## Conditions of Sale (please read carefully before bidding)

THE PROPERTY IN THIS CATALOGUE WILL BE OFFERED AT PUBLIC AUCTION BY ROBERT A. SIEGEL AUCTION GALLERIES, INC. ("GALLERIES") ON BEHALF OF VARIOUS CONSIGNORS AND ITSELF OR AFFILIATED COMPANIES. BY BIDDING ON ANY LOT, WHETHER DIRECTLY OR THROUGH A THIRD PARTY, IN PERSON, BY TELEPHONE, FACSIMILE, INTERNET OR BY ANY OTHER MEANS, THE BIDDER ACKNOWLEDGES AND AGREES TO ALL OF THE FOLLOWING CONDITIONS OF SALE.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 18% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**

2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.

3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.

4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**

5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which, subject to the Galleries' sole judgment, have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason, or may not be returned for the reasons stated: (i) lots containing 5 or more items; (ii) lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; (iii) any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault; (iv) photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the photos; (v) the color of the item does not match the color photo in the sale catalogue or website listing; (vi) the description contains inaccurate information about the quantity known or reported; or (vii) a certification service grades a stamp lower than the grade stated in the description or on an accompanying certificate.**

6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make full payment in cleared funds before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards (Visa, Mastercard and Discover only) can be accepted as payment, but will be subject to a 3% non-refundable Convenience Fee, which will be added to the total of the entire invoice (including hammer price, buyer's premium, shipping and transit insurance charges and any applicable taxes). The buyer waives the right to dispute all credit card charges.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots may be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer, and/or the Galleries may seek any other remedy prescribed by law to enforce payment. **Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter.** A fee of \$250.00 will be charged for a check returned for insufficient funds.

8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion or change in grade.** Buyers may request a certificate for a lot containing not more than one item, which does not have a P.F. or P.S.E. certificate (dated as above), provided that the following conditions are met: (i) the purchase price must be paid in full, (ii) if submitted by the buyer, the lot must be submitted to an acceptable expertizing service with a properly executed application form within 21 days of the sale, (iii) a copy of the application form must be given to the Galleries, (iv) the Galleries retains the right to resubmit the item for reconsideration, without time limit or other restrictions, for the purpose of obtaining a satisfactory opinion, (v) lots submitted for certification will be considered cleared 90 days from the date of sale, whether or not a certificate has been issued, unless the Galleries issues written approval of a further extension of return privileges, and (vi) in the event the lot is determined to be misidentified or misdescribed, pursuant to 5 and 5(A) of these Conditions, the Galleries will issue a refund to the buyer for the full purchase price and actual certification fees, but the reimbursement for certificate fees (and related costs) shall not exceed 10% of the hammer price of the lot. **Changes to a grade by the same certification service or a different grade from another certification service are not grounds for returning a lot.**

9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.

10. Agents executing bids on behalf of clients may also be held responsible for all purchases made on behalf of clients, unless otherwise arranged prior to the sale.

11. **The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers who receive lots in the U.S. are obligated to pay whatever sales tax or compensating use tax might be due, at any time, and buyers outside the U.S. are responsible for all customs duties.**

12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. The bidder agrees not to use a public conflict resolution service and not to use any form of social media to publish comments or information about the Galleries and its employees which might harm the Galleries' reputation or business. These Conditions of Sale shall be governed by and construed in accordance with the substantive laws of the State of New York, and shall constitute an agreement that shall be binding on the parties, and their respective heirs, administrators, distributees, successors and assignees.**

## Grades, Abbreviations and Values Used in Descriptions

### Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

### Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

### Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

## Remembering Richard

Richard A. Champagne, a familiar face at almost every domestic stamp show for half a century, was born in 1925 in Brookline, Massachusetts, and passed away in 2022. In 1934, at the age of 9, he was introduced to stamp collecting when his father gave him a small group of worldwide stamps. Richard graduated from high school in 1942 and attended Cornell University. However, with the country at war, Richard volunteered for the Navy and joined the Navy's V-12 program. He was assigned to Officer's Training School and at age 19 was commissioned an ensign. During the war, he served in the Pacific campaign as a fighter director aboard two aircraft carriers.

