite continuing investigation, we have been unable to uncover the identify of the publishers "HM & WC."

There are currently twelve recorded examples of the Hanging Lincoln cartoon envelope, all used within the Confederacy. The twelve genuine examples are (listed in date order): 1) Jul. 25, 1861, Marshall Tex. VERY FINE. A SPECTACULAR BETHEL COLLEGE COVER WITH THE 5-CENT GREEN GENERAL ISSUE AND THE ONLY REPORTED USE OF THIS DESIGN. BETHEL COLLEGE WAS THE LOCATION WHERE THE KENTUCKY ORDINANCE OF SECESSION WAS PASSED ON NOVEMBER 20, 1861.

While the elected government of Kentucky remained loyal to the Union, a shadow government was formed which passed the secession ordinance at Russellville. This remarkable cover combines several desirable attributes, including a scarce Confederate Kentucky use to Virginia, a college cover and a beautiful lithographed design.

A REMARKABLE COVER WITH THE RARE "ZOLLICOFFER'S BRIGADE" MILITARY POSTMARK DATED JANUARY 18, 1862, ONE DAY BEFORE THE BATTLE OF MILL SPRINGS, IN WHICH BRIGADIER GENERAL FELIX K. ZOLLICOFFER WAS KILLED.

The Battle of Mill Springs was a significant defeat for the Confederates, because it was the first breach in their Kentucky defense line. It was during this battle, on January 19, 1862, that Brig. Gen. Zollicoffer was killed after becoming confused and riding his horse into Union lines, thinking he was among Confederate forces. Wearing a white raincoat, his identity was not immediately recognized, but as soon as it was, he was shot dead in the saddle.

FINE APPEARANCE. A DESIRABLE FULLY INTACT EXAMPLE OF THE CUSHING TRANSMISSISSIPPI EXPRESS TYPE II LABEL ON COVER. THESE ARE VERY RARELY SEEN WITH ANY PORTION AFFIXED TO THE FRONT.

Edward Hopkins Cushing, publisher of the *Houston Daily Telegraph*, commenced his express service after New Orleans fell to Federal forces in April 1862. In an effort to improve communications between Texas regiments in the East and their relations at home, as well as secure safe lines for news transmission, Cushing established routes with pony riders and other means of conveyance necessary to cross the Federal lines. Cushing's agents affixed labels to envelopes carried by express, usually on the backs. These were intended to inform patrons and advertise the service. Approximately 20 examples (of all varieties) are believed to exist. E. 2,000-3,000

ONE OF EIGHT RECORDED COVERS WITH THE EDEY LABEL, OF WHICH HALF ARE AFFIXED TO THE BACKS. EDEY'S EXPRESS OPERATED BRIEFLY FROM JUNE UNTIL LATE OCTOBER 1862.

Arthur H. Edey enlisted as a Private in Co. A, 5th Regiment, Texas Infantry, on July 19, 1861, at Houston. He was detailed as agent for the regiment in Richmond on Feb. 7, 1862, and in that capacity provided mail service between members of the regiment serving east of the Mississippi and their correspondents back home. The earliest of the eight recorded Edey's Express covers is dated June 1862, and the latest is October 1862. Edey was wounded and captured at Gettysburg on July 2, 1863, and sent to Fort Wood, New York Harbor. He was paroled on April 15, 1865.

Our records contain eight examples of Edey's label, including a few heavily stained or defective covers. This cover was sent by Tacitus T. Clay, who was promoted to captain in the 5th Texas Regiment in October 1861 and served as acting lieutenant-colonel and colonel at various times during 1863 and 1864. Clay was wounded at Gaines' Mill, the Wilderness, and Darbytown Road — as a result of his injuries at Darbytown, Clay's leg was amputated.

VERY FINE. AN EXTREMELY RARE USE OF THE 5-CENT BLUE LITHOGRAPH ON A COVER CARRIED FROM NEW ORLEANS TO MOBILE BY THE LOUISIANA RELIEF COMMITTEE.