After the war he reentered Cornell and received his Bachelor of Arts degree in 1948. He went on to receive his Master's degree in Business Administration in 1950 from Harvard. Throughout his life, Richard's keen intellect, precise manner of speaking and familiarity with a wide range of subjects were hallmarks of his higher education. Richard was also an excellent dancer. He opened dance studios in Boston and Providence, and for many years taught children's cotillion dancing classes.

At a certain point Richard had to move his childhood stamp collection from its resting place, and in that moment his interest in stamp collecting was revived. Shortly after, he contacted Joseph Landry, a well-respected stamp dealer in the Boston area, and offered to sell his collection of thousands of stamps. Landry's offer was \$12, which left Richard visibly disappointed. Seeing his reaction, Landry pointed to a table full of similar collections and said any one of them was available for less than \$20. Richard politely declined the offer, but assured Landry that he would return to learn how to properly build a collection. From that moment, Landry became Richard's philatelic mentor.

As Richard developed his interest in United States stamps, he eventually started selling duplicates at the local Waltham Stamp Club. He also volunteered at the Cardinal Spellman Philatelic Museum, helping to arrange their various collections with his friends, Joe Landry and Guy Dillaway. Richard and Guy decided to start the once-a-month Cardinal Spellman Sunday Stamp Show. Those first shows from 1968 to 1970 created stamp dealers out of Guy and Richard. In 1976 Richard joined the American Stamp Dealers Association.

Richard and Suzanne Champagne with son David seated at a show booth—a familiar sight for decades

Richard took a booth at the 1976 INTERPHIL exhibition in Philadelphia. He made sure his stock of U.S. was worthy of the event, and the crowds of customers lining up at his booth vindicated his eye for quality. After INTERPHIL, Richard participated in virtually all the major U.S. stamp shows. His areas of specialized interest were classic U.S., early 20th century, postal stationery, private vending-and-affixing perforations, and a number of other back-of-the-book areas, including Newspapers & Periodicals, Postage Dues and Officials.

Richard's stamp knowledge was widely respected. He expertized for The Philatelic Foundation, the American Philatelic Society and Professional Stamp Experts. He was also always willing to educate collectors and dealers, and give his opinion on items presented to him for authentication. For his longtime commitment to the hobby and trade, Richard was honored with membership in the American Stamp Dealers Hall of Fame.

With Richard's passing, stamp shows will never be the same. Those of us who walked onto the floor of a dealer's bourse and were greeted by Richard and his enchanting wife, Suzanne, will remember him forever. He was a gentleman dealer, and his stamps reflected his knowledge and taste. The Siegel firm is honored to offer hundreds of lots from the Champagne estate in this sale, and we will offer additional items from the inventory in sales to follow.

EXTREMELY FINE EXAMPLE OF THE 5-CENT 1847 "MOWER SHIFT" — DOUBLE TRANSFER TYPE E — OF WHICH PROBABLY NO MORE THAN A DOZEN COPIES ARE KNOWN.

In an article discussing this rare position in the November 1976 *Chronicle*, Duane Garrett quotes a letter from Stanley B. Ashbrook, which states "this 'E' variety is quite scarce, much more than either the 'A' or 'B', probably due to the fact that the extra lines were not cut very deep on the plate and soon wore away."

3080 **1c Blue, Ty. Ib (5A).** Position 8R1E, large margins all around including part of the adjoining stamp at bottom, deep color and highly detailed impression on fresh paper, light **blue** circular datestamp cancels

EXTREMELY FINE. A BEAUTIFUL USED EXAMPLE OF THE RARE 1851 ONE-CENT TYPE Ib FROM PLATE ONE EARLY, FROM ONE OF THE TWO POSITIONS THAT FURNISHED THE BEST TYPE Ib EXAMPLES.

Type Ib was produced only as an imperforate stamp from Plate 1 Early. Six positions on Plate 1E furnished stamps qualifying as Type Ib — Positions 3-6R and 8-9R — distinguished by the complete design at top and nearly complete design at bottom. When first entered on the plate, these six positions (as well as 7R1E) had the complete design at top and bottom. However, unlike 7R, small portions of the bottoms were ironed out when the entries were made below them. Positions 6R and 8R had less of the bottom erased than the other Type Ib positions, and for this reason they are more desirable examples of the type.

With 2007 P.S.E. certificate (XF 90; SMQ \$17,500.00). For Positions 6R1E and 8R1E (the better positions, which catalogue more than 50% higher than other positions in both Scott and SMQ), none grade higher. .... 11,300.00

1857 ONE-CENT BLUE, TYPE Ia, SCOTT 19  
AN EXTREMELY RARE SOUND UNUSED EXAMPLE

3150

3150°(★) **1c Blue, Ty. Ia (19).** Bottom row of Plate 4, unused (no gum), well-balanced margins revealing the key design characteristics at top and the all important plumes at bottom, rich color, completely sound

VERY FINE AND CHOICE. AN EXTREMELY RARE SOUND AND CENTERED UNUSED EXAMPLE OF THE 1857 PERFORATED ONE-CENT TYPE Ia.

Type Ia was produced by only 18 of the 20 bottom-row positions on Plate 4. Although Plate 4 was designed with sufficient space to accommodate perforations, the height of the top row and bottom row positions resulted in the perforations often cutting into the design at either top or bottom. For this reason, stamps from the bottom row of Plate 4 with perforations clear of the design are especially desirable, since the characteristics of the type are complete (Type Ia) or nearly complete (Type Ic) at bottom. The stamp offered here is an extremely rare centered, sound unused example.

Type Ia was produced by only 18 of the 20 bottom-row positions on Plate 4. Although Plate 4 was designed with sufficient space to accommodate perforations, the height of the top row and bottom row positions resulted in the perforations often cutting into the design at either top or bottom.

3152

3152° **1c Blue, Ty. Ic (19b).** Position 47L4, E Relief, deep rich color, well-centered with design characteristics completely visible, light cancel

EXTREMELY FINE. A RARE SOUND AND WELL-CENTERED EXAMPLE OF THE ONE-CENT 1857 TYPE Ic.

This stamp is far scarcer than its catalogue or SMQ values would suggest, especially with four margins in sound condition.

With 2022 plating certificate from the One Cent Franklin Plating Archive. With 2023 P.S.E. certificate (VF-XF 85; SMQ \$4,250.00). Only four used examples of Scott 19b have even been deemed worthy of P.S.E. grading by their owners. Apart from this VF-XF 85 grade, there exist single examples at 95, 80 and 70..... 3,750.00

FINE. A RARE ORIGINAL-GUM EXAMPLE OF THE 1867 3-CENT ALL-OVER GRILL.

The August 1867 3c experimental A Grill was the first grilled issue. It was soon learned that the all-over grill weakened the paper and interfered with perforating and separating, resulting in rough perforations and pieces torn out of the margins when split apart. Within two months of A Grill production the apparatus was modified by dividing the embossed area into small rectangular units within each stamp (C Grill).

1868 3-CENT ROSE, Z GRILL, SCOTT 85C  
ORIGINAL GUM, GRADED XF-90

3250

3250°★ **3c Rose, Z. Grill (85C).** Original gum, clearly-defined grill, bright shade and crisp impression, almost impossible centering for this issue with balanced margins

EXTREMELY FINE. AN EXCEPTIONAL AND EXTREMELY RARE ORIGINAL-GUM STAMP. THE 1868 3-CENT Z GRILL IS ONE OF THE RAREST OF THE REGULARLY-PRODUCED GRILLED ISSUES, ESPECIALLY IN THIS CENTERED, ORIGINAL-GUM CONDITION. THIS STAMP IS GRADED XF 90 BY THE PHILATELIC FOUNDATION — THE HIGHEST GRADE AWARDED.

The 3c Z Grill was in production for only a short period of time before the device was replaced with the F Grill. Only a small number of 3c sheets were fed thru the Z Grill, which accounts for the rarity of surviving examples, especially in sound, original-gum condition. Our review of past auctions, including Power Search, found precious few sound copies with at least Very Fine centering.