The Louisiana Relief Committee was formed on May 31, 1863, by a group of expatriate New Orleans citizens in Mobile, Alabama, to alleviate the suffering of poor citizens who remained in U.S.-occupied New Orleans. They arranged shipments of food and clothing to New Orleans and helped citizens leave New Orleans for the Confederate States. These trips between Mobile and New Orleans via Pascagoula ran along the Mississippi Sound and carried letters which were not sanctioned by the U.S. authorities.

Blockade-Run Cover from Richmond Va. to Union-Occupied Nashville Tenn. via Charleston S.C., Nassau, Bahamas, and New York City. Blue crayon "Richmond" origin notation on back of cover addressed to "Mrs. Lucy A. Ford, Care of R. C. McCrory, Nashville, Tennessee", carried to Charleston S.C. for February 4, 1865, outbound blockade-run by the Druid, arrived four days later, "Bahamas FE 8, 1865" backstamp applied along with red "Paid at Bahamas" crowned-circle handstamp, red crayon "4" pence rate, 3c Rose (65) tied by "N. York Steamship" dateless circle handstamp, manuscript "Due 2" crossed out, sent by U.S. mail to Nashville where an attempt to locate addressee was made, "Nashville Advertised Mar. 1" circular datestamp and "UNCLAIMED" handstamp, latter with first three letters retouched, "Nashville Ten. Jun. 17, 1865" double-circle datestamp on back, stamp with crease, some ink erosion at top center, some expert restoration

FINE APPEARANCE. A RARE AND REMARKABLE BLOCKADE-RUN COVER CARRIED CLOSE TO THE END OF THE WAR FROM CONFEDERATE RICHMOND TO UNION-OCCUPIED NASHVILLE VIA NASSAU, BAHAMAS.

In December 1864 Nashville was taken by Union forces, so mail from Confederate post offices had to be carried either by flag-of-truce or through the blockade. This cover was transported in the Confederate postal system to Charleston, South Carolina. It was carried on the February 4, 1865, trip to Nassau by the *Druid*, operated by the Druid Steamship Company of Charleston. This was one of the last blockade-running departures from Charleston before the port was closed to blockade runners (three more followed in February 1865—see Walske article, *Chronicle* 272). Upon arrival the Nassau post office applied the "Bahamas" circular datestamp and "Paid at Bahamas" red crowned-circle, indicating British postage was prepaid. It entered the U.S. postal system at New York City as a steamship letter. The 3c stamp was evidently accepted for U.S. postage to Nashville and the "Due 2" presumably represents the ship-letter fee. On arrival in Nashville, the addressee could not be found, so this was advertised on March 1 and was apparently unclaimed. By April 3, Richmond had also fallen. Mail was supposed to go to the Dead Letter Office 30 days after advertising, but this was apparently kept at Nashville, as shown by the June 17 backstamp. It is not clear if the June 17 marking was the day this was collected by recipient, or whether it was applied for some other reason.

VERY FINE. A RARE EXAMPLE OF THE COMMANDANT HENRY WIRZ'S CENSOR MARKING ON A FLAG-OF-TRUCE COVER FROM LIBBY PRISON.

Henry H. Wirz took command of Libby Prison beginning in late 1862. In March 1864, he was assigned to Andersonville (Camp Sumter). After the war, Wirz was charged with conspiracy and murder by Federal authorities. His trial was held in the Capitol building in Washington and was presided over by Union General Lew Wallace. A number of former prisoners testified on conditions at Andersonville, many accusing Wirz of specific acts of cruelty (some of these accounts were later called into question by historians as exaggerated or false). The court also heard from Confederate officers and considered official correspondence from captured Confederate records. Wirz presented evidence that he pleaded to Confederate authorities to try to get more food and maintained that he tried to improve the conditions for the prisoners. Wirz was found guilty of murder and was sentenced to death. On November 10, 1865, he was hanged in Washington at the site of the current Supreme Court building — the only Confederate official to be tried, convicted and executed for war crimes resulting from the Civil War.

Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as "floor sale only." To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer's own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