With 2021 P.F. certificate (XF 90). This is the highest grade awarded by the P.F. to an original gum Scott 85C (shared by one other). By way of comparison, the highest grade awarded by P.S.E. is VF 80 (two examples)..... 25,000.00

## 90-CENT 1869 PICTORIAL ISSUE, SCOTT 122

POSSIBLY THE ONLY MINT NEVER-HINGED EXAMPLE IN EXISTENCE

3311

3311 ★★ **90c Carmine & Black (122). Mint N.H.**—yes, that is correct—pristine original gum with clear grill impression in paper and gum (an important characteristic of original gum), perfect *craquelure* of gum surface, fresh color and sharp impressions, three wide margins and frame design barely touched by single perf hole at upper right

FINE. AN EXTRAORDINARY MINT NEVER-HINGED EXAMPLE OF THE 90-CENT 1869 PICTORIAL ISSUE. THIS TOP DENOMINATION OF THE REGULARLY ISSUED 1869 PICTORIAL ISSUE SELDOM COMES LIGHTLY HINGED, LET ALONE NEVER-HINGED. FOR THE COLLECTOR OF CLASSIC STAMPS IN MINT POST-OFFICE FRESH CONDITION, THIS IS THE ONLY STAMP OF ITS KIND.

Our reaction to the first report of this stamp and its accompanying P.S.E. certificate was, they got it wrong and the stamp is hinged or regummed. We were wrong. The gum is absolutely Mint Never-Hinged. If this stamp were face down next to 3c 1869 stamps in Mint N.H. condition, of which there are many, it would be impossible to tell which one was the common 3c and which was the arguably unique 90c.

One of the key characteristics of genuine gum on grilled stamps is the grill itself. In the manufacturing process, sheets were gummed first, then grilled and perforated. Therefore, the grill in original gum will show characteristics that differ from a grill that was covered with gum in regumming or brushing. Likewise, perforations that followed gumming will have a different appearance than perforations of a regummed stamp. Finally, brushing over a hinge removal will be evident in the minute crackling in the surface of the gum—what art experts call *craquelure* in oil paintings—but this stamp shows perfectly even crackling in the gum.

We have gone to great lengths to explain the Mint N.H. state of this stamp, because it might well be the only Scott 122 to survive in such condition. Every example we have seen is previously hinged or has disturbed gum, or has no gum at all. If this stamp were centered with a grade of 80 or better, it would be valued at \$100,000 or more. With Fine centering, it will probably bring less, but for collectors of classic stamps in post-office fresh Mint N.H. condition, it is essentially priceless.

With 1980 P.F. certificate (before gum was described as never-hinged) and 2023 P.S.E. certificate “genuine, o.g., never hinged”. Scott value as hinged..... 11,000.00

EXTREMELY FINE GEM. WITHOUT QUESTION THIS IS ONE OF THE COUPLE FINEST MINT NEVER-HINGED EXAMPLES OF THE 1894 15-CENT UNWATERMARKED BUREAU ISSUE IN EXISTENCE.

The 1894 Unwatermarked issue was the first U.S. postage issue to be printed by the Bureau of Engraving & Printing, after the contract with American Bank Note Co. expired. The first stamps printed by the Bureau are notoriously difficult to find well-centered, as production was marred by initial problems as they geared up to meet the needs of the public for stamps. Often the perfs are choppy and rough, and very rarely are the stamps found with huge margins, perfect centering and well-defined perfs. This stamp is a wonderful exception.

With 2014 P.S.E. certificate (XF-Superb 95 Jumbo; SMQ \$11,000.00). This is the only Scott 259 at this grade and only one grades higher — a Superb 98 graded back in 2004. .... 850.00

EXTREMELY FINE GEM. A STUNNING MINT NEVER-HINGED EXAMPLE OF THE 50-CENT TRANS-MISSISSIPPI ISSUE, GRADED XF-SUPERB 95 BY THE P.F. A DIFFICULT ISSUE TO OBTAIN IN SUCH SUPERB CONDITION.

The design of the 50c Trans-Mississippi is based on a drawing by Frederic Remington titled *Gold Bug*, which was published in 1897 in New York as part of a series of drawings. It depicts a single prospector in a barren landscape, hammer in one hand and a gold prospecting pan in the other, with his dog and two pack mules. The design was originally considered for the \$2.00 (an essay is known) but it was ultimately used for the 50c.

The 50c Trans-Mississippi is extremely scarce in well-centered condition. It also seems that fewer 50c stamps exist in Mint N.H. condition, relative to the dollar values of the set. The combination of Extremely Fine centering and Mint N.H. condition is exponentially rarer.

3507

3507 ★★ **\$2.00 Orange Brown, Trans-Mississippi (293).** Mint N.H., deep rich color, choice centering for this difficult issue

FRESH AND EXTREMELY FINE. A BEAUTIFUL MINT NEVER-HINGED EXAMPLE OF THE \$2.00 TRANS-MISSISSIPPI ISSUE.

The design of the \$2.00 Trans-Mississippi is based on the famed Eads Bridge that spans the Mississippi River at St. Louis. The river has long been considered the dividing line between East and West, and is a fitting theme for this issue.

All of the \$2.00 Trans-Mississippi stamps were printed in a single day's run on June 3, 1898. The \$2.00 was printed in sheets that have narrower spacing between the horizontal rows than between the vertical columns. For this reason, it is extremely difficult to obtain stamps with top and bottom margins that equal the sides. This makes it difficult to fit the collecting criteria of most Gem-quality collectors. The stamp offered here, which is Mint Never-Hinged with choice centering and fresh color, is a true condition rarity.

Ex "Piedmont" and "Hanover". With 2005 P.S.E. certificate. With 1989, 1998 and 2011 P.F. certificates (XF 90). By way of comparison, P.S.E. has certified only three higher and four equal. EXTREMELY FINE GEM. A STUNNING MINT NEVER-HINGED EXAMPLE OF THE 50-CENT 1902 ISSUE, GRADED XF-SUPERB 95 BY BOTH P.S.E. AND THE P.F.

The 1902-03 Regular Issue was a great improvement over the Bureau's first efforts in 1894 and 1895. Perforations tend to be cleaner, and centering better, but the large plate layout and perforation method still resulted in a large number of poorly centered stamps. Furthermore, stamps issued in choice condition seldom stayed that way, because the boom in stamp collecting that began with the Roosevelt administration caused hordes of hinge-bearing philatelists to mount stamps over and over again. For this reason, today's collectors have grown accustomed to paying many multiples of Scott value for Extremely Fine stamps in Mint Never-Hinged state. Anyone who has pursued this set can testify that the 50c is rarely encountered in such condition. Apart from the \$2.00 and \$5.00 values, it is more elusive than any other value of the set in superb Mint N.H. condition. This example probably ranks among the ten highest-quality examples in existence.

With 2010 P.S.E. and 2011 P.F. certificates (both XF-Superb 95; SMQ \$8,500.00). Only three grade higher (two at 95J and one at 98) and five others share this desirable grade.

EXTREMELY FINE GEM. THIS STUNNING MINT NEVER-HINGED EXAMPLE OF THE \$2.00 1902 ISSUE IS GRADED XF-SUPERB 95 BY THE P.F. — A PHENOMENAL STAMP IN EVERY RESPECT.

The 1902-03 Regular Issue was a great improvement over the Bureau's first efforts in 1894 and 1895. Perforations tend to be cleaner, and centering better, but the large plate layout and perforating method still resulted in a large number of poorly centered stamps. Collecting practices of hinging stamps into albums and time have left very few superb Mint N.H. examples for today's collectors. This is particularly true for the high \$2.00 and \$5.00 values of this series, which were printed in much smaller quantities than the lower values. This stamp should be considered a true condition rarity.

Ex "Golden Oak". With 2006 P.F. certificate (XF-Superb 95). By way of comparison, P.S.E. has four at this grade, and we have offered only one since 2010. Looking at the centering on the example offered here, we are surprised this did not grade 98, an opinion no doubt shared by others, as this realized \$25,000 hammer in our 2013 "Golden Oak" sale versus SMQ equivalent of \$14,400.00 at the time. .... 2,500.00

There are no Mint N.H. stamps graded above 90 in the P.S.E. Population Report, so collectors who demand superb centering would be well advised to consider this gem. They were made especially for a New York firm to send out advertising samples, similar to the 3c Orangeburg coil. Only a few rolls were sold to the firm, and the remaining rolls were distributed to some of the large post offices across the country. Dealers acquired several rolls, but because most contemporary collectors did not collect coils, many were used and destroyed.

FINE ORIGINAL-GUM PAIR OF THE SCARCE 2-CENT TYPE I VERTICAL COIL, SCOTT 449.

The 2c Type I rotary plate was used very briefly to make vertical coils issued in late 1915. The Bureau noticed this immediately, and quickly replaced it with the Type III plate.

It is difficult to see a watermark on the 15c stamp, so it was generally assumed that no change had taken place with this denomination, and was therefore overlooked by collectors. It was current for only six months.

EXTREMELY FINE GEM. A MAGNIFICENT MINT NEVER-HINGED EXAMPLE OF THE 2-CENT DEEP ROSE TYPE Ia. A TRUE CONDITION RARITY.

The Type Ia Scott 500 was created during an experiment of the Bureau in creating a new type of transfer roll. A die was made from the old Type I transfer roll, having ten impressions on it. A new transfer roll was then made, using the new ten-impression master die. This new transfer roll was then used to create two new plates. Since this is essentially a "lossy" process, there are some noticeable differences between the plates created using this method and the old method of using one die impression to create the transfer roll.

4065

4065°★★ **1893, 10c Red Brown, Red Overprint Error (61B). Mint N.H. with part bottom imprint selvage**, radiant color, well-centered for this difficult issue

VERY FINE. THIS IS THE FINEST OF ONLY TWO MINT NEVER-HINGED SINGLES OF THE 1893 10-CENT RED OVERPRINT ERROR WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS. ONLY ONE SHEET OF FIFTY WAS ISSUED.

Two errors of the 1893 Provisional Government Overprint Issues were made. One sheet of the 10c Red Brown, normally overprinted in black, was overprinted in red (Scott 61B). One sheet of the 6c Green, normally overprinted in red, was overprinted in black (Scott 66C). According to an affidavit by Louis T. Kenake, clerk of the Stamp Division of the Republic of Hawaii, the 10c sheet was issued to the postmaster at Kahuka, Oahu (Meyer-Harris, p. 240). The 6c sheet was purchased by Postmaster Jos. M. Oat and sometime around 1901 most of it was sold to dealer J. H. Makins, probably on behalf of Henry J. Crocker. The San Francisco earthquake is said to have destroyed a number of examples of both the overprint errors.

Ex Ostheimer, Tows and Honolulu Advertiser as a strip of five. This is one of two Mint N.H. stamps from the strip (position 2 was also Mint N.H.). They are the only two Mint N.H. copies we have been able to locate. Raymond Weill purple backstamp on selvage. 1996 P.F. certificate for strip no longer accompanies. ## Shipping & Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale, except for lots marked or announced as “floor sale only.” To expedite billing and delivery to hundreds of buyers in each sale, we use standard charges for postage and insurance under our policy. These charges are based on the package weight and mailing requirements, according to the schedule shown here. Our standard charges do not include a fee for our services, and they may be slightly more or less than the actual postage or Fedex fee. We ask all buyers to remit the invoiced amount for shipping and insurance.

Transit insurance is provided in all cases, except when the buyer has furnished us with documentation that insurance is effective under the buyer’s own policy.

There will be no added insurance charge for shipments of less than \$75,000 value. Shipments valued in excess of \$75,000 may require supplemental insurance and/or special courier service, the estimated cost of which will be furnished to the buyer prior to shipment. If the buyer refuses to pay the estimated charges or furnish proof of self-insured coverage, the buyer will be responsible for picking up the lots at our office and any resulting sales tax.

## Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bids, the increments shown here will be used in most cases. We recommend that written bids conform to these increments—bids that do not will be reduced accordingly.
